The Associate of Arts degree program in American Sign Language is a transfer-degree program designed for students who plan to enter fields in which they would work with Deaf people on a daily basis. The program fosters the acquisition of the language and culture of the Deaf in the United States and Canada. Following the national standards established by the American Council on the Teaching of Foreign Languages, the program focuses on communication through the study of semantics, syntax, pragmatics, and cultures. Following program completion, students would transfer to a four-year degree program majoring in American sign language, Deaf studies, Deaf education, interpreter education, or social work.
