Cultivating a Sense of Belonging for all at MC

PANEL DISCUSSION

The Office of Equity and Inclusion will host our **2023 Fall Equity Dialogue: "Cultivating a Sense of Belonging for All at MC"**.

Our dialogue will include discussion panels on both dates. Our keynote speaker will be **Dr. Rachel-Yvonne Talton** (Synergy). We will focus on identifying and discussing the meaning of belonging, ways to foster and cultivate a climate and culture of true belonging, and how each of us can contribute to making MC a place where all people feel welcomed, that they matter, and that they are supported to unlock their full potential and thrive.

We hope you will join us in conversation and dialogue for both of these events.

Students and Community Members: Register through this form for both in-person or virtual attendance.

RSVP:
