**“Children are the world’s most valuable resource
and its best hope for the future”**

-John Fitzgerald Kennedy

National Child Development Associate (CDA) Credential

Our classes meet the National Child Development Associate (CDA) Credential 120-hour training requirements. WD&CE classes also satisfy the 4.5 Continuing Education Unit requirements for the CDA Credential Renewal. For information about the CDA credential, contact www.cdacouncil.org.

Maryland State Child Care Regulation Training Requirements

WD&CE classes fulfill the Maryland State Department of Education, Office of Credentialing requirements preparing individuals to work in group child care settings. For more information, go to www.marylandpublicschools.org/MSDE/Divisions/Child_Care/Licensing_Branch/Licensing_Office_Mont.html

Challenge Level:

- I Beginning-Intermediate**
- II Intermediate**
- III Intermediate-Advanced**
- IV Advanced**
- V Multi-level, Senior**

A new series of classes that provide teachers with **GREEN** ideas to use in the classroom.

Learn about organic living, cooking lean and **GREEN**, and how to **GO GREEN** by recycling, reusing, and repurposing.

Start teaching children how to live a **GREEN** and healthy lifestyle.

Mandatory Orientation for WD&CE Early Childhood Education 45 hour classes

All students planning to enroll in any of the 45 hour child development classes listed below will need to attend an orientation session in order to fully understand the expectations of these courses.

- **Child Growth and Development (ECH205)**
- **Planning Curricula for Child Care (ECH207)**
Prerequisite: Child Growth and Development
- **Infant and Toddler Development and Curriculum Planning (ECH208)**
Prerequisite: Child Growth and Development

Location of Orientation:

Gaithersburg Business Training Center
12 South Summit, 4th Floor
Gaithersburg, MD 20877

Dates of Orientation

Tuesday, August 4, 2009 6–7 p.m.
Room 401

Tuesday, August 11, 2009 6–7 p.m.
Room 404

Friday, August 14, 2009 10–11 a.m.
Room 401

Please register for attendance at one of these mandatory sessions by e-mailing tracy.singleton@montgomerycollege.edu.

Special pricing is available for **new Family Child Care Provider Training.**

Applications will be accepted August 3 to October 16

For information e-mail nelida.andres@montgomerycollege.edu.

Child Development

NEW! Child Growth and Development

Learn the principles of child growth and development necessary for working in programs that serve children from infancy through age five. Social, emotional, physical, and intellectual development of young children and the implications of these areas of growth and development on group care are emphasized. This class provides 45 of the 90 classroom hours needed to become a teacher in programs licensed by the MSDE Office of Child Care Credentialing. Levels I–V (4.5 CEUs) Space is limited, so register early. **You must attend a mandatory orientation to register for this class.**

Tuition waiver applies; seniors pay fee only.

Course: ECH205 45 Hours

\$225 + \$125 fee = \$350; Non-Md. residents add \$160

NEW! Individualized Children's Portfolio Development: Learn to Observe and Document Behaviors

Researchers and educators have identified the need to assess baseline information about children's abilities and individual developmental levels in order to plan useful classroom activities. When this information is attained, teachers can plan to address and design lessons that support each child's emerging skills. During recent years, the value of developing individualized child portfolios has become a popular and valuable strategy for documenting and measuring achievement toward learning goals. This class presents formats and methods for developing these portfolios and sharing the information with families. Levels I-III (0.7 CEUs: 3 hours Child Dev., 4 hours Comm.) Tuition waiver applies; seniors pay fee only.

Course: ECH180 7 Hours

\$60 + \$20 fee = \$80; Non-Md. residents add \$50

NEW! Montessori: Practical Life Skills

Examine why practical life exercises are the foundation of the Montessori classroom. Specific life skills activities and activities goals will be presented. You will have the opportunity to practice these life skill exercises. Levels II-V (0.3 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH211 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

NEW! Montessori: Using Phonics

The Montessori Method uses a tactile, kinesthetic approach to phonetics that makes it possible for children to learn to "sound out" words at a very early age. Children will gain the ability to read longer phonetic words, non-phonetic words, and sentences, as they gain mastery at foundational developmental levels. In this session, emphasis is placed upon the Montessori way of introducing phonics to pre-readers. Levels II-V (0.3 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH210 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

NEW! Montessori: Teaching Math Concepts

Using the Montessori Method, children work hands-on with learning materials that make abstract concepts become clear and concrete. In this session, emphasis is placed on Montessori's method of introducing Pre-Kindergarten number concepts, including values, addition and subtraction, decimals, and value placement. You will actively participate in learning how to create activities and play math games using common daily life items found in our homes and classrooms. Levels II-V (0.3 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH209 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

