6. REPORTS

A. President’s Report

Dr. Pollard began her report by thanking the entire College community for their tireless work to support student needs. She enumerated many of the impressive accomplishments of faculty, staff, and students that have occurred in the past four weeks.

Turning her attention to the budget matters, Dr. Pollard reminded the Board that in March, the county executive released his proposed operating budget for fiscal year 2021, which recommended the College’s budget as requested. However, Dr. Pollard reported that the pandemic has heavily impacted the County’s revenue and employment bases such that the county executive has suggested he may revise his proposed budget. She reported that the Board would be informed if any new proposals came forth.

Dr. Pollard reported that the County Council would be deliberating our budget over the course of the next few weeks, adding that Board Chair Aparicio Blackwell provided recorded testimony for the Council’s budget hearings, along with Montgomery College Alumni and our collective bargaining units. Dr. Pollard stated that the College would follow County deliberations closely to assess implications and modifications that may be necessary to our budget request.

Dr. Pollard concluded her report with news that the Maryland General Assembly approved operating funding of $41.8 million to Montgomery College and capital funding of $18.3 million for the construction of the Leggett Building. She assured the Board that the College would monitor budget activities closely for possible recommendations for rescission of approved budgets.

B. Chair’s Report

Board Chair Aparicio Blackwell began her report with expressions of gratitude to College faculty and staff, as well as all front line and essential workers who are taking care of the community during this healthcare crisis. As reports and data emerge that communities of color are disproportionately affected by the COVID-19 outbreak, Board Chair Aparicio Blackwell expressed concern and requested continued vigilance and a recommitment to the College’s mission.

As she concluded her report, Board Chair Aparicio Blackwell acknowledged several events, including Dr. Pollard’s COVID-19 forums with county councilmembers Craig Rice and Andrew Friedson; Earth Day, which took place on April 22; and the extension of the deadline to respond to the US Census, which is October 31.

C. FY20 Third Quarter Financial Summary Report

Senior Vice President for Administrative and Fiscal Services Donna Schena gave a financial summary of the third quarter of fiscal year 2020, reporting that credit enrollment for the spring semester decreased by two percent in comparison to last year, resulting in a decrease in revenues from tuition and fees for this quarter.

Ms. Schena reported that actual revenue from the County was 2.2 percent higher than last year, though the data contained in her written report showed a much higher increase due to the timing of payment. She reported that appropriations from the State increased by one percent in comparison to last year.
Regarding expenses, Ms. Schena stated that total expenses were slightly below projections and are flat compared to last year.

Ms. Schena informed the Board that spring enrollment for the Workforce Development and Continuing Education (WDCE) unit was 4.5 percent lower compared to last year as a direct impact of the pandemic. She stated that WDCE expenses were slightly below projections.

Ms. Schena concluded her report with predictions of a very active fourth quarter and a promise to continue monitoring all revenue and expenditure streams.

Trustee questions focused on predictions for summer class enrollments and possible increases due to the pandemic, as well as student support services for those who feel ill.

D. Education and Culture Committee Report

Committee Chair Frieda Lacey reported on the proceedings of the last meeting of the Education and Culture Committee, which took place on March 23, 2020.

Committee Chair Lacey outlined objectives of the Start Smart initiative, which will improve students’ onboarding experience at Montgomery College. Improvements include the creation of “Raptor Central,” which will serve as the front door to the College for students to complete all onboarding needs through a streamlined process, and the renaming of the Office of Enrollment Services.

Committee Chair Lacey reported that the Education and Culture Committee also heard an update on dual enrollment programs, adding that in spring 2020, 33 students will graduate with their high school diplomas and associate’s degrees in math. She reported that dual enrollment programs such as Early College, Middle College, and P-Tech, have seen an 89 percent increase in enrollment over the last five years.

Committee Chair Lacey concluded her report by thanking her colleagues, Trustees Brintnall, Haj Hamad, and Knapp, as well as resource persons Senior Vice Presidents Brown and Rai.
