

Green Business Certification

Montgomery College is pleased to partner with the Montgomery County Department of Environmental Protection and the Montgomery County Chamber of Commerce to provide Green Business Certification Courses. These courses can put you on the road to get certified in Montgomery County's **NEW** Green Business Certification Program.

Montgomery County Green Business Certification Program: Crash Course on How to Become a Green Certified Business

Position your company to be among the first to get certified in Montgomery County's new Green Business Certification Program, a voluntary program designed to help businesses go above and beyond basic green measures to reduce ecological footprint. This course will focus on the fundamentals associated with implementation of day to day business operations and policies covering: Organizational Commitment; Waste Reduction and Recycling; Environmentally Responsible Purchasing; Energy Efficiency and Renewable Energy; Efficient Runoff Management and Water Use; Pollution Prevention; Transportation and Travel. The course will also outline green business opportunities, benefits, and strategies for leading environmental change within your organization. Visit www.montgomerycountychamber.com to register

Course: MGT323 3 Hours 1 Session
Registration: \$55

New Courses for Fall 2010!!!

Introduction To Environmental and Social Sustainability

Learn basic concepts and frameworks of sustainability and gain a solid understanding of how sustainability works, why it is important, and how to use sustainability as a lens for good business strategy. Participate in weekly online classes, with reading and writing assignments between class meetings. Topics include creating a sustainability plan, employee engagement, energy and climate change, and sustainability reporting and communication. Headset with microphone are required for class. Tuition waiver applies; seniors pay fee only.

Course: MGT348 24 Hours 12 Session
\$299 + \$200 fee = \$499; Non-MD residents add \$255

Distance Learning

CRN: 25930 9/22–12/15 Wednesday 3–5 p.m.

CRN: 25931 9/27–12/13 Monday 7–9 p.m.

Introduction To Green Careers

"Green Jobs" are a hot topic right now. But what is a "Green Job"? This course will provide definitions of green jobs and introduce participants to potential green career paths. Topics covered include "hot" green careers, creating a green career (as opposed to having a green job), and positioning yourself to stand out from the many applicants for a green position. The course is suited for career changers as well as recent graduates and will also provide resources to help participants with the green career search.

Course: MGT349 2 Hours 1 Session
\$35 + \$20 fee = \$55; Non-MD residents add \$50

Bethesda Green

4825 Cordell Ave., Suite 200, Bethesda, MD 20814
CRN: 25932 10/14 Thursday 8–10 a.m.

Green Collar Jobs

Have you wondered what a "green collar job" is and how you can gain the skills to obtain one? This course will review career paths for more technical and vocational "green" jobs, discuss training options, and review training programs and resources relevant to those career paths. The information provided in this course will enable participants to better navigate the world of green collar jobs and determine what career path may be most suitable for them.

Course: MGT350 2 Hours 1 Session
\$35 + \$20 fee = \$55; Non-MD residents add \$50

Bethesda Green

4825 Cordell Ave., Suite 200, Bethesda, MD 20814
CRN: 25933 10/21 Thursday 8–10 a.m.
