

# GREEN ENERGY and SUSTAINABILITY MANAGEMENT

## courses now offered at Montgomery College

“Green Energy” is a hot topic and a “buzzword”, but what is really meant by the term “Green”?

Montgomery College, Workforce Development & Continuing Education (WD&CE) will offer courses on Green Energy and Sustainability Management to the general public beginning in the fall 2009 semester. The courses will be offered through a partnership with the Green Building Institute, a non-profit organization committed to fostering sustainable building practices through education.

Courses will be offered regularly at the Gaithersburg Business Training Center and Germantown Campus. Check our website at [www.montgomerycollege.edu/wdce/management.html](http://www.montgomerycollege.edu/wdce/management.html) each semester for new classes in the up-county area.

### Clean and Renewable Energy for Your Home and Business

Come and learn from the experts who will present an exciting range of renewable energy options for your home or business. Geothermal, solar thermal, photo voltaic, and wind power experts will discuss how these clean energies can lower your energy bills and reduce green house gas emissions.

**Course: MGT299      2 Hours      1 Session**

\$35 + \$20 fee = \$55; Non-MD residents add \$50

#### Gaithersburg Business Training Center

CRN#: 25517      10/8  
Thursday      7 p.m.–9 p.m.

#### Germantown Campus (HS175)

CRN#: 25518      11/12  
Thursday      7 p.m.–9 p.m.

### Intro to Going Green

What does it mean to be “green”? What is green economy and how do we build a sustainable future? Be part of an exciting presentation and dialogue with one of the nation’s leading practitioners of green buildings. This stimulating presentation will offer a regenerative approach to building design and a practical pathway to creating a green economy.
