AWARD OF CONTRACT FOR ARCHITECTURAL AND ENGINEERING SERVICES
FOR THE ROCKVILLE PARKING GARAGE, ROCKVILLE CAMPUS, BID NO. 613-005

BACKGROUND

This contract award provides for architectural and engineering services for the Rockville Parking Garage on the Rockville Campus. The parking structure is planned for approximately 800 vehicles and will be located on the east end of Lot #4 adjacent to the Physical Education Building in accordance with the College’s Facilities Master Plan.

A Request for Proposal (RFP) for architectural and engineering services was advertised on June 19, 2013, and received by 98 firms. Eleven proposals were received on July 18, 2013. In accordance with the College’s qualification-based selection process for consultant services, a selection committee comprised of staff from the Office of Facilities as well as campus academic staff completed a thorough review and evaluation of all proposal submissions and identified three highly qualified firms for interviews. Based on the interviews and the final evaluation of each firm’s qualifications, the selection committee recommended that Carl Walker, Inc., of Woodbury, New Jersey, be appointed project architect for the Rockville Parking Garage.

Based upon this recommendation, the Office of Facilities requested a fee proposal from the project architect for professional services for the design of the Rockville Parking Garage. Negotiations with the project architect resulted in a final fee of $1,732,999. In addition, reimbursable expenses for travel, reproduction, and similar expenses are estimated to be $60,000, and will be separately paid from project funds when submitted and approved over the course of this contract. The final fee compares favorably with the College’s estimated cost for this project in the amount of $2,152,000. Board approval is required for contract awards valued above $250,000.

Funding for design services for the project was approved in the FY14 capital budget. Sufficient funds are available for the award of the design contract. Carl Walker, Inc., has extensive experience in the design of parking facilities for higher education institutions. Staff reviewed the firm’s references and received favorable responses.

RECOMMENDATION
