Overall GPA of 2.0 is required to graduate

‡ **Program electives:** Although this degree is designed to be completed in 60 credits, there are some scenarios that could result in more than 60 credits being earned. For example, if a student wishes to take two four-credit electives, they would have a total of 62 credits; if they choose one four credit and one 3 credit elective they would have 61. If the student selects two 3-credit classes-or-one 4-credit and one 2-credit then they would earn a total of exactly 60 credits. Please see an advisor in the Graphic Design program. Choose from the following with a minimum total of 6 credits for the two selections:
