6. REPORTS

A. Chair’s Report

Board Chair Knapp began his report by introducing and welcoming new Student Trustee, Ms. Sasini Wickramatunga. Ms. Wickramatunga expressed her gratitude for being given the opportunity to serve on the Board of Trustees.

Turning his attention to recent events, Board Chair Knapp thanked Trustee Aparicio Blackwell for her vision and work in crafting the agenda for the board’s fall retreat, which took place in early September. He reported that the board spent time together to reflect on the work of the College and to think about important questions as the College kicks off the strategic planning process.

Board Chair Knapp reported that earlier in the evening, the board engaged in a dialogue with community leaders about the College as part of a larger community engagement effort to obtain feedback and to help inform the strategic plan. He thanked Dr. Kevin Long and Dr. Michelle Scott for facilitating the dialogue.

Board Chair Knapp announced that the community will honor outgoing County Executive Isiah Leggett and his wife Catherine at a special event at the Strathmore and asked that his colleagues join him in thanking Mr. Leggett for his leadership.

Board Chair Knapp closed his report by introducing Dr. Stephen Cain, acting president.

B. Acting President’s Report

Dr. Cain thanked the board for their support since taking the helm in July. He also thanked his colleagues for their continued good work and acknowledged Ms. Donna Schena in her role as interim senior vice president for administrative and fiscal services, as well as Ms. Susan Madden as acting chief of staff.
Dr. Cain gave the board an update on enrollment figures for the fall semester, reporting that the College is seeing a contraction compared to numbers from last year. He stated that Montgomery College is experiencing the same enrollment contraction seen in many colleges and universities across the country.

Dr. Cain updated the board on details of the Maryland Promise Act, which provides last-dollar scholarships to students attending community college full-time starting in the fall of 2019. He expressed his appreciation for the $15 million in funds, which will go to students at all 16 Maryland community colleges.

Turning his attention to facilities issues, Dr. Cain reported that the rain over the summer has impacted the Rockville Campus. He thanked the facilities team for their yeoman’s work in clean up and repair, after flooding affected several buildings. He also thanked campus leadership, faculty, and staff for their flexibility and resilience for continuing to serve students throughout the ordeal. He stated the College will remain vigilant through the flood warnings over the next two days as a result of Hurricane Florence.

Dr. Cain concluded his report with an overview of the President’s Focus, his written reports for the board over the course of this academic year. He reported that this year’s reports would concentrate on issues and aspects of student retention, by examining strategies that are built into different student experiences—from admissions to the classroom and ultimately progress to transfer and or work.

C. Summary Report for Operating, WDCE, Grants, Contracts, and Auxiliary Services Funds for the Year Ended FY18

Dr. Cain stated that fiscal year 2018 has been marked by belt-tightening, and although state funding and county appropriations increased slightly, these increases were less than we sought and only went to salary increases. He reported that with enrollment contraction, the College has monitored spending carefully and managed its resources prudently.

Ms. Liz Greaney, interim chief business/financial strategy officer, provided more detailed background to the fiscal year 2018 summary report.

Trustee comments focused on the sizeable percentage of expenditures dedicated to payroll and the need to reduce this number.
