AA and AS curricula require at least one course with global and cultural perspectives designation [GCP].

Foundation Courses:

- **English Foundation (ENGF) / (GEEL) (3 credits):** Choose one course from:
ENGL 102 Critical Reading, Writing, and Research or ENGL 103 Critical Reading, Writing and Research in the Workplace. All students must complete ENGL 101/011 Introduction to College Writing as a College prerequisite for ENGL 102 or 103 unless eligible for placement into ENGL 102 or 103 through transfer credit, AP scores, SAT/ACT scores, or Accuplacer scores and College English department permission. To comply with Maryland state requirements for English Foundation (ENGF), ENGL 102 and ENGL 103 must be completed with a final grade of C or better for a student to graduate with an associate's degree.
- **Mathematics Foundation (MATF) / (GEEL) (3-4 credits):** Choose one according to desired major(s): **MATH 117 Statistics, MATH 120 Survey of College Mathematics, MATH 130† Elements of Math I, MATH 150 Applied Calculus, MATH 165 Precalculus, MATH 170 Calculus for Life Sciences I, or MATH 181 Calculus I.**
 † MATH 130, Elements of Math I is required for the associate of arts in teaching. Many transfer institutions will not accept MATH 130 as a General Education math course if an AAT is not completed.

General Education Institutional Requirements (GEIR) / (GEEL):

AA programs require two courses or six credits of General Education Institutional Requirements. Some AA programs may specify which courses are appropriate for the GEIR; for example, the business AA requires a COMM as one GEIR. Choose courses from two of three categories: COMM, HLTH, or ARTD/HUMD. Students may not select two COMM, two HLTH, or two ARTD/HUMD courses to meet their GEIR. Check the [catalog](#) to find your degree plan.

- One COMM course from the General Education list: COMM 108 or COMM 112
- One HLTH course from the General Education list: HLTH 105, 121, 125, 131, 150, 160, 170 [GCP], 200 [GCP], 212, 215 [GCP], 225
- One ARTD (Arts) or HUMD (Humanities) course from the General Education list (see selections on following page).

General Education Electives (GEEL):

Three credits (AS programs) / 4-6 credits (AAS programs). All AS and AAS programs include an open elective option designated as GEEL. Any General Education course not used for a different requirement will fulfill this requirement. Students should check their degree programs for any specific requirements for GEEL course selection; students should also seek guidance from counselors about how individual courses may transfer before selecting courses for this requirement.

Students should contact a counselor, their program advisor, and the transfer institution to determine required General Education courses for their degree and transferability to USM, out-of-state, or private institutions. Students with questions about the General Education appeal process, email GenEd@montgomerycollege.edu.

These General Education (Gen Ed) courses will transfer toward degree completion within the University System of Maryland (USM). Completing a degree at MC ensures Gen Ed transfers as a package to all institutions within USM. Courses in ***bold/italics*** are recommended for anyone undecided about a transfer destination if it is out-of-state or a private institution. Visit montgomerycollege.edu/transfer to view transfer agreements with specific Gen Ed requirements for select institutions/programs. Courses with [GCP] meet the Global and Cultural Perspectives requirement.
