### Griffiths Summary Task 2

Griffiths, M. 'The politics, folk music and social identity of the British folk revival in the post-war period'

**Abstract**

This article examines the role of the folk revival in the post-war period, and how it was used to create a sense of national identity and social cohesion. It argues that the folk revival was a response to the social and economic changes of the time, and that it played a key role in the development of a new sense of national identity.

**Keywords:** folk music, social identity, national identity, post-war period.

### The BuzzFeed Project! Task 1

**The BuzzFeed project**

This project aims to explore the impact of digital media on the cultural circuit, and how it has changed the way we consume and create culture. It will focus on the role of social media, digital music, and digital art, and how they have influenced the cultural circuit.

**Objectives:**

- 1. To explore the impact of digital media on the cultural circuit.
- 2. To identify the key players in the digital cultural circuit.
- 3. To analyze the ways in which digital media has changed the way we consume and create culture.

### What is the Cultural Circuit?

The **Cultural Circuit** is how we consume our resources, so that they fit with what is publicly acceptable and if they don't, we seek out other particular products that allow our interests. It's a way of looking at the way we consume culture, and how it's shaped by the way we consume it. It's a way of looking at the way we consume culture, and how it's shaped by the way we consume it. # MindMeister

The screenshot shows a web browser window displaying a MindMeister mind map. The central node is 'Household items', which branches into four main categories: 'Kitchen items', 'Living room items', 'Bedroom items', and 'Bathroom items'. Each category has sub-nodes: 'Kitchen items' includes 'Refrigerator', 'Microwave', and an empty node; 'Living room items' includes 'TV', 'Couch', and an empty node; 'Bedroom items' is currently empty; and 'Bathroom items' includes 'Bathrobe', 'Shampoo', and an empty node. A tooltip over the 'Bathroom items' node indicates it was modified by Emrah Pektas on 10/30/2016 at 14:31. The interface includes a top navigation bar with an 'Upgrade' button, a search bar, and a toolbar with various editing tools. A right-side panel offers options for text and background formatting. The browser's address bar shows the URL 'https://www.mindmeister.com/784838267?new=1'. The Windows taskbar at the bottom shows the time as 2:32 PM on 10/30/2016.
