A. President's Report to the Board

As part of her report, Dr. Pollard welcomed faculty and staff who were instrumental in crafting the “Making It Better Statement.” They included Professors Loraine Hutchens, Rita Kranidis, D. J. McCollough, Deborah Stearns, Sonja Fisher, and Mr. Jason Rivera. Dr. Pollard’s report focused on community and she presented two questions for the Trustees:
(1) How do you define community?
(2) How do we, as a college, remain relevant and essential to the multiple communities that exist at our college and in our county?

Trustees’ responses were interesting and ranged from the difficulty of defining community, as community is all around us to looking at Montgomery College as a more global community, a virtual community and seeing that nobody owns a community, but yet everybody owns the community.

B. Chair’s Report

Chairman Kaufman commented on the Indian delegation who visited the College recently to see how U.S. community colleges function and learn how they can model this country’s system. He noted that the County Planning Board has approved the final site plan for Holy Cross Hospital. This is very exciting news for the College as Montgomery College will be the first community college with a biotechnology park with a hospital as the main tenant. There will be opportunities to be more entrepreneurial.

C. Rockville Campus Report

Dr. Judy Ackerman, vice president and provost of the Rockville Campus, provided a report on the Rockville Campus. She recognized members of the campus community and the new administrators, Dr. Eun-Woo Chang, the new instructional dean for science, engineering, and math, and Mr. James Stascavage, the new director of student life. Dr. Ackerman’s report highlighted information on employees, students, the diversity of the student body, faculty, and the planning for the new Student Services Center. Mr. Stascavage provided comments about student life on the Rockville Campus.

In response to Dr. Pollard’s memo, some Trustees had provided Dr. Pollard with suggestions for report topics. Some suggestions for Board reports included providing them electronically with placement on the board portal, focus on the College’s core values when producing reports, start with key metrics from which the College will be judged, review Middle States requirements, and provide a simple executive summary and model it after the *It’s Friday* newsletter. Dr. Pollard thanked the Trustees for their comments and captured the information regarding reports— to be more thoughtful, be a catalog of resources, look at issues and trends, and look at key institutional indicators.

C. Second Vice Chair
The Trustees discussed the value of having a second vice chair and noted that the bylaws require this position on the Board. Mr. Kaufman noted that there would be a competitive election with nominations at the next open meeting session. Trustees who are interested in serving would have an opportunity to think about this position.

Chairman Kaufman noted that Dr. Pollard would develop a plan for reviewing electronic board books and electronic board meetings and bring information back to the Board for consideration.

There was no new business to come before the Board.
