

MONTGOMERY COLLEGE  
Department of Biology  
Rockville Campus

Interview Date: _____
Interviewer _____
Work Status: CWS SA

STUDENT ASSISTANT APPLICATION FORM

**You May Have To Go To Financial Aid To Determine Your Work Status**

Requirements/Job Description:

We are looking primarily for science majors who have taken at least one biology course, preferably BI 107, and one chemistry course. The student should have a cumulative GPA of at least 2.5. The student should have good English skills and a strong desire to work. There may be some time for study on the job but not much.

The job may entail any of the following: cleaning and washing of glassware, lab benches, etc.; setting-up/breaking-down lab exercises; making chemical solutions; making microbiological media; handling preserved animals; caring for live animals (gerbils, toads, salamanders, etc.); answering phones, xeroxing, etc.; working in greenhouse.
