MC
MONTGOMERY COLLEGE

COMMUNITY ENGAGEMENT
The Office of Community Engagement takes Montgomery College beyond the campus and into the community through community engagement centers, partnerships with nonprofits, community events, and grassroots outreach.

Year in Review 2022-2023

Community Engagement successfully participated in many outreach events and educational programs that helped residents of Montgomery County access higher education and workforce development classes.

About Us

As the face of Montgomery College in the community, the Office of Community Engagement empowers students and county residents by raising awareness about the College and helping them enroll at the College. Our staff speak many languages, and we offer translation and interpretation services.

Our staff offers information about enrollment, information sessions, scholarships, and programs at the College.

We offer these services at our community engagement centers and other sites throughout the county. Contact us for more information at the numbers below.

11,192 prospective students served at **261 outreach events**

36 workshops serving 1,312 students

62 workforce development scholarships awarded
