6. REPORTS

A. President’s Report

Dr. Pollard provided brief remarks on her report and noted that the Board accepted the College’s Middle States Periodic Review and Compliance Reports in February. She noted that her report talked about accountability and that accrediting commissions are looking for clear outcomes assessment and financial viability. She noted that every interaction with the Middle States Commission is treated as an accreditation event. She noted the importance of the standards of accountability on institutional effectiveness and assessment. Dr. Pollard noted that the College must be able to demonstrate student learning outcomes and accreditation events will become more stringent in the future.

Trustees’ comments and concerns focused on trends, financial stability, student outcomes, organizational structure, institutional learning outcomes, alignment, measuring institutional effectiveness, connecting, and relevancy. Dr. Pollard noted that Middle States’ standards and expectations compel the College to look at some very important elements, such as the College’s chart of accounts to establish the cost of a specific program.

Dr. Pollard noted that accrediting bodies are receiving their guidance and direction from the federal government.

B. Chair’s Report

Trustee Felton reported that Trustee Information Day was held at the Germantown Campus last Thursday when Trustees Kaufman, Smith, Hoffman, Knapp, and Wu attended. Trustee Felton noted that they had an opportunity to observe some wonderful things on the campus, and he thanked the Trustees who attended and Dr. Rai and his team for hosting.

Trustee Felton reported that the College is in its advocacy season. He thanked the Trustees who accompanied Dr. Pollard to attend one-on-one sessions with councilmembers last week. He noted that hearings on the budget with the County Council would be held on April 9 and that Trustee Kaufman, along with faculty, staff, students, and alumni, will testify on behalf of the College’s FY14 budget.

Trustee Felton announced recent honors for Dr. Pollard that included Washington Business Journal 2013 Minority Business Leader Award, and one of the Daily Record’s 2013 Influential Marylanders. He noted that some of the Trustees and staff were able to join Dr. Pollard at these events and were very proud of her.
C. Committee Reports

Pinkney Park Committee

Trustee Smith reported that her trustee colleagues on the committee are Kenneth Hoffman and Benjamin Wu. In addition to Dr. Pollard, resource staff consist of Dr. Cain, Ms. Jones, Dr. Rai, Mr. Sears, and Mr. Sorrell. Trustee Smith reported that the committee met in March and discussed progress in the Hercules Pinkney Life Sciences Park. The construction efforts for the first tenant, the Germantown Holy Cross Hospital, are coming along impressively. The hospital is on track to open in 2014 and the College will be conducting a national search for an executive director of the Park soon. Trustee Smith reported that she was very excited to learn more about the progress of the new Life Sciences Park Foundation board, which has been assembled and held its first meeting in January. The committee will need to establish a liaison with the board in the same way as the Montgomery College Foundation board. Finally, the committee will have an opportunity to meet the new board on June 10, when there will be a joint board meeting and members discussed the agenda for that meeting. It will include an update on construction, an update on the executive director search, a current financial report, and FY14 goals for the foundation and park.

Academic and Student Support Committee

Trustee Blackwell reported that trustee colleagues on the committee are Constantine Apergis and Michael Priddy. In addition to Dr. Pollard, resource staff members are Dr. Pearl and Dr. Walker-Griffea. She reported that the committee met in February and discussed student orientation. The conversation included a look at the orientation program and requirements at the Aspen Award winning institution, Valencia College. Key issues addressed included whether and how to make such a program mandatory, how to tailor the program to meet different students’ needs, and different formats for orientation—online and/or in-person. Trustee Blackwell noted that she and her trustee colleagues on the committee are becoming advocates for these matters and are prepared to review policy implications for orientation as well as late registration.
