

STUDENT PERSPECTIVES

"It's really a great program...We became familiar with many faculty, which will be helpful down the line. There was a lot of information provided that I would never have taken the time to find out."

"It really prepares you for college and gives a lot of valuable information."

"This program lets you know about things that you are not exposed to in high school."

"This program was very helpful to me, and the things I learned here will make big differences in my life."

"I really enjoyed this program and all the professors who taught us..."

"I was scared that I wasn't going to do well in college. However, now that I came to this program, I am confident that I will do very well."