Community

Creating a Peaceful Classroom

This class will focus on communication and guidance strategies where two-way dialogue leads to positive involvement and more peaceful interactions. Learn about relaxation techniques and activities that help create a peaceful and cooperative classroom community. Levels II-V (0.3 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH178 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

Everybody Plays, Everybody Wins: Gross Motor Skills

Learn noncompetitive gross motor games and activities that build physical strength and awareness, language skills, release energy, and support peer cooperation. Levels I–V (0.3 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH176 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

Green Beans: A Teachers Guide to Going Green

Going Green and eating healthy organic foods has never been easier. Organic produce is a healthy alternative for adults, and even more crucial for children. How can teachers introduce organic living to the children in our care? This class will provide ideas for “going green.” It is important to begin to introduce elements of green living gradually within the classroom activities and then to continue these themes on an ongoing scaffolded basis. Organic living options are all around us, from clothing made from organic materials, to green home renovations. Start introducing “green” into your classroom’s lifestyle. Levels I-III (0.3 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH215 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

NEW! Green Beans: From Pulp to Paper

Investigate the value of paper and its cost to our environment. The main focus of this class is to explore paper recycling. Most used paper is thrown away in landfills or is burned. If we recycle paper, we save the landfill space and use these valuable wood fibers again. An alternative to discarding old newspaper, office paper, or unwanted wrapping paper is to turn it into a piece of art by making new paper with it. Levels I-III (0.3 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH216 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

NEW! Green Beans: Recycle, Reuse, and Repurpose

Explore ways to cut down on materials that we use and discard. Discuss consumer goods and their disposability. Examine our roles as consumers; how to think through our purchases, evaluate the quality of items we purchase, consider repairing rather than replacing items, and ultimately contributing less junk to the county landfills. Reusing means that something old could be used again. It may not be used in the previous way, but with ingenuity the item may contribute to a new and valuable use. Brainstorm reusing materials and create a comprehensive list of possibilities. Levels I-III (0.2 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH213 2 Hours

\$30 + \$15 fee = \$45; Non-Md. residents add \$30

NEW! Sid The Science Kid®

Rediscover your sense of wonder with Sid the Science Kid®. Through discussion, video presentations, and hands-on activities, you will learn how preschoolers can learn to think and act like scientists and how you can help explore concrete strategies that will help children develop confidence in themselves as explorers and learners.

Course: ECH218 3 Hours

\$10 + \$5 fee = \$15; Non-Md. residents add \$30

Curriculum

Everyday Science for the Inquiring Young Mind

This is for all staff who don't know the answers but want to know how to ask the questions! You will explore the process of scientific inquiry. This workshop will provide teachers with the tools and practice to integrate scientific inquiry into all areas of the classroom. Level 1 (0.3 CEUs)

Course: ECH018 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

How to Design the Early Childhood Learning Environment and Daily Activity Schedule

Young children respond to their environment. A thoughtful arrangement of the physical environment and daily schedule can assist the children in transitioning through their day successfully and calmly. Children are secure when there is a planned and predictable routine to move through each day. This class provides practical direction to implementing a developmentally appropriate setting that nurtures cognitive and social growth for young children in center-based early learning settings. Levels I-II (0.3 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH183 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

Infant and Toddler Development and Curriculum Planning

Learn the theory and practice of caring for infants and toddlers in a group setting. Topics include significance of the early years; learning and development in infants and toddlers; appropriate activities and interactions; and the health, safety, and nutritional needs of infants and toddlers. Completion of this course meets the Maryland state requirement for the position of an infant/toddler teacher in a child care center. Required textbook(s) available at the Rockville Campus Bookstore. *Prerequisite: Students must complete Child Growth and Development prior to registering for this course.* **You must attend a mandatory orientation to register for this class.** Levels I–V. (4.5 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH208 45 Hours

\$225 + \$125 fee = \$350; Non-Md. residents add \$160

Maryland Model for School Readiness (MMSR) Domain Training

The Maryland Model for School Readiness (MMSR) is a training series developed by the Maryland State Department of Education (MSDE). Training is designed for child care providers who are interested in improving the quality of their child care/early education setting. The training focuses on techniques for observing and documenting individual children's progress in major learning domains, specifically, personal and social development, language and literacy, mathematical and scientific thinking, social studies, arts, and physical development. The Pearson Work Sampling System will be used as the framework for collecting and sharing relevant information about children with their parents. This class assists teachers to truly know their classroom children and plan meaningful, developmentally appropriate learning opportunities on a daily basis. Core of Knowledge—Multiple (5.4 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH190 54 Hours

\$200 + \$70 fee = \$270; Non-Md. residents add \$140

Nurturing the Artistic Baby

Young children are stimulated by new sounds, sights, scents, and touch, and their artistic development should include experiences with a wide variety of tactile media. This course examines the value of multi-media in the growth and development of the very youngest children. Learn how to introduce infants and toddlers to special activities involving their senses. Levels I-III (0.4 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH194 4 Hours

