

7. Use compensation to compute  $33 \times 28$ .

8. Use the rounding strategy to estimate:

A.  $4364 \times 38$

B.  $56 \div 23$

9. Use compatible numbers to estimate the following:

A.  $87 + 45 + 37 + 22 + 98 + 51$

B.  $2,158 \div 47$

10. Use the front-end estimation to estimate  $2,671 + 1,522 + 2,218$ .
