Subject: Award of Silver Medallion and Emeritus Status to Trustee Stephen Z. Kaufman

WHEREAS, the Governor of the State of Maryland appointed Mr. Stephen Z. Kaufman to the Board of Trustees of Montgomery College on July 1, 2001, for a six-year term; and

WHEREAS, the Governor of the State of Maryland reappointed Mr. Kaufman for a second six-year term beginning July 1, 2007, during which time he served as an exemplary Trustee; and

WHEREAS, Mr. Kaufman has served the Montgomery College community with distinction and dedication, consistently demonstrating his belief in and understanding of the guiding principles of governance, scholarship, good stewardship, and a commitment to the fundamental mission of community colleges; and

WHEREAS, during his 12 years on the Board of Trustees, Mr. Kaufman was elected as second vice chair and first vice chair each for two years and as chair of the Board from 2011–2013 and played a major role in many of the Board’s advocacy efforts with the state and county; and

WHEREAS, Mr. Kaufman was appointed to the Board by virtue of his career experiences as a attorney and has worked to advance, improve, and increase numerous projects at the College; and

WHEREAS, Mr. Kaufman participated in the 2003 Association of Community College Trustees’ National Conference in Denver, Colorado, as a panelist to share the vision and plan for the Montgomery College Life Sciences and Technology Park along with President Emeritus Hercules Pinkney, Trustee Emeritus Michael Lin, Executive Director of The Universities of Shady Grove Stewart Edelstein, and former director of Montgomery County Department of Economic Development David Edgerley; and

WHEREAS, Mr. Kaufman led the presidential search for the College’s ninth president, Dr. DeRionne P. Pollard, with whom he quickly established an exemplary and cohesive working relationship that has positioned the College for a strong future; and

WHEREAS, together with Dr. Pollard since 2010, Mr. Kaufman led the board to achieve many significant accomplishments, which include increased professional development opportunities, conversations with all constituents, a participatory governance model, Montgomery College 2020, entrepreneurial partnerships, support for the Maryland Dream Act, and an annual self-evaluation process; and

WHEREAS, Mr. Kaufman, along with Dr. Pollard, College administrators, faculty, staff, and representatives from county agencies, participated in a community college symposium in New Delhi, India, sponsored by the US India Education Foundation Fulbright Commission to investigate opportunities for a faculty and student exchange program to build trade and economic partnerships in emerging markets; and
WHEREAS, the Board of Trustees, under the leadership of Mr. Kaufman and together with Dr. Pollard, were recognized by the American Association of Community Colleges (AACC) by being named one of five finalists in the Exemplary CEO/Board category at the AACC’s inaugural Awards of Excellence in April, 2013; and

WHEREAS, Mr. Kaufman has served the College well in deliberations regarding all matters, but especially those related to advocacy, partnerships with community organizations, global initiatives, and supporting higher education in Montgomery County; and

WHEREAS, Mr. Kaufman has been at the forefront of education for students at all levels, his tireless advocacy on behalf of the College has helped to enhance and stabilize local public funding for the College, especially during times of limited fiscal resources; and

WHEREAS, Mr. Kaufman has a strong belief in the importance of education, developed a passion for the mission of community colleges, and has been active in community college philanthropy and education for 27 years; and

WHEREAS, Mr. Kaufman served as director of the Montgomery College Foundation from 1988–2003 and was at the forefront of the Gudelsky Expansion Project; and

WHEREAS, Mr. Kaufman has generously supported many Montgomery College Foundation initiatives such as the David and Dorothy Mulitz Davidson Scholarship, Montgomery College Foundation Golf Classic, the Montgomery Women Student Leadership Award, the Israel Ballet Fund, the Montgomery College Fund, the Takoma Park Expansion Project, the Robert E. Parilla Community Leadership Endowment, and the Paul Peck Humanities Institute; and

WHEREAS, Mr. Kaufman has demonstrated his outstanding leadership skills in the community as a senior partner with Linowes and Blocher Attorneys at Law and a community advocate; and

WHEREAS, Mr. Kaufman has a stellar career as an attorney who focuses on municipal law, land use and eminent domain, and has represented many private and publicly owned development, financial, and retail companies throughout the Baltimore/Washington region; and

WHEREAS, Mr. Kaufman has lectured on and authored legislation in the areas of adequate public facilities, infrastructure finance, and zoning and land use classifications, and has served as an adjunct professor of law; and

WHEREAS, Mr. Kaufman’s integrity, wise counsel, dependability, and devotion to and sincere concern for the welfare of all members of the College community, have immeasurably contributed to the decisions of the Board of Trustees, and these qualities displayed during 12 years of distinctive service will be sorely missed by the Board and the president of the College; and

WHEREAS, College procedures allow that all Trustees completing at least one full six-year term of service are eligible for Trustee emeritus/emerita status at the time of their retirement from the Board, and such status shall be granted by a majority affirmative vote of the current Board of Trustees; and
WHEREAS, College procedures allow for the awarding of a Silver Medallion in recognition of documented truly outstanding service to the College, the academic profession, the county, the state, or the nation; and

WHEREAS, the members of the Board of Trustees of the College recommend this recognition on the occasion of Mr. Stephen Z. Kaufman’s completion of his second term on the Board; now therefore be it

Resolved, That the members of the Board of Trustees of Montgomery College express their sincere appreciation and gratitude to Mr. Stephen Z. Kaufman for his conscientious and significant contributions to Montgomery College, the Montgomery College Foundation, its Board of Trustees, its students, faculty, staff, and alumni, its community, and the citizens of Montgomery County, and that the Board extends to him its best wishes for his continued good health, happiness, and prosperity, and invites his continued support of the College in the years ahead; and be it further

Resolved, That Mr. Stephen Z. Kaufman is granted the status of Trustee Emeritus, and that he be accorded such recognition and honors as may be appropriate to persons holding this rank; and be it further

Resolved, That in recognition of his dedicated service and association with Montgomery College, the Montgomery College Foundation, and Montgomery County, Mr. Stephen Z. Kaufman is awarded the Silver Medallion for sustained and exemplary outstanding service; and be it further

Resolved, That this resolution become a part of the minutes of this Board of Trustees meeting, and a copy of this resolution and the Silver Medallion be presented to Mr. Stephen Z. Kaufman.
INCREASE IN EXPENDITURE AUTHORIZATION LIMIT FOR USE OF THE TRANSPORTATION FACILITIES CAPITAL PROJECTS FUND

BACKGROUND

The Transportation Fund was established by the Board of Trustees in June 2004 in order to provide funds for future transportation projects and related costs such as facilities enhancements to parking lots, enforcement, administration, security, and Ride On and shuttle services. The fund was established by means of a transportation fee assessed to students on a per-credit hour basis as an appropriate mechanism to pay for transportation-related projects. In April 2007, the Board of Trustees increased the transportation fee from $2 to $4/credit hour to support the construction of a parking garage on the west side of the Takoma Park/Silver Spring Campus. Bonds were issued by the Montgomery County Revenue Authority on behalf of the Montgomery Community College Foundation, Inc. to support the construction of the garage. The source of funds for the annual debt service costs on the revenue bonds is lease payments made by the College to the Foundation from the Transportation Fund for the use of the garage.

The College is allowed to withdraw, under specified conditions, amounts in the Transportation Fund that can be used for transportation-related projects. In June 2008, the Board of Trustees established a new fund for this purpose titled “The Transportation Facilities Capital Projects Fund” to receive funds withdrawn from the Transportation Fund when all of the specified conditions have been met. The Transportation Facilities Capital Projects Fund has all of the use restrictions and approval requirements that were initially attached to the Transportation Fund.

The revenue stream flowing into the Transportation Fund is sufficient to cover all bond-related costs for the new Takoma Park/Silver Spring garage and has generated additional fund balance over the years for both future transportation-related construction projects and the other basic transportation-related expenditures originally authorized by the Board of Trustees. Excess funds are “swept” twice a year from the Transportation Fund into the Transportation Facilities Capital Projects Fund. During the growth period of these funds, expenditures were restricted by the Bond Trustee to the bond-related expenditures and the fee paid to Montgomery County Ride On to provide reduced rate transportation to registered Montgomery College students. The other transportation-related expenditures were temporarily moved to the College’s operating budget.

In November 2010, with sufficient fund balance available and a stable revenue stream, the Board of Trustees authorized the resumption of charging all transportation-related expenditures to the Transportation Facilities Capital Projects Fund. The original Board authorization for these expenditures had been $1,000,000. At the time, this amount was sufficient to cover all authorized costs and still accumulate fund balance for future large transportation projects.

In April 2011, however, the College was notified by the Montgomery County Department of Transportation (MCDOT) that the cost of the Montgomery College Ride On U-Pass program would increase from $638,000 per year to $1,048,000 per year for FY12. Subsequent negotiations with MCDOT reduced the increase to $748,000 for FY12. As a result of this
unanticipated fee increase and the need to lease additional student parking spaces in Germantown and provide shuttle services from the Germantown Campus to new leased parking spaces during the construction of the Bioscience Education Center, an increase in the annual expenditure authorization from the Transportation Facilities Capital Projects Fund from $1,000,000 per year to $1,200,000 per year is requested. Sufficient funds are available to support this increase and still allow the fund balance to gradually increase. The cost effectiveness of Montgomery College’s continued participation in this program will be studied this year in light of MCDOT increasing the U-Pass fee to $1,258,000 in FY13 and notifying the College that another increase was anticipated in FY14. The College will plan for a 10 percent increase until the exact increase is known. That would bring the total U-Pass cost to $1,383,800.

RECOMMENDATION

It is recommended that the Board of Trustees authorize an increase in the expenditure authorization for the Transportation Facilities Capital Projects Fund for expenditures for transportation-related facilities enhancements to parking lots, enforcement, administration, security, and the Ride On U-Pass program and potential shuttle bus services from $1,000,000 to $1,745,800 per year.

Subject: Increase in Expenditure Authorization Limit for Use of the Transportation Facilities Capital Projects Fund

WHEREAS, on June 21, 2004, by Board Resolution #04-78, the Board of Trustees authorized the establishment of the Transportation Fund (a/k/a Transportation Enterprise Fund) to collect revenue from transportation fees in order to pay for transportation-related projects and related costs; and

WHEREAS, funds from the Transportation Fund fee could only be expended with prior specific approval by the Board of Trustees which included an authorization for transportation-related expenditures up to $1,000,000 per year; and

WHEREAS, on April 18, 2007, by Board Resolution #07-04-045, the Board of Trustees increased the Transportation Fund Fee to support the financing of parking garage construction through the College Foundation; and

WHEREAS, on December 10, 2007, by Board Resolution #07-12-151, the Board of Trustees approved a transaction for the development, construction, and leasing of a parking facility, access road improvement, and a chilled water production facility on the Takoma Park/Silver Spring Campus which outlined the agreements for the financing of the West Garage project through the Montgomery College Foundation, Inc., where it was noted that the garage would be leased to the Foundation and leased back to the College for use after the construction of the parking garage; and

WHEREAS, the College is allowed to withdraw from the Transportation Fund, under specified conditions, amounts in the Fund if all lease payments and other obligations then due and payable have been met; and

WHEREAS, on June 16, 2008, by Board Resolution #08-06-068, the Board of Trustees established a new fund titled The Transportation Facilities Capital Projects Fund to receive such funds withdrawn from the Transportation Fund when the specified conditions have been met and amounts withdrawn are transferred; and

WHEREAS, expenditures from the fund were limited starting in FY08 in order to secure the revenue stream required by the Bond Trustee to support the issuance of revenue bonds and to begin to build fund balances to support future projects with the exception that the Bond Trustee allowed the Ride On bus fee to continue to be charged to the fund; and

WHEREAS, on November 15, 2010, by Board Resolution #10-11-084, the Board authorized the resumption of charging other transportation-related costs to the Transportation Capital Projects Fund without affecting the bond payments or the accumulation of fund balance because the revenue stream and fund balances were at a sufficient level; and

WHEREAS, Montgomery County Ride On fees have increased such that the expenditure authorization limit must be increased from $1,000,000 to $1,745,800 in order to cover all transportation-related costs; and
WHEREAS, the chief business officer certifies that increasing the transportation-related expense authorization limit from $1,000,000 to $1,745,800 in the Transportation Facilities Capital Projects Fund is fiscally possible; and

WHEREAS, the president of the College recommends the following action; now therefore be it

Resolved, That the Board of Trustees hereby authorizes an increase in the expenditure authorization limit for FY14 from $1,000,000 to $1,745,800 per year for use of the Transportation Facilities Capital Projects Fund for charges for transportation-related costs as originally authorized by Resolution #04-78, namely transportation-related facilities enhancements to parking lots, enforcement, administration, security, and Ride On and shuttle bus services; and be it further

Resolved, That these funds continue to be expended only as authorized in Board Resolutions #04-78, #07-04-045, #07-12-151, #08-10-124, and 10-11-084; and be it further

Resolved, That the use of these funds for future transportation-related projects, such as construction of new garages, continue to be expended only with the prior approval of each project by the Board of Trustees.
BACKGROUND

This contract award provides architectural and engineering design services for phase 1 of the renovation and major addition to the Sciences and Applied Studies Building (SA) on the Germantown Campus. Once renovated, SA will support the physics, engineering, and mathematics disciplines in a two-phase renovation. Phase 1 includes the renovation of the second floor of the building and provision of a 30,000 gross square foot addition, as well as a new building entrance to the south onto the new campus quadrangle created with the adjacent, and currently under construction, Bioscience Education Center. The budget for the phase 1 renovation and addition is approximately $28,000,000. The phase 2 renovation of the first floor of SA will be separately funded in the future once the various student services units occupying this floor are relocated to a new student services center sometime after FY21. Overall, the state-approved program for the SA renovation will provide the campus with a three-building complex (the other two being the new Bioscience Education Center and the existing High Technology & Science Center) supporting the sciences, technology, engineering, and mathematics programs.

In March 2011, the facilities office prepared a facilities construction program for the SA renovation and major addition project. The facilities construction program is also the scope of services advertised for this authorization for award of a design services contract. The project was advertised on April 10, 2013. Since the Board of Trustees does not meet again until September and time is of the essence if the project design is to be initiated this summer, the Board of Trustees is being asked to authorize the president to make the award once the proposals are received and evaluated.

The recommended not-to-exceed contract amount is based on the level of design funding in the current Capital Budget.

RECOMMENDATION

It is recommended that the Board of Trustees, contingent upon the approval by the State of Maryland, authorize the president to appoint the project architect and to award a design services contract not-to-exceed $4,277,000 for the phase 1 renovation and major addition to the Sciences and Applied Studies Building.

Resolved. That the president, contingent upon approval by the State of Maryland, is authorized to approve both an appointment as project architect for the phase 1 renovation and major addition to the Sciences and Applied Studies Building and a contract not-to-exceed $4,277,000 for design and construction administration services for the phase 1 renovation and major addition to the Sciences and Applied Studies Building on the Germantown Campus; and be it further

Resolved. That, upon receipt of the necessary approvals, the president is authorized to execute a contract on behalf of the College for architectural and engineering design services for the phase 1 renovation and major addition to the Sciences and Applied Studies Building on the Germantown Campus.

Resolved. That an agenda item to affirm the results of the award will be submitted to the Board of Trustees in the fall.
BACKGROUND

The director of Auxiliary Services has requested a collegewide contract for food, catering, and vending services for students, faculty, and staff since the current contract expires on June 30, 2013. At its June 2005 meeting by Board resolution #05-50, the Board of Trustees approved an award of contract for these services. As a revenue generating contract, for the last five years, the College received a return of $818,004 from the current food and vending services, which includes two percent of net sales (gross sales less taxes) for food and catering services, and 26.5 percent of vended snacks and coffee services. Under the new contract, the College will receive four percent of net sales (gross sales less taxes) for food and catering services and 30.5 percent of vended snacks and coffee services. Additionally, the College will receive $485,000 for facility upgrades, $50,000 for in-kind catering support and a $75,000 continuity bonus.

On January 18, 2013, a request for proposal was issued. Five responses, including three no-bids were received February 22, 2013. All responses were evaluated based on established criteria. A committee consisting of Auxiliary Services staff and College stakeholders reviewed and evaluated all submitted proposals. Compass Group (Chartwells Division), Rye Brook, New York was the highest ranked responsible vendor meeting all College requirements.

RECOMMENDATION

It is recommended that the Board of Trustees approve an award of contract for food, catering, and vending services to Compass Group (Chartwells Division), Rye Brook, New York, for a five-year term beginning July 1, 2013, for an annual estimated monetary contribution to the College in the amount of $184,600. In addition, the College will receive $485,000 for facility upgrades, $50,000 of in-kind catering support, and a $75,000 continuity bonus. The total five-year financial commitment to the College is $1,533,000.

CHANGE ORDER APPROVAL
BIOSCIENCE EDUCATION CENTER PHASE 2
BUILDING, GATEWAY SIGNAGE, AND ROAD CONSTRUCTION –
REGULATORY AUTHORITY CHANGES, GERMANTOWN CAMPUS

BACKGROUND

In June 2012, a $58,843,000 contract was awarded by the Board of Trustees to Clark Construction Group LLP, for the Bioscience Education Center Phase 2 Building, Gateway Signage, and Road Construction project. This contract provides for construction of the new Bioscience Education Center building which contains class labs, classrooms, faculty and staff office space and a conference center, as well as provides for the extension of Goldenrod Lane from its current terminus to join with the new extension of Observation Lane from Middlebrook Road.

During the permitting process for the Goldenrod Lane Extension portion of the project, not completed until after contract award, regulatory authorities mandated changes to roadway and utility grading, utility service distribution design, retaining wall construction systems and storm water management systems. These changes alter excavation requirements within the work area, improve erosion and sediment controls used during construction, provide for higher quality retaining wall systems types, and ease maintenance requirements for storm water systems. Minor landscape and lighting plan changes are necessary to coordinate with the changes. This roadway is scheduled to be dedicated to public use and must fully satisfy regulatory authority design requirements. Lower cost solutions are not available for consideration.

Contract document changes were prepared by the project design team in consultation with Central Facilities staff and issued to the contractor for action and pricing. The contractor’s initial cost proposal of $597,244 was evaluated by Facilities staff and the project design team and subsequent negotiation resulted in agreement on a revised change order cost of $499,000. Work can be completed with no change in project schedule, presuming notice to proceed is timely received.

Authorization in support of this change is required immediately in order to enable firm direction with regard to on-going site work activities. Deferring action would result in suspension of work and adversely affect project schedule and cost.

To date, one change order has been issued for this project and sufficient funds are available for this work in the FY13 capital budget Bioscience Education Center project. Board of Trustees approval is required for all capital budget construction change orders at or above $250,000.
RECOMMENDATION

It is recommended that the Board of Trustees approve a $499,000 construction change order to Clark Construction LLP for the Goldenrod Lane extension regulatory authority changes for the Bioscience Education Center Phase 2 Building, Gateway Signage and Road Construction project.

BACKGROUND

In 2008, Maryland House Bill 905 and Senate Bill 438 Education Article, Annotated Code of Maryland, §11-406 (b) (1) (iii) were passed. With the passing of these two bills, legislation requires each private and public institution of higher education in the state of Maryland to develop and implement a plan for a program of cultural diversity, as well submit the plan to the Maryland Higher Education Commission (MHEC). Accordingly, MHEC has required that each institution’s “cultural diversity plan” include the following:

1. Each institution should provide a summary of their institutional plan to improve cultural diversity as required by Education §11-406. Include all major goals, areas of emphasis, and strategy for implementation. Also provide an explanation of how the plan and progress are being evaluated, and indicate where progress has been achieved and areas where continued improvement are needed.

2. Each institution should describe efforts to increase the numerical representation of traditionally underrepresented groups among 1) students, 2) administrative staff, and 3) faculty. This section of your report should detail initiatives designed to recruit and retain traditionally underrepresented students, staff, and faculty. Focus on both campus-wide and program specific initiatives.

3. Each institution should describe efforts designed to create positive interactions and cultural awareness among students, faculty, and staff on campus. This section of your report should detail 1) faculty and staff cultural training programs, 2) curricular initiatives that promote cultural diversity in the classroom, and 3) co-curricular programming for students.

4. If needed, each institution should also describe other initiatives that are central to their cultural diversity plan that are not captured in Sections 2 and 3.

The aforementioned legislation includes a proviso that,

Each public institution must submit its plan to its governing board for its review. Thereafter, the governing board must submit a progress report on the institution’s implementation of the plan to the Maryland Higher Education Commission (MHEC) by September 1. The Maryland Higher Education Commission must review the progress report and monitor compliance with the diversity goals of the State Plan for Higher Education; and MHEC must report to the General Assembly on the extent to which the institutions are in compliance with the diversity goals of the State Plan for Higher Education.
Pursuant to the requirements of this legislation and MHEC guidance, Montgomery College developed a diversity plan. To develop the plan, the Office of Equity and Diversity established a Diversity Plan Committee. The committee was comprised of a broad cross-section of the College’s key stakeholders — appointed by each senior vice president, each governance council, and each campus and Workforce Development & Continuing Education vice president and provost. Dr. Eun-Woo Chang and Dr. Clarice Somersall served as the committee co-chairs. The essential work of the committee was to actively, strategically pursue the next phase of the College’s diversity and inclusion work by proposing the College’s preferred future in that regard. As a result of the committee’s work, the Montgomery College Diversity Plan: *Our College Roadmap for Ensuring and Sustaining Diversity and Inclusive Excellence* was developed — a multi-year action plan that will be implemented during FY14 – FY20. The plan identifies a current, relevant, measurable, and achievable preferred future for institutional diversity and inclusion that aligns with the five thematic areas of *MC 2020*. As a complement to *MC 2020*, the plan specifically articulates the College’s commitment to achieve diversity and inclusion and proposes strategies to actualize its commitment. In compliance with mandates as outlined by the state, the plan demonstrates the College’s good faith efforts for removing barriers to expand and sustain diversity.

**RECOMMENDATION**

It is recommended that the Board of Trustees review and approve the Montgomery College Diversity Plan: *Our College Roadmap for Ensuring and Sustaining Diversity and Inclusive Excellence* and that the president forward it to the Maryland Higher Education Commission.
