

REBUILDING TOGETHER MONTGOMERY COUNTY

Rebuilding Together Montgomery County is a non-profit organization that repairs the homes of low-income elderly, disabled and family with children.

The **STUDENT CONSTRUCTION ASSOCIATION** can help. We have the opportunity to change the life of a family in our community that needs help.

The average income of the recipients of Rebuilding Together last year was a little over \$15,000 for a household of two. Imagine trying to pay for food, medical expenses, property taxes and other necessary expenses and having anything left over for home repair. With this level of income it is impossible.

The SCA has received partial monies to sponsor a house this year. We still need to raise \$500 to reach our sponsorship goal.

In the meantime we need two individuals to fill the positions of both **Co-Captain** and **Assistant House Ambassador**.

The next meeting is scheduled for 24th February 2007. If you are interested and would like to volunteer, please contact us for more information check out their website at:
