	<p>Take-home quiz is posted and due on Thursday!! Complete as much of the review materials as possible before Thursday. Be ready with questions!! Test #2 on Tuesday, April 5th!</p>
03.24.2011	<p>The building's fire alarm went off after 10:00 AM this morning, so the 9:30 class did not complete all of the following: Quiz #6. Completed section 7.4 warm-up, 7.4 outline and problems 1, 2, 4, 5 from the worksheet for 7.4. Since the 9:30 class lost some class time and all the materials have not been completed in the 11:00 class, Test #2 will be moved from Thursday, March 31st to Tuesday, April 5th. This should allow us to complete the outlines and worksheets on Tuesday, March 29th and have Thursday, March 31st for review. Check your email for solutions to the outline and worksheets to section 7.4. Many students asked about a quiz next week. I am not planning an in-class quiz. I will prepare a take-home quiz soon to be due on Thursday, March 31st. I will email and post this document.</p>
03.22.2011	<p>Completed the outline and worksheet for section 7.3. Don't forget about the quiz on Thursday!!</p>
03.10.2011	<p>Completed the outline for section 7.2 (9:30 class also completed the worksheet.) Next quiz on Thursday, March 24th(section 7.2). Look for a practice quiz by Tuesday, March 22nd.</p>
03.08.2011	<p>Completed the remainder of the outline and worksheet for section 5.3.</p>
03.03.2011	<p>Completed the warm-up (with lego blocks) for section 5.3. Filled in the table and set up the inequalities (constraints) and objective function for the problem in the outline in section 5.3 and the problem in the worksheet for section 5.3. Quiz on Tuesday – section 5.2 – practice quiz is posted.</p>
03.01.2011	<p>Returned test #1 and grade reports. Completed part 8 of the outline for section 5.1. Completed the outline and worksheet for section 5.2.</p>
