Reason for Policy

Montgomery College seeks to expand its fundraising efforts to capitalize on the demand for more choice in how potential donors interact with the College. Many institutions have implemented crowdfunding as a method of fundraising that leverages the nature of the growing digital demographic and provides the tools, networks, and outreach to which social media users have grown accustomed. The intent of this policy is to create a framework for internet-based social fundraising whereby an individual or group of individuals associated with Montgomery College may solicit the general public for donations to support a project or initiative.

Resolution
Policy 62004–Crowdfunding

RESPONSIBLE SENIOR ADMINISTRATOR

Mr. Sears

RESOURCE PERSON

Ms. Pina
I. Crowdfunding is an internet-based social fundraising effort in which an individual or group of individuals solicit the general public for donations to support a project or initiative.

II. The Montgomery College Foundation, Inc. (the “Foundation”) has been designated by the College as a receiving agency for all gifts donated to benefit the institution. The College confirms that the Foundation is authorized to support approved technology platforms to host crowdfunding campaigns and, with appropriate approval, will support campaigns launched via an approved platform. All gifts must be compliant with the College’s mission.

III. To ensure compliance with College policies and local, state, and federal laws, all crowdfunding projects must be pre-approved by the appropriate program director, chair, dean, vice president, and/or senior vice president along with the Foundation’s crowdfunding committee. Projects cannot violate any laws. Funds may not be re-directed or be used as a pass-through to any third-party entities. The College reserves the right to decline any project based on content or to discontinue an active fundraiser at any time due to a group’s eligibility status. The College reserves the right to discontinue any crowdfunding effort without notice for any failure to comply with College policies or if a college group’s or student group’s status has been deemed ineligible. All monies raised will be used for the stated intention.

IV. Persons wishing to conduct crowdfunding campaigns must apply to the Foundation on a form specified by the Foundation for this purpose. All crowdfunding volunteers are strictly prohibited from keeping any portion of the funds raised.

V. The President is authorized to establish procedures necessary to implement this policy.

Reason for Policy

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973 ("Section 504") prohibit postsecondary institutions from discriminating against individuals with disabilities. The US Department of Education's Office for Civil Rights (OCR) has indicated through complaint resolution agreements and other documents that institutions covered by the ADA and Section 504, which use the Internet for communication regarding their programs, goods, or services, must make that information accessible. In an OCR settlement agreement, the federal agency stated that whether the communication is via media, print, or the Internet, postsecondary institutions must "effectively communicate" with individuals with disabilities including students, faculty, staff, and the wider community. This proposed Electronic Information Technology Accessibility Policy ensures technology that is created, maintained, or obtained by Montgomery College is accessible to all students, including those with disabilities.

Policy 66004—Electronic Information Technology Accessibility

RESPONSIBLE SENIOR ADMINISTRATOR

Dr. Wormack

RESOURCE PERSONS

Mr. Moy
Mr. Whitman
WHEREAS, The president has identified the need for a policy to address the accessibility of electronic information technology and equal access for all students, employees, and members of the College community; and

WHEREAS, The issues related to electronic information technology accessibility have been researched under the direction of the president; and

WHEREAS, A draft policy statement was reviewed by the appropriate College community stakeholders for their feedback; and

WHEREAS, The president recommends that the Board adopt the policy; now therefore be it

Resolved, That Policy 66004–Electronic Information Technology Accessibility be adopted as indicated in the attachment; and be it further

Resolved, That the president is authorized to implement this policy.
I. Montgomery College is committed to providing equal access to College programs, services and activities, and environments in which electronic information technology is used.

II. Implementing this policy will help ensure that all individuals have access to information technology associated with administration and services, courses of instruction, departmental programs, and College-sponsored activities as required by Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act As Amended (2009).

III. It is the policy of the Board of Trustees that the College will:

   A. Use web page design standards that improve accessibility for all, including those with disabilities.
   
   B. Use hardware and software products that promote universal design and access.
   
   C. Design and implement work and learning environments that accommodate all users.
   
   D. Disseminate electronic documents and multimedia on web pages that are consistent with this policy.

IV. Undue burden and/or non-availability of accessible technology may qualify as an exemption from this Policy.

V. The president is authorized and directed to establish procedures necessary to implement this policy.

Subject: Modification of Policy 31009–Employee Indebtedness

WHEREAS, The Board of Trustees created Policy 31009–Employee Indebtedness in 1991; and

WHEREAS, The policy has served an important purpose in supporting prudent fiscal control of College resources; and

WHEREAS, The policy has been reviewed by the appropriate College community stakeholders for their feedback and has been updated; and

Resolved, That Policy 31009–Employee Indebtedness be amended as indicated in the attached draft; and be it further

Resolved, That the president is authorized to implement these changes.
Subject: Employee Indebtedness

I. The Board of Trustees recognizes that prudent fiscal control includes the active collection of all indebtedness, including employee indebtedness.

II. If an employee or former employee has been overpaid by the College, the overpayment is a legal debt and must be repaid in full. It is the policy of Montgomery College to initiate recovery efforts on all employee indebtedness as soon as the debt is discovered.

III. In all cases, College employees will be notified of any indebtedness and given the available options for repayment, given prior notice of a proposed deduction from their salary to offset the employee's debt and an opportunity to rebut the College's claim.

IV. The president is authorized to establish procedures necessary to implement this policy.

Subject: Modification of Policy 41001–Admission to Montgomery College

WHEREAS, The Board of Trustees created Policy 41001–Admission to Montgomery College in 1980; and

WHEREAS, The policy has served an important purpose in honoring the College’s commitment of equal opportunity in student admissions and financial assistance; and

WHEREAS, The policy has been reviewed by the appropriate College community stakeholders for their feedback and has been updated; and

Resolved, That Policy 41001–Admission to Montgomery College be amended as indicated in the attached draft; and be it further

Resolved, That the president is authorized to implement these changes.
I. Admissions Policy

Montgomery Community College is committed to a policy of equal opportunity in student admissions, student financial assistance and other student policies and procedures without regard to age, sex, race, color, religious belief, national origin, or disability.

II. It is the policy of the Board of Trustees of Montgomery Community College that all who are high school graduates, or the equivalent, and who can benefit from the programs and services of the College, shall qualify for admission. Others may also, under certain circumstances, be considered for admission. In order to accommodate the various interests and goals of persons requesting admission to the College, applicants, depending on their objectives and educational background, are admitted to the credit programs and courses of the College in the following categories: degree or certificate seeking (curriculum decided); degree or certificate seeking (curriculum undecided); or non-degree seeking.

III. In setting priorities for admission to limited-enrollment curricula, the President (or designee) is authorized to establish minimum standards for admission to such curricula, as well as criteria to rank applicants for admission to such curricula in circumstances where the number of applicants exceeds the number of available spaces.

Applicants may also be admitted to noncredit continuing education courses.

IV. The President is authorized to develop procedures necessary to implement this policy.

Policy 43001—Workforce Development & Continuing Education Programs (revised version)

RESPONSIBLE SENIOR ADMINISTRATOR

Dr. Rai

RESOURCE PERSON

Mr. Payne
WHEREAS, The Board of Trustees created Policy 54001–Workforce Development & Continuing Education Program in 1986; and

WHEREAS, The policy has served an important purpose in setting forth the value of noncredit programs and the College’s responsiveness to community needs; and

WHEREAS, The policy has been reviewed by the appropriate College community stakeholders for their feedback and been updated; and

WHEREAS, The president recommends that the Board adopt the modifications; now therefore be it

Resolved, That Policy 54001–Workforce Development & Continuing Education Program be amended as indicated in the attached draft; and be it further

Resolved, That the president is authorized to implement these changes.
I. The Workforce Development & Continuing Education programs include the administration of off-campus credit courses for business, nonprofit, and governmental agencies and the development and administration of all noncredit offerings.

II. Credit courses and programs offered through Workforce Development & Continuing Education are subject to the same academic standards, policies, and procedures as are campus-based credit courses and programs.

III. The noncredit program includes courses, activities, and programs of a postsecondary nature which are nontraditional in structure of various lengths and formats and are responsive to community needs.

