6. REPORTS

A. President’s Report

Dr. Pollard opened her report with news from the county council’s last education committee hearing. She reported that the committee voted to advance the College’s request through a combination of new county funds and the College’s use of the Workforce Development & Continuing Education fund balance for the full council’s vote next month.

Dr. Pollard reported that the process of re-accreditation has moved into its final phase, with the College having an opportunity to correct any factual errors in the official, confidential report from the Middle States visiting team. Dr. Pollard stated that several minor factual errors were found and submitted to the visiting team chair and that the College now awaits final action by the commission in June.

Turning her attention to the Maryland General Assembly, Dr. Pollard reported that the session for 2018 has ended. She thanked Trustees who met with legislators in Annapolis to advocate on behalf of the College. She informed the Board that the General Assembly has adopted the state budget, which resulted in an increase of $1.4 million in state aid for Montgomery College. She added that we will receive $15 million in state funds to support the Leggett Math and Science Building design, and the Rockville Student Services constructions and equipment. Dr. Pollard reported that, in the coming weeks, the College would be closely watching the status of several pieces of legislation that would potentially impact community colleges.

Dr. Pollard reported that the College is participating in a mass casualty incident exercise as conducted by the Maryland Region V Emergency Preparedness Coalition. She explained that the exercise will be held on the Rockville Campus on May 3 and involve numerous public safety officials in a regional drill.

Dr. Pollard informed the Board that our Achieving the Dream coaches visited the College last week for a series of meetings that serve to monitor our progress in closing equity gaps and improving student completion. She added that they were impressed with the progress the College has made in the last two years, and encouraged us to continue to work on our culture and to examine the engagement infrastructure we have built for students.

Transitioning to the topic of students, Dr. Pollard recognized two scholar-athletes—Armonie Lomax, who was selected as a First Team All-American for the NJCAA 2017–2018 Division III Women’s Basketball All-America Team, and Collin Turner, who was selected as the
2017–2018 Spalding NJCAA Division III Men’s Basketball Player of the Year. In addition, Dr. Pollard recognized students Caroline Azadze, who was awarded an Undergraduate Transfer Scholarship from the Jack Kent Cooke Foundation; Tetyana Rudenko, who was awarded the Hites Family Foundation Scholarship; and Nirav Mehta, who was named to the Phi Theta Kappa All-USA Academic Team.

In conclusion, Dr. Pollard gave comments on her written report, which is focused on the theme of “planning to plan.” Dr. Pollard reported that the College has done some intentional work toward beginning to address equity and inclusion at the institution. She stated that along with our new equity and inclusion officer, she has been talking publicly about equity and inclusion at a variety of public events in order to increase awareness and inspire deeper dialogues about these issues.

B. Chair’s Report

Board Chair Knapp began his report by celebrating the organizations that support the College—the Montgomery College Foundation, the PIC MC Foundation, and the Alumni Association. He reported that the Board recognized these three organizations for their work at an appreciation event earlier that evening.

Chair Knapp thanked the Trustees for their participation in Trustee Information Day, which occurred on April 9. He reported that each Trustee was matched with a student to shadow during the day and noted that these experiences gave Trustees new insights about the College and the student experience.

Mr. Knapp applauded Dr. Pollard’s annual State of the College Address and its focus on student success. He added that it was an insightful and compelling discussion that laid the foundation for work to be done next year in moving beyond *Montgomery College 2020*.

Board Chair Knapp concluded by reporting that external auditor, Clifton Larson Allen, conducted its annual audit of the President’s Office. He stated that after reviewing records and holding interviews with staff and himself, the auditors have reported a clean audit of the President’s Office for fiscal year 2017 expenses with no findings.

C. Board Committee Reports

i. Educational Excellence Committee Report

   Committee Chair Levey reported that the Educational Excellence Committee met on April 16 and heard an update on two major Achieving the Dream initiatives involving advising and scheduling. He stated that the committee also discussed a proposal regarding student success goals with specific measurement definitions largely tied to the state’s Performance Accountability Report. Trustee Levey concluded his report by thanking his colleagues on the committee, Trustees Aparicio Blackwell, Brintnall, and Kahawita. He also thanked Drs. Brown and Rai as well as deans John Hamman and Dr. Monica Trent, who provided additional information at the committee meeting.
ii. Financial Sustainability Committee Report

Committee Chair Suggs Smith reported that the Financial Sustainability Committee met on April 16 and reviewed the progress of its FY18 goals as well as a financial profile and dashboard for the College. She stated that the committee recommends that the Board use this financial profile to understand the College’s capacity to meet its goals and that this, together with the dashboard, be shared with the College, become a periodic part of president’s monthly reports, and be a topic of discussion at the Board’s annual retreat. Committee Chair Suggs Smith closed her report by thanking committee members Trustees Knapp, Levine, and Hydorn as well as Dr. Wormack and Acting Chief Business Officer Elizabeth Greaney.
