GRADUATES RECEIVING THE ASSOCIATE DEGREE AND
THE PROGRAM CERTIFICATE IN SUMMER 2019

BACKGROUND
The Board of Trustees is required to ratify the conferral of degrees and certificates by the faculty, as certified by the College registrar, each semester. In the event that the ratification by the Board of Trustees takes place after the date of conferral of the degrees and certificates to the graduates, the Board of Trustees must ratify, confirm, and authorize the conferral retroactively (“nunc pro tunc”) to the past date of conferral.

RECOMMENDATION
The Board of Trustees is asked to ratify, confirm, and authorize the conferral of degrees and certificates by the faculty on the list of proposed graduates who have successfully completed the requirements of a program, subject to certification of the College registrar, nunc pro tunc, to the date of such conferral action.

RESOURCE PERSONS

Mr. Cartledge
Mr. Dietz
WHEREAS, It is necessary that the Board ratify, confirm, and authorize the past conferral of degrees and certificates on the list of certified candidates attached herewith; and
WHEREAS, The College registrar ("the Registrar") has certified that the students of Montgomery College, as listed on the attachment, are expected to complete successfully in the summer 2019 semester the courses and curriculum prescribed by the faculty, and to meet all other requirements of the College, for the degrees and certificates that those students are seeking; and

WHEREAS, The faculty has thereby conferred upon the students of Montgomery College, as listed on the attachment, their respective associate’s degrees and certificates, subject to certification by the Registrar that such students have met all applicable requirements; and

WHEREAS, The president recommends that the Board approve the following resolution; now therefore be it

Resolved. That the Board of Trustees ratifies, confirms, and authorizes the faculty's conferral upon the students of Montgomery College, as listed on the attachment, of their respective associate’s degrees and certificates, subject to certification by the Registrar that such students have met all applicable requirements, nunc pro tunc, to the past date on which such conferral took place.
CREATION OF THE CRIMINAL JUSTICE AREA OF CONCENTRATION, ARTS AND SCIENCES ASSOCIATE OF ARTS PROGRAM

BACKGROUND

The 2017-2021 Maryland State Plan for Postsecondary Education states the goals of access, success, and innovation to support student success with less debt. Montgomery College echoes those goals by affirming its Montgomery College 2020 Theme II strategy to provide affordable access for its communities and ensure student success and completion. Additionally, the Montgomery College Academic Master Plan (Initiative 5 - Enhance Student Pathways from MCPS to USG) strongly encourages collaborative degree pathways to enhance transferability to USG’s campus.

In response to the increased educational needs of the criminal justice professions and the increased transfer needs of our students, Montgomery College has designed the new criminal justice area of concentration, arts and sciences associate of arts program. The curriculum is designed for students planning to transfer to a four-year institution to complete a bachelor’s degree in criminal justice and/or criminology. A strong academic core exposes students to important criminal justice coursework while incorporating key general education courses needed for transfer. Many federal law enforcement and legal careers in the criminal justice field require a bachelor’s degree as the basic educational standard of entry and require students to continue to a four-year institution or beyond to achieve their goals. The proposed program prepares MC students who plan to serve the community in the fields of law enforcement, corrections, juvenile justice, probation and parole, court services, or law.

The new criminal justice program will help fulfill the ever-increasing workforce needs of the many local and nationwide criminal justice agencies. The July 2019 edition of the Bureau of Labor Statistics Occupational Outlook Handbook predicts an 11 percent increase in detectives and investigators and a seven percent increase in police work over the next decade—an above average outlook for economic job growth and vitality in the criminal justice profession. A security-conscious society and high population contribute to the increasing demand for police services, and applicants with a bachelor’s degree will have the best opportunity to fill these positions.

In addition to fulfilling workforce needs in the criminal justice field, the new criminal justice associate of arts will also facilitate transfer to institutions offering bachelor degrees. There are currently more than 100 criminal justice students identified under the general studies associate of arts: studies in social science, administration, and health area of concentration (SSAH core). Montgomery College has an active articulation agreement with the Department of Criminology and Criminal Justice at the University of Maryland College Park at the Universities at Shady Grove, and approximately 80 percent of the students entering the program are transfer students from Montgomery College. This program will facilitate an increased growth in articulations with other academic institutions as well.

In conclusion, the creation of the criminal justice area of concentration, arts and sciences associate of arts program will not create any additional expenses for the College. Outstanding faculty, state-of-the-art facilities, equipment, and library resources are already in place as the courses are
currently being offered in the criminal justice associate of applied sciences program. The program will be implemented with existing institutional resources.

RECOMMENDATION

It is recommended that the Board of Trustees approve the creation of the criminal justice area of concentration, arts and sciences associate of arts program and that an application for approval be submitted to the Maryland Higher Education Commission.

Policy 43003–Tuition Waiver for Non-Employees of the College (revised version)

RESPONSIBLE SENIOR ADMINISTRATOR

Dr. Brown

RESOURCE PERSON
WHEREAS, The Board of Trustees created Policy 43003–Tuition Waiver for Non-Employees of the College in 1982; and

WHEREAS, The policy has served an important purpose in providing tuition and fees waivers for specific student populations designated eligible for such waivers by state law; and

WHEREAS, The policy has been reviewed by the appropriate College community stakeholders for their feedback and has been updated; and

WHEREAS, The president recommends that the Board adopt the modifications; now therefore be it

Resolved, That Policy 43003–Tuition Waiver for Non-Employees of the College be modified as indicated in the attached draft; and be it further

Resolved, That the president is authorized to implement these changes.
I. Maryland law grants authority to the Board of Trustees to set tuition and fees for Montgomery College students. The Board's authority to set tuition and fees is limited by statute and the General Assembly has waived tuition (an in some instances mandatory fees) for certain students, including:

A. Students with Disabilities (Md. (Educ.) Code Ann. Section 16-106(c))
B. Senior Citizens (Md. (Educ.) Code Ann. Section 16-106 (b))
C. Maryland National Guard Members (Md. (Educ.) Code Ann. Section 11-403)
D. Foster Care Recipients (Md. (Educ.) Code Ann. Section 15-106.1)
E. Unaccompanied Homeless Youth (Md. (Educ.) Code Ann. Section 15-106.1)
F. Parents of Deaf or Hard of Hearing Children (Md. (Educ.) Code Ann. Section 15-106.10)

II. It is the policy of the Board of Trustees to provide a waiver of tuition for certain students, or exempt certain students from payment of tuition, in accordance with State law.

III. The president is authorized and directed to establish procedures necessary to implement this policy.

Policy 45005–Student Concerns About Athletic Programs and Activities (revised version)

RESPONSIBLE SENIOR ADMINISTRATOR

Dr. Brown

RESOURCE PERSON

Ms. Duggan
WHEREAS, The Board of Trustees created Policy 45005–Student Concerns About Athletic Programs and Activities in 2019; and

WHEREAS, The policy has served an important purpose in providing athletic programs and activities that adhere to a high standard of ethical and legal conduct to ensure the health and safety of all student athletes; and

WHEREAS, The policy has been reviewed by the appropriate College community stakeholders for their feedback and has been updated; and

WHEREAS, The president recommends that the Board adopt the modifications; now therefore be it

Resolved, That Policy 45005–Student Concerns About Athletic Programs and Activities be modified as indicated in the attached draft; and be it further

Resolved, That the president is authorized to implement these changes.
I. Montgomery College is committed to providing athletic programs and activities that adhere to a high standard of ethical and legal conduct, and ensure the health and safety of all student athletes.

II. It is the policy of the College to encourage students participating in College-sponsored athletic programs and activities to report any concerns of suspected wrongdoing or abuse in the administration or conduct of College athletic programs and activities so that prompt corrective action can be taken by the College.

III. No student who in good faith reports a concern or suspected concern of wrongdoing or abuse regarding athletic programs and activities shall thereby suffer harassment, retaliation or adverse employment and/or academic or educational consequence. An individual who retaliates against a student who has made a report in good faith under this policy is subject to disciplinary action in accordance with College policies and/or the student code of conduct, up to and including dismissal from the College.

IV. This policy does not protect an individual who files a report or provides information that the individual knows to be false, or provides information with reckless disregard for its truth or falsity.

II. Student concerns regarding athletic programs and activities will be kept confidential except to the extent that limited disclosure may be necessary for the purpose of conducting a full and fair investigation, providing opportunity for response, taking remedial action, and responding to a government inquiry or legal action.

III. The president is authorized to establish procedures necessary to implement this policy.

<td>Explanation of Request:</td>
<td>In accordance with the 2004 College Facilities Master Plan, the senior vice president for administrative and fiscal services and the vice president of facilities and public safety is requesting an award of contract identified as guaranteed maximum price number 1 for the construction of the Catherine and Isiah Leggett Math and Science Building on the Takoma Park/Silver Spring Campus. The Board of Trustees approved this award of contract during its January 2019 meeting under resolution 19-01-003. This award provides for the abatement of asbestos containing materials in the existing Falcon Hall and Science South buildings, and associated air monitoring services to comply with EPA and state of Maryland Department of Health regulations. The cost estimate for this work submitted by the construction-manager-at-risk was $376,900. The approved state funded construction budget for the project was $62,858,000. This is the first of four guaranteed maximum price proposals to be awarded using those funds. The submitted guaranteed maximum price of $607,476.39, including fees, bonds, and insurance, is within the allotted budget for this work and still provides for a five percent construction contingency.</td>

**Explanation of Request:**

In July 2012, the Board of Trustees approved a five-year award of contract to multiple vendors for professional development training services under bid 512-016, resolution 12-05-037. Given the estimated annual contract spend at the time of this award, the contract did not require Board of Trustees approval.

This contract expired on June 30, 2017. Due to an ongoing need for professional development training services, a new solicitation was issued under bid 517-013, for a five-year contract term that started on July 1, 2018.

The primary user of this contract originally awarded in 2012 was Human Resources and Strategic Talent Management. With the re-issuance of bid 517-013, additional departments including ELITE, Facilities and Public Safety, Administrative and Fiscal Services, as well as faculty began utilizing these training services. Due to the increase in usage and to account for potential use of these services by other departments in the future, it is being requested that the contract spend authority be increased to an annual not-to-exceed amount of $200,000.

**Reason Being Brought to Board:**

Board approval is required for contract change orders that are more than 25 percent of the original contract award amount.

**Certification:**

The director of procurement re-certifies that specifications were developed by appropriate College staff, and the chief business/financial strategy officer certifies that expenditures are planned for and available in the FY20 operating budget.

**Dollar Amount:**

$200,000
RECOMMENDATION

It is recommended that the Board of Trustees approve an increase in the current contract award spend authority to an annual not-to-exceed amount of $200,000, to allow for future usage of this contract by the Office of Human Resources and Strategic Talent Management as well other College departments.

BOARD OF TRUSTEES
MONTGOMERY COLLEGE
Rockville, Maryland

Agenda Item Number: 10
September 23, 2019

ACCEPTANCE OF
THE 2019 PERFORMANCE ACCOUNTABILITY REPORT

BACKGROUND

The Performance Accountability Report (PAR) is the College’s annual report on progress toward reaching benchmarks in key indicators of operations. The report is submitted to the Maryland Higher Education Commission (MHEC) each year. PAR indicators have universal statewide definitions.

This accountability reporting system has been in place since 1996, when it was implemented by MHEC. The reporting structure is based on requirements in the Maryland Higher Education Reorganization Act of 1988. At Montgomery College, the Office of Institutional Research and Effectiveness (OIRE) assumes the primary role for providing the quantitative content of the PAR and coordinating the contributions from administrative offices, individual campuses, and Workforce Development & Continuing Education.

In addition to narrative reporting on significant student characteristics and performance issues, community outreach efforts, use of public funding, and cost containment efforts, the report contains recent trend data on a number of specific quantitative indicators that reflect progress towards benchmarks set by the Board of Trustees on each indicator. MHEC considers the College’s performance on these indicators as the primary component of assessing the institution’s effectiveness, and, at the College, the president incorporates the PAR results in monitoring and assessing institutional performance on relevant internal dimensions, such as in the Montgomery College 2020 “Performance Canvas.”

Upon acceptance of the report by the Board of Trustees, the Performance Accountability Report will be submitted to the Maryland Higher Education Commission.

RECOMMENDATION

It is recommended that the Board of Trustees accept the 2019 Montgomery College Performance Accountability Report, and that the president be authorized to submit the report to the Maryland Higher Education Commission.
