Memorandum

To: Montgomery College Students
From: Dr. DeRionne P. Pollard, President
Subject: Student Engagement and Support Services Survey
Date: November 8, 2017

Greetings Montgomery College students!

As you know, students are the purpose of our mission—your learning, your ambitions, and your successes. I am pleased to announce that the College is conducting its very first comprehensive student experience survey throughout the month of November. The objective of the survey is to collect feedback from students on their experiences and help the College focus on the continuous improvement of student support services.

Stantec, Inc., an independent professional services firm, will be administering the survey, collecting the responses, and analyzing the results. The survey link will be sent to your Montgomery College email. Your participation is voluntary and confidential. I encourage you to take a few minutes to complete the survey and provide your thoughts and opinions. The survey's key findings will be used in future planning exercises and will inform decisions about where to invest resources for student success.

Thank you, in advance, for helping to make Montgomery College a more effective place to learn.