IV. The primary area of service will be Montgomery County. However, in accordance with Board policy, the County community may also be served by conducting some programs at out-of-county locations.

V. The Vice President for Workforce Development & Continuing Education is responsible and accountable to the President for the management of all programs offered through the Workforce Development & Continuing Education unit.

VI. In order to facilitate the development and offering of a wide variety of continuing education programs, the College President or designee is authorized, within the authority of pertinent Board policies:

A. To establish a separate, continuing, revolving fund and budget that will be used to support the budgets adopted by the Board of Trustees for the support of the College’s Workforce Development & Continuing Education program. This fund shall be for the receipt and expenditure of tuition, fees, special charges, state aid, grants, and other revenue necessary to conduct a continuing education program.

B. So that the Workforce Development & Continuing Education program is self-supporting, to establish the tuition and fees to be charged by those who enroll or otherwise participate in the various noncredit continuing education offerings.

C. To establish a salary schedule for noncredit instructional faculty that operates within the guidelines necessary for the support of the programs and activities sponsored by Workforce Development & Continuing Education.

VII. All Workforce Development & Continuing Education programs will be conducted and financed in accordance with applicable State laws and regulations and in compliance with the policies and procedures of the College.

VIII. The President is authorized to establish procedures to implement this policy.

Subject: Assessment Testing and Appropriate Course Placement

I. Because student completion and retention and program quality are significant outcome measures by which higher education in general and the College in particular are evaluated, the Board of Trustees of Montgomery College endorses a process of appropriate course placement and directs the President to develop appropriate methods of implementation and evaluation and to annually report on the program. Student success is the primary goal of Montgomery College and the driving force behind everything related to the College. We further acknowledge that among the ways to facilitate student success and allow them to progress through their chosen pathway is through the assessment of student academic skills and the placement of students in appropriate courses.

II. Program quality, student completion, and student retention are important outcome measures by which the College holds itself accountable. The Board of Trustees of Montgomery College endorses a process of assessment and placement so that students are able to enroll in courses for which they demonstrate academic readiness and which will enable them to move through their program pathway.

II. Course placement will be based on the results of appropriate measures and academic advising processes that evaluate the students’ entry level skills, and thereby permit students to enroll in courses for which they demonstrate academic readiness. The president is authorized to develop procedures to implement this policy.

<td>Explanation of Request:</td>
<td>This project provides for the realignment and renovation of space in the Science and Applied Studies Building (SA) on the Germantown Campus in accordance with the College’s Facilities Master Plan. The renovated building will house open class labs, classrooms, offices and support space related to the physics, engineering, and mathematics departments. This work represents the first phase of a planned two-phase project. The second phase will occur after the construction of a new Germantown Student Services Center Building, which is proposed in the long-term plan for the Campus. With an August 2018 completion date of the SA renovation, the project contract documents, including drawings and specifications, were prepared by architectural and engineering consultants and Central Facilities staff for the Phase One renovation and addition of the Science and Applied Studies Building. The cost estimate submitted by the architect during the preparation of the construction documents was $27,300,000, and the approved Maryland state-funded construction budget for the project is $30,840,000. A two-part request for proposal process was used to afford the College the benefit of a best-value solicitation and to meet the project delivery requirement to complete the work this summer. The contract will be awarded to the most responsible and responsive qualified bidder with the lowest base price total that can meet or exceed the terms, conditions, and specifications of this solicitation, including project delivery requirements.</td>

<td>In October 2014, Montgomery College, in partnership with 13 other community colleges across Maryland, was awarded a $14.9 million Trade Adjustment Community College Career Training (TAACCCT) grant from the US Department of Labor to develop career pathways for students seeking employment in the cybersecurity and IT industries. Through this grant, students will receive intensive career counseling, including training in job search techniques, interviewing skills, and resume building, so that they will be prepared to seek employment in entry level positions within the cyber and IT industries. Additionally, students will be given the opportunity to participate in internship programs with our industry partners, so that they will be able to gain on-the-job experience, further enhancing their career prospects. The student skills profiler and virtual internship tool will be the main conduit for allowing the students to explore employment and internship opportunities with our partner businesses, as well as, allowing our industry partners to directly recruit from our program participants.</td>
