7. REPORTS

A. Acting President’s Report

Dr. Cain welcomed everyone to the October meeting of the Board of Trustees and began his report with an announcement of the official fall semester enrollment. As expected, the 21,720 credit students enrolled as of September 19 is a contraction compared to the enrollment numbers from last fall. Of these credit students, 4,033 are new, first-time students. Dr. Cain reported that a strategic enrollment management plan is being developed that includes a focus on recruiting and retention. The College is mindful that the success goals adopted by the board at its June meeting of this year apply to these new students.

Turning his attention to the planning process, Dr. Cain thanked Dr. Kevin Long and Dr. Michelle Scott for their work in organizing multiple engagement sessions throughout the College and county as work continues to develop the MC2025 plan.

Dr. Cain also expressed his gratitude to the College’s public safety and security personnel and local police departments, who responded swiftly to ensure the safety of our students, faculty, and staff at each of our campuses during three separate safety events in the past three weeks. He added that the senior administrative team has conducted an incident review of the event which took place at the Takoma Park/Silver Spring Campus and deliberations have yielded some lessons learned, which will be utilized to better our efforts in the future.
Dr. Cain reported that on September 25, we welcomed Lieutenant Governor Boyd Rutherford, Maryland Secretary of Higher Education James Fielder, and State Adjutant General Linda Singh for an official College visit. Dr. Cain stated that he had an opportunity to discuss several issues of importance with them, including our services for students who are veterans and our efforts in opioid addiction prevention.

In other event news, Dr. Cain reported that on October 5, the College hosted the Maryland Male Students of Color Summit, with keynote speaker John Quiñones, a correspondent with ABC News.

Dr. Cain announced several other events, including the 40th anniversary of the Germantown Campus; the World of Montgomery celebration, which will take place at the Rockville Campus; and the first of Dr. Pollard’s Presidential Dialogue Series for the academic year, with author Dave Zirin, which will take place at the Takoma Park/Silver Spring Campus.

Dr. Cain reported that the search for a new Senior Vice President for Fiscal and Administrative Services was announced on October 5 and that the goal is to have finalists ready to meet with Dr. Pollard when she returns from her sabbatical.

Transitioning to some fun news, Dr. Cain reported that he recently revealed the Montgomery College mascot’s name at a volleyball game, where our team holds a 24–0 record. Dr. Cain announced that the Raptor’s name is Montgomery C. Raptor and will be known as Monty to us.

Dr. Cain concluded his report by looking at retention efforts that are highlighted in his President’s Focus report. He stated that setting up students for success at the very beginning of their academic journey increases chances of completion. On-time registration and new student orientation are two such ways, in addition to taking advantage of alternative placement programs and transfer credits.

B. Chair’s Report

Board Chair Knapp began his report with a briefing of the engagement dialogue special event, which was held earlier that evening with members of the county’s business community. He echoed Dr. Cain’s gratitude to all the organizers of the event and especially to Drs. Long and Scott, who served as facilitators, and Mr. Sears and Ms. Silvestre, for connecting us to the community.

Chair Knapp went on to acknowledge the good work of the many who worked diligently to keep our campuses safe over the last several weeks and stated that the board will continue to monitor the efforts at continuous improvement and to ensure the safety and security of the faculty, staff, and students.

Chair Knapp thanked his trustee colleagues for joining him at the College’s annual legislative reception, where there was much discussion with elected officials and nominees of keeping college affordable and supporting modern classrooms and labs with the Catherine and Isiah Leggett Math and Science Building.

Continuing his theme of gratitude, Chair Knapp thanked the many donors who gave generously to honor the service of Catherine and Isiah Leggett at the Legacy Forward event, held earlier that week. He announced that $1.7 million was raised to support students in the
Achieving Collegiate Excellence and Success (ACES) program. Chair Knapp also thanked his fellow trustees for attending; Mr. David Sears and his staff for planning and organizing the event; and finally to Isiah and Catherine Leggett for their activism in the community and steadfast support of Montgomery College.

Board Chair Knapp concluded his report with two announcements. First, he congratulated Trustee Wickramatunga for her appointment to the Student Advocacy Committee of the Association of Community College Trustees. She will represent Montgomery College at the National Leadership Conference the following week. Second, he expressed his gratitude to Trustee Ben Wu at this, his last board meeting. Chair Knapp thanked Trustee Wu for his service and his work on behalf of the College’s mission and its faculty, staff, and students.

C. Information Technology Implementation Report

Ms. Jane-Ellen Miller, interim chief information officer, presented a status report on implementation efforts—two major information technology projects—Workday and Banner 9.

The trustees thanked Ms. Miller for the updates and asked questions regarding specifics of the Workday contract and the possibility of seeing a demonstration of the product.