\$40 + \$25 fee = \$65; Non-Md. residents add \$50

NEW! Planning Curricula for Child Care

This course provides you with principles of curriculum planning for programs serving children from infancy through age five. Activities, methods, and materials appropriate to the areas of curriculum in an early childhood program are emphasized. Attention is given to staff and parent communication and community resources. This course provides 45 of the 90 classroom hours needed to become a teacher in programs licensed by the MSCE Office of Child Care Credentialing. *Prerequisite: Students must complete Child Growth and Development prior to registering for this course.* **You must attend a mandatory orientation to register for this class.** Levels II–V (4.5 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH207 45 Hours

\$225 + \$125 fee = \$350; Non-Md. residents add \$160

NEW! Resolving Conflicts with Young Children

What challenging situations arise regularly among preschool children in your care? How can we assist children in their choices and actions of behavior? This class will teach you how to apply strategies to guide children through the process of articulating feelings and needs, and support development of their problem solving skills. Strategies implemented will enable children to maintain their self-esteem and will create an atmosphere of promoting cooperation. Tuition waiver applies; seniors pay fee only.

Course: ECH217 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

Rainy Day Fun with Little Ones

It's been raining for days and the children have had too much "inside time." How can you help them expend the pent up energy they have? Make a tent, make an obstacle course, make a mobile, play hide and seek...just do something, fast, before the lid blows! This class provides teachers with a "magic box" just for rainy days. Levels I-II (.3 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH148 3 Hours

\$40 + \$18 fee = \$58; Non-Md. residents add \$50

The Six Core Strengths All Kids Need to Succeed

Learn the six core strengths children need to develop in order to live peacefully—and what adults can do to develop those strengths in children. Based on the work of Dr. Bruce Perry, an internationally recognized authority on children in crisis. All levels. (0.6 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH192 6 Hours

\$45 + \$30 fee = \$75; Non-Md. residents add \$50

Health, Safety, and Nutrition

Emergency Preparedness Training

This course provides information about handling emergency situations beyond the everyday bumps and bruises that occur in child care settings. The class focuses on development of a comprehensive and specific written emergency plan to follow in the event of a local, state, or national emergency. This plan may be developed for center-based care settings, family child care homes, and informal provider programs. The course includes an “emergency backpack,” which includes materials, procedures, and local and national contact information for all participants. With young children’s lives at stake, all care providers have the responsibility to be prepared. (0.6 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH172 6 Hours

\$0 + \$15 fee = \$15; Non-Md. residents add \$30

NEW! Green Beans: Eating Lean and Green

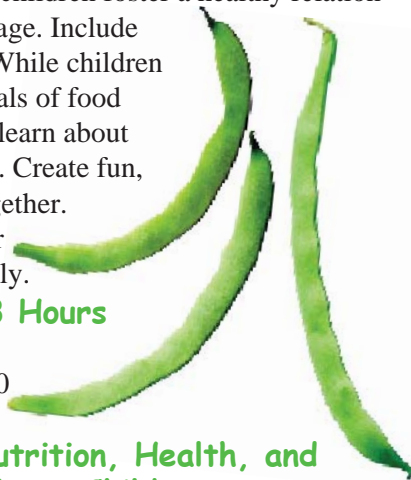

Investigate the many ways to integrate a healthy and nutritious lifestyle within and throughout daily classroom activities. It’s important to help children foster a healthy relationship with food at an early age. Include kids in meal preparation. While children learn about the fundamentals of food preparation, they can also learn about the produce they are using. Create fun, unique, organic snacks together.

Levels I-III Tuition waiver applies; seniors pay fee only.

Course: ECH214 3 Hours

\$40 + \$18 fee = \$58;

Non-Md. residents add \$50

Identifying Basic Nutrition, Health, and Safety Needs for Young Children

Preschool children have specific nutritional and physical needs. They are active most of their day. Learn about the best practices in the field of early education regarding what foods to serve young children, and how to plan for safe activities that promote positive health, hygiene, and physical development. Levels I-IV (0.6 CEUs) Tuition waiver applies; seniors pay fee only.

Course: ECH181 6 Hours

\$55 + \$20 fee = \$75; Non-Md. residents add \$50

Professionalism

Communication Skills for Child Care Professionals

- This course is designed for child care professionals as an introduction to the basic concepts of developing strong communication skills when working in a child care center.
- Topics include speaking, writing, interpersonal communication strategies, and critical techniques, with a focus on communication with parents and coworkers, and communication issues within a typical child care day. Levels I-III (0.9 CEUs)
- Tuition waiver applies; seniors pay fee only.

Course: ECH170 9 Hours

\$60 + \$40 fee = \$100; Non-Md. residents add \$120

Educación Preescolar

Desarrollo Infantil

Crecimiento y Desarrollo Infantil

- Aprenda los principios de desarrollo y crecimiento infantil necesarios para trabajar en centros escolares con niños de 0 a 5 años. Se enfatizará el desarrollo social, físico, emocional e intelectual de estos niños en programas de cuidado infantil. Este curso provee 45 de las 90 horas requeridas para trabajar como profesora en centros de guardería. Se necesitará un libro de texto. Niveles I-V. (4.5 CEUs.) Las personas mayores de 60 años no pagan la matrícula, solo el derecho de admisión.

Course: ECS023 45 Hours

\$230 + \$70 fee = \$300; Non-Md. residents add \$160

Comunidad

Aprendiendo con Amor

- Aprenda cuan importante es considerar las experiencias centradas en las emociones de los niños antes de entrar en el campo de la educación tanto preescolar como primaria. Esta clase describe las maneras por medio de las cuales los maestros puedan considerar el aprendizaje emocional como base en la capacidad temprana de leer y escribir y otras actividades preacadémicas. Esta clase explora la emoción como la base de la formación del significado y formación de la memoria. Niveles I-V. (0.3 CEUs)

Course: ECS005 3 Hours

\$36 + \$18 fee = \$54; Non-Md. residents add \$50

Salud, seguridad, nutrición

Divertirse a la Hora de Comer—La Importancia de Compartir este Momento con los Niños

Los niños pequeños necesitan comer meriendas y comidas nutritivas con frecuencia para mantenerse sanos y felices. Aprenda cómo crear momentos agradables durante las comidas manteniendo una conversación animada y enseñándoles conceptos nuevos. Niveles I-V. (0.3 CEUs)

Course: ECS010 3 Hours

\$36 + \$18 fee = \$54; Non-Md. residents add \$50

Necesidades Especiales

Necesidades Especiales / Niños Especiales II

Obtenga una visión general de las etapas típicas y atípicas del desarrollo del niño y aprenda a como identificarlas. Estudie la importancia de una intervención a edades tempranas y la forma de recomendar evaluaciones adicionales para los niños. Niveles I-V. (0.6 CEUs.) Las personas mayores de 60 años no pagan la matrícula, solo el derecho de admisión.

Course: ECS015 6 Hours

\$55 + \$20 fee = \$75; Non-Md. residents add \$50

Curriculo

Haz las ciencias divertidas

Esta clase está enfocada a la enseñanza de ciencias de una manera muy práctica y divertida. Los niños aprenden más rápido tocando, oliendo, construyendo y observando. Aprenda como enseñarles ciencias naturales usando ejercicios prácticos y experimentos. Niveles II-V (0.6 CEUs)

Course: ECS021 6 Hours

\$45 + \$30 fee = \$75; Non-Md. residents add \$50

Organización y actividades diarias

El entorno y las actividades diarias bien organizados fomentan el crecimiento cognitivo y social de los niños. Los pequeños se sienten seguros cuando existe una rutina diaria. Este taller le orientará en el desarrollo e implementación de un entorno y actividades para que pueda aplicarlos a su clase. Niveles I-II (0.3 CEUs) Las personas mayores de 60 años no pagan la matrícula, solo el derecho de admisión.

Course: ECS045 3 Hours

\$36 + \$18 fee = \$54; Non-Md. residents add \$50

Planificación de currículos para centros de cuidado infantil

Aprenda los principios para la planificación de currículos para guarderías de niños de 0 a 5 años. Se hará énfasis en los métodos, actividades y materiales apropiados para las diferentes áreas del currículo de cuidado infantil. Se dará una especial atención al área de comunicación entre proveedores y padres, así como se enseñará a utilizar diferentes recursos comunitarios. **Este curso provee 45 de las 90 horas requeridas para trabajar como profesora en centros de guardería.** *Requisito: Crecimiento y desarrollo infantil.* Niveles II-V (4.5 CEUs).

Course: ECS027 45 Hours

\$230 + \$70 fee = \$300; Non-Md. residents add \$160

Profesionalidad

Técnicas de comunicación

Este curso es una introducción a los conceptos básicos de la comunicación. El tema a cubrir es la comunicación oral y escrita con padres y compañeros que toma lugar en el día a día de los centros de educación infantil. (0.9 CEUs) Las personas mayores de 60 años no pagan la matrícula, solo el derecho de admisión.

Course: ECS042 9 Hours

\$60 + \$40 fee = \$100; Non-Md. residents add \$120

ON-SITE TRAINING!

We can bring the training that you need right to you.

We will:

- Analyze your training needs
- Design a training program that addresses your unique requirements
- Provide faculty who are subject matter experts with industry experience
- Offer ongoing support throughout the training program
- Follow up with comprehensive reviews and assessments

Contact our Early Childhood Education office to arrange for training at your location.
