

Montgomery College

Emergency Medical Technician—Basic

Summer 2008 Program

Are you interested in responding to emergencies that require urgent medical attention? As an EMT-Basic you will be trained to assess the emergency, provide patient care that can save a life, and transport the patient to the hospital. You will learn how to respond quickly to high-level emergencies such as heart attacks, motor vehicle accidents, and other life-threatening injuries and illnesses.

Are YOU up to the challenge? Be part of our next class:

PM101

(previously listed as FS151, FS152, FS153)

Days/Times/Dates

Monday/Tuesday/Wednesday/Thursday, 1800—2100

May 27 — August 20

Course description: Covers the minimum level of certification for ambulance personnel and is a prerequisite for admission into the Paramedic curriculum. Students learn to properly perform the various skills utilized by emergency medical technician level pre-hospital care providers in the care of sick or injured persons. This course prepares the student for the Maryland and National Registry EMT certification written and practical examinations and follows the guidelines established for EMT training by the DOT / NHTSA national standard curriculum. Four hours lecture, nine hours laboratory each week. 7 credits

Note: additional time outside of class is required in order to complete course requirements.

Classes are held at the Montgomery County Fire/Rescue Training Academy in Rockville

Apply and Register online at www.montgomerycollege.edu

Visit our website at: www.montgomerycollege.edu/firescience

Space is limited so register early.

Requirements: Assessment levels: EN101/101A, MA091, RD120, or consent of department. All students must maintain a 70 percent average and can score no lower than 60 percent on any of the assessments. Failure to maintain a 70 percent average will result in the student being dropped from the program. Because of national and state requirements, all classes have mandatory attendance. Students must also provide criminal background check and proof of negative TB test.
