6. REPORTS

A. President’s Report

Dr. Williams welcomed attendees to the October public board meeting, noting the many pre-inaugural activities that took place at the College in the past week. He expressed his delight with the events held on the campuses; each had a distinct flavor that also amplified our One College spirit. Dr. Williams expressed his gratitude to all the faculty, staff, and students who planned and participated in the activities, as well as the representation by community partners and non-profits.

Speaking of fantastic experiences, Dr. Williams reported that two MC students served on a panel discussion with U.S. Department of Education Secretary Miguel Cardona. In a celebration of Hispanic Heritage Month, Jennifer Argueta and Jefferson Vazquez-Reyes engaged in a discussion with the Secretary about their Latinx experiences and what Hispanic Heritage Month meant to them.

In other good news for students, Dr. Williams reported that Early Childhood Education students have some new opportunities, thanks to a $1.45 million grant from the Maryland State Department of Education.

Dr. Williams reported another area of new opportunity for students on the horizon, with the groundbreaking of the 19710 Project on the Germantown Campus. Dr. Williams stated that the College is proud to be partnering with Hughes Network Systems on this innovative venture, which will bring Hughes’ high-tech professionals on site to inspire the next generation of technology industry leaders.
As the College prepares students to succeed in their professional endeavors, Dr. Williams indicated that events such as the Advising Day that will take place on October 18 are increasingly important. An entire day – free from classes – has been set aside to work with students to plan their classes, map out transfers, organize their finances, and other activities that will help them reach their goals. Dr. Williams expressed his sincere appreciation to the faculty and staff in advance as post-completion success must be a focus of our priorities at the College.

Dr. Williams concluded his report by expressing his excitement about the upcoming inauguration celebration. He expressed his immeasurable gratitude to Board members who have been involved in planning, and to the faculty and staff who have been working meticulously for months to roll out this event.

B. Chair's Report

Board Chair Brintnall began his report with excitement for the upcoming inauguration of Dr. Williams, on which the board was briefed at a conference session held earlier that evening. Chair Brintnall thanked everyone at the College who played a role in planning and creating the important milestone event.

With reference to Dr. Williams' report, Chair Brintnall acknowledged the series of special events leading up to the presidential inauguration, including the groundbreaking of the 19710 Building, the dedication of the Becker Family Quad at the Rockville Campus, and the Frank Islam Athenaeum on Social Justice, Democracy, and Globalization.

Board Chair Brintnall concluded his report with board business, reporting that for this fiscal year, the board will have two standing committees — the Executive Committee and Audit Committee. In addition, the board will have four ad hoc committees — the Budget Review and Financial Sustainability Committee, chaired by Trustee Lazo; the Policy Governance and Succession Planning Committee, chaired by Trustee Hoffman; the Student Success Committee, chaired by First Vice Chair Lacey and vice chair Trustee Premaratne; and the Workforce Development Review Committee, which is a committee of the whole, chaired by Second Vice Chair Aparicio Blackwell. Lastly, Dr. Brintnall reported that there is one ad hoc subcommittee, the Audit Review subcommittee, chaired by First Vice Chair Lacey.
