Resolution
Policy 65001–Reimbursement for Travel and Related Expenditures (revised version)

RESPONSIBLE SENIOR ADMINISTRATOR

Dr. Wormack
WHEREAS, The Board of Trustees created Policy 65001–Reimbursement for Travel and Related Expenditures in 1982; and

WHEREAS, The policy has served an important purpose in promoting fiscally responsible arrangements for officially approved travel on College business; and

WHEREAS, The policy has been reviewed by the appropriate College community stakeholders for their feedback and been updated; and

WHEREAS, The president recommends that the Board adopt the modifications; now therefore be it

Resolved, That Policy 65001–Reimbursement for Travel and Related Expenditures be amended as indicated in the attached draft; and be it further

Resolved, That the president is authorized to implement these changes.
Resolution Number: 17-06-048
Agenda Item Number: 7C i
Adopted on: 6/19/2017
June 19, 2017

Subject: Retirement of Mr. Stephen R. Ambrose

WHEREAS, Mr. Stephen R. Ambrose served Montgomery College with enthusiasm and dedication for 40 years as a full-time staff member and retired from the College as of January 1, 2017 and;

WHEREAS, He began his career at Montgomery College as a programmer, during which time he supported finance, budget, and payroll systems; he was later promoted to analysis and programming manager, where he served as the primary analyst programmer for the student information system; and

WHEREAS, Mr. Ambrose helped develop the first online Student accounts receivable and online financial aid system for the College; he was involved in setting up both the student information system and the Banner information system at the College and provided valuable programming advice to both vendors and the implementation team; some of the programs were adopted by the vendor in its main product as well; and

WHEREAS, He received an Outstanding Service Award in 1993 for exceptional work performed on the information resource plan and a Special Recognition Award in 2007; and

WHEREAS, Mr. Ambrose enjoyed helping students have better access to information and data through implementation of various online applications; these applications helped students develop a plan for their academic journey at the College; and

WHEREAS, The senior vice president for administrative and fiscal services and the president of the College recommend this public recognition of Mr. Stephen R. Ambrose on the occasion of his retirement; now therefore be it

Resolved, That the members of the Board of Trustees express their sincere appreciation to Mr. Stephen R. Ambrose for his outstanding service to the College and extend to him their best wishes that his retirement years be fulfilling and productive; and be it further

Resolved, That this resolution become a part of the minutes of this Board of Trustees meeting, and a copy of this resolution be presented to Mr. Stephen R. Ambrose.
WHEREAS, Mr. Mark B. Bandak served Montgomery College with enthusiasm and dedication for more than 32 years and retired from the College on April 1, 2017; and

WHEREAS, He began his employment at Montgomery College as a systems programmer in the Application Services Department on the Rockville Campus, later worked on both the Takoma Park/Silver Spring and Germantown campuses to lead the project for the initial local area network implementation, and eventually worked for the Application Services Department to support the College’s payment gateway TouchNet; and

WHEREAS, Mr. Bandak utilized his vast experience both in server technologies and secure networks to help implement core technologies at Montgomery College, which, in turn, enhanced the student experience at the College; and

WHEREAS, Mr. Bandak’s commitment to students and to the goals of information literacy enriched the College’s provision of services, and culminated toward the end of his career in the College working to achieve payment card industry compliance; and

WHEREAS, The senior vice president for administrative and fiscal services and the president of the College recommend this public recognition of Mr. Mark B. Bandak on the occasion of his retirement; now therefore be it

Resolved, That the members of the Board of Trustees express their sincere appreciation to Mr. Mark B. Bandak for his outstanding service to the College and extend to him their best wishes that his retirement years be fulfilling and productive; and be it further

Resolved, That this resolution become a part of the minutes of this Board of Trustees meeting, and a copy of this resolution be presented to Mr. Mark B. Bandak.
WHEREAS, Ms. Kit-Wah P. Boyce served Montgomery College with enthusiasm and dedication for more than 23 years as a full-time staff member and retired from the College as of February 1, 2017; and

WHEREAS, Ms. Boyce began her career as an instructional assistant in the Office of Disability Support Services on the Rockville Campus before progressing to assistive technology specialist and equity and diversity specialist in the Office of Equity and Diversity, and later in the Office of Human Resources and Strategic Talent Management; and

WHEREAS, She demonstrated initiative in working with students who had difficulty using software programs necessary to complete assignments, and helped them to find alternative methods for them to learn; and

WHEREAS, She learned all aspects of software programs and adaptive technology and combined this with her technical knowledge, analytical skills, and tutoring experience to serve students in an effective manner; and

WHEREAS, She upgraded software in the Learning Center, diagnosed hardware problems, and suggested solutions to computer technicians, thus saving them time when calls came to the center, and she improved and updated the methods to gather and report data, and created new ways to track students' weekly progress on their assignments; and

WHEREAS, Ms. Boyce received a Special Recognition Award in 2011 for supporting the Center for Teaching and Learning with her time and skills and a Special Recognition Award in 2013 for outstanding service and performance; and

WHEREAS, She was a team player and had a genuine concern for students, faculty, and staff with disabilities, and was persistent in finding solutions to enable them to be successful; and

WHEREAS, The senior vice president for administrative and fiscal services and the president of the College recommend this public recognition of Ms. Kit-Wah P. Boyce on the occasion of her retirement; now therefore be it

Resolved, That the members of the Board of Trustees express their sincere appreciation of Ms. Kit-Wah P. Boyce for her outstanding service to the College and extend to her their best wishes that her retirement years be fulfilling and productive; and it be further

Resolved, That this resolution become a part of the minutes of this Board of Trustees meeting, and a copy of this resolution be presented to Ms. Kit-Wah P. Boyce.

WHEREAS, Professor Raymond J. Kimball served Montgomery College with enthusiasm and
dedication for more than 15 years and retired from the College as of February 1, 2017; and

WHEREAS, Professor Kimball served as faculty and director of the Tech Leap program for 15 years,
bringing new, relevant, and impactful programs to the community and vital, relevant technical skills to
students; and

WHEREAS, He was committed to the Tech Leap program, bringing great energy and tireless
dedication to student success, and extending his service beyond program administration to providing
direct teaching, counseling, assessing, and identifying internship and job opportunities to more than
1,000 students over 15 years, with a 98 percent success rate in placing students in jobs; and

WHEREAS, He established innovative partnerships with local and regional employers, particularly
small and mid-sized businesses, which enhanced and augmented Montgomery College’s connections
to the business community on behalf of students and student employment; and

WHEREAS, Professor Kimball created an innovative internal internship partnership with the College’s
Office of Information Technology, where a number of students were eventually hired; and

WHEREAS, Professor Kimball was awarded the Montgomery College Faculty of the Year Award in
2009; and

WHEREAS, He provided leadership in the technology arena; his managers, colleagues and direct
reports appreciated the mentoring and encouragement he provided and his efforts to foster and
further Montgomery College’s excellent reputation, and his indefatigable dedication to student
success; and

WHEREAS, College policy provides that all faculty holding faculty rank who retire with a minimum of
10 years of service with Montgomery College shall be designated faculty emeritus(a) with the
appropriate rank or title, subject to approval of the Board of Trustees; and

WHEREAS, The senior vice president for academic affairs and the president of the College
recommend this public recognition of Professor Raymond J. Kimball on the occasion of his
retirement; now therefore be it

Resolved, That the members of the Board of Trustees express their sincere appreciation to Professor
Raymond J. Kimball for his outstanding service to the College and extend to him their best wishes
that his retirement years be fulfilling and productive; and be it further
Resolved. That Professor Raymond J. Kimball is granted the status of Professor Emeritus, and that he be accorded such recognition and honors as may be appropriate to persons holding this rank; and be it further

Resolved, That this resolution become a part of the minutes of this Board of Trustees meeting, and a copy of this resolution and the Silver Medallion be presented to Mr. Michael D. Priddy.
DELETION OF THE COMPUTER APPLICATIONS ASSOCIATE OF APPLIED SCIENCE DEGREE

BACKGROUND

The Maryland State Plan for Postsecondary Education states that “Maryland will achieve a system of postsecondary education that advances the educational goals of all by promoting and supporting access, affordability, and completion.” Montgomery College echoes that goal by affirming that Montgomery College will “cultivate, implement, and assess student access strategies, initiatives, and resources to ensure Montgomery County residents are provided the opportunity to complete a college education.”

The computer applications associate of applied science degree program was recommended for deletion by the College Area Review committee due to consistent low enrollment and lack of broad transferability. The computer applications program will continue to offer the database systems and information technology certificates.

Students currently enrolled in the computer applications program will be notified that the program will be deleted effective fall 2017. Students can receive extensive assessment and advising sessions with department faculty and advisors and will have until May 2019 to complete the computer applications associate of applied science degree or change majors.

Upon the Board’s approval, as described in the Education Article of the Annotated Code of Maryland, section 16-103, an application will be submitted for state approval to the Maryland Higher Education Commission.

RECOMMENDATION

It is recommended that the Board of Trustees approve the deletion of the computer applications associate of applied science degree, and that an application for this deletion be submitted to the Maryland Higher Education Commission.

Subject: Deletion of the Computer Applications Associate of Applied Science Degree

WHEREAS, The Maryland State Plan for Postsecondary Education strongly recommends that higher education institutions strive to meet the educational needs of students by promoting student success and completion; and

WHEREAS, Montgomery College’s mission and vision statements echo this recommendation; and

WHEREAS, The computer applications program is one of several low enrollment/low completion programs at the College; and

WHEREAS, The College Area Review Committee has recommended the deletion of the computer applications associate of applied science degree; and

WHEREAS, Eliminating the computer applications degree program will enhance student success and completion by directing students to other degree programs; and

WHEREAS, Currently enrolled students will receive academic advising and will be allowed to complete the computer applications associate of applied science degree according to established College guidelines; and

WHEREAS, The senior vice president for academic affairs and the president of the College recommend the following action; now therefore be it

Resolved, That the members of the Board of Trustees approve the deletion of the computer applications associate of applied science degree; and be it further

Resolved, That an application for deletion of the computer applications associate of applied science degree be forwarded to the Maryland Higher Education Commission.
ACCEPTANCE OF ANNUAL PROGRESS REPORT ON PROGRAMS OF THE CULTURAL DIVERSITY PLAN

BACKGROUND

Maryland state legislation passed in 2008 requires every higher education institution to develop and implement a plan for a program of cultural diversity. Accordingly, each “cultural diversity plan must include an implementation strategy and time line for meeting the goals.” The Montgomery College plan was adopted by the Board in June 2013. The plan is a multi-year action plan that the College is implementing over a period of seven years—fiscal years 2014 through 2020.

In addition, the Maryland Higher Education Commission (MHEC) requires an annual progress report from institutions. Specifically, as required by section 11-406 of the Education Article, the governing body of each Maryland public college and university is required to submit, by September 1 of each year, a report summarizing institutional progress toward the implementation of its plan for cultural diversity. As per the statute, the Commission is required to review each plan, monitor each institution’s progress toward achieving the goals outlined in its plan, and assess each plan’s adequacy and compatibility with the state’s goals for higher education. Additionally, the Commission is required to report its findings to the Maryland Senate’s Education, Health, and Environmental Affairs Committee; the Senate Budget and Taxation Committee; the House Appropriations Committee; and the House Committee on Ways and Means by December 1 of each year.

As required by section 11-406 of the Education Article, the attached report is Montgomery College’s annual progress report of its program of cultural diversity and provides a report on progress made during fiscal year 2017. The Office of Human Resources and Strategic Talent Management (HRSTM) has prepared this report, which summarizes institutional progress toward implementing the College’s plan for cultural diversity. The report highlights some of the ways Montgomery College addresses diversity among its students, faculty, and staff through programming, training, professional development, recruitment, support, retention, financial assistance, and access. Because of the importance of implementing this plan and producing measurable results, annual reports will be presented to the Board of Trustees for submission to MHEC.

RECOMMENDATION

It is recommended that the Board of Trustees accept the Montgomery College Programs of Cultural Diversity Annual Progress Report for fiscal year 2017 and authorize the president to forward it to the Maryland Higher Education Commission.

Reason for Policy

Initial interest in creating an employee code of conduct came from the Common Employee Experience Committee and from the 2014 annual Ombuds Report, which contained a recommendation to “collaboratively develop, adopt, and implement a Code of Ethics and Standards of Conduct for all College employees.” President DeRionne Pollard charged an ad hoc committee of governance representatives to research best practices in higher education and corporate organizations regarding employee codes of conduct. Extensive work was done within governance for more than two years on the development of a proposed Employee Code of Conduct, including focus groups, online surveys, and a website with information and a dedicated email address for comments. The Code of Ethics and Employee Conduct furthers the College’s commitment to integrity by articulating shared ethical standards and holding employees accountable for their behavior.

BOARD OF TRUSTEES  
MONTGOMERY COLLEGE  
Rockville, Maryland  

Agenda Item Number: 13A  
June 19, 2017  

FINAL ADOPTION OF THE FY18 CURRENT, ENTERPRISE,  
AND OTHER FUND BUDGETS  

BACKGROUND  

On January 23, 2017, the Board of Trustees adopted a budget in the amount of $264,221,445 for the current fund. The Board also approved $17,784,950 for the Workforce Development & Continuing Education (WD&CE) Fund, and $1,638,620 for the Auxiliary Enterprises Fund, for a total of $19,423,570 in special fund budgets. It is necessary to re-adopt the current fund budget since the county council’s final appropriation for the current fund is $262,009,376.  

County funding increased $5,200,000 or 3.9 percent from the prior year. During its May 2017 meeting, the Board of Trustees authorized tuition rate increases of $2 per credit for in-county, $4 per credit for in-state, and $6 per credit for out-of-state. The change in tuition rates is reflective of the one-time tuition supplemental grant the College received from the state. This grant provides funds to limit tuition increases to two percent. This budget includes the use of fund balance of $2,559,470. Total state aid funding for FY18, which includes the operating budget and WD&CE, is $247,204 higher than the amount budgeted for the College in FY17.  

This budget funds salary and benefit improvements for our faculty, staff, and administrators of $5,851,339; same service costs of $698,542 covering utilities, lease, and maintenance cost increases; and initiatives totaling $1,108,102, which includes additional funds for grant scholarships, new funding for Achieving the Dream efforts, one-time funding for honors and open educational resources activities, and five new security personnel. This budget also includes a commitment to financial stewardship by reducing organizational budgets by $6,466,386.  

The other funds (Emergency Plant Maintenance and Repair Fund, county-funded grant, Major Facilities Reserve Fund, Montgomery College 50th Anniversary Endowment Fund, Transportation Fund) remain as adopted and no further changes are necessary to the Board’s original authorization. The federal, state, and private grant and contract funds was increased a net $2.5 million to $22,244,655 to reflect updated projected expenditure outlays in FY18 for three federal Department of Labor grants and an adjustment for the state tuition grant to reflect a non-mandatory transfer to fund the current funds budget. Cable television was decreased by $5,275 to $1,683,725 to reflect final county council action on the County Cable TV and communications plan budget.  

There is a provision in this resolution to re-appropriate encumbered FY17 balances in FY18. This action will allow funding for items encumbered in the current fiscal year to automatically be re-appropriated in the next fiscal year.
RECOMMENDATION

It is recommended that the Board re-adopt the FY18 current fund and special funds budgets as presented on the attached and authorize the president to implement the budgets that are subject to final county council funding actions in June 2017.

Ms. Hickey
WHEREAS, The Board of Trustees adopted the College’s Fiscal Year 2018 operating budget on January 23, 2017, by Board Resolution 17-01-008; and

WHEREAS, Montgomery College submitted a budget that was fiscally responsible; and

WHEREAS, The Montgomery County Council considered the budget in work sessions during April and May 2017, and approved $262,009,376 for the current fund, and $19,423,570 for the special funds; and

WHEREAS, The county executive and council recognized the valuable contribution that Montgomery College makes to the community and funded $5,200,000 for compensation increases for employees; and

WHEREAS, The council has approved the College’s FY18 operating budget for state-mandated functions and appropriated a current fund expenditure authority of $262,009,376; and

WHEREAS, By the same resolution, the council appropriated the expenditure authority for the special funds as follows: Workforce Development & Continuing Education Fund, $17,784,950, and Auxiliary Enterprises Fund, $1,638,620; and

WHEREAS, The College is requesting authority for encumbered expenditures to be carried into the next fiscal year; and

WHEREAS, The foregoing expenditure appropriation has been applied to functional expense categories to reflect council actions; now therefore be it

Resolved, That the Board of Trustees hereby re-adopts the FY18 College current fund operating budget in the amount of $262,009,376; Workforce Development & Continuing Education Fund in the amount of $17,784,950; the Auxiliary Enterprises Fund in the amount of $1,638,620; the federal, state and private grant and contract fund in the amount of $22,244,655; and the College Cable TV fund in the amount of $1,683,725; and be it further

Resolved, That the Board of Trustees authorizes re-appropriation and expenditures of encumbered FY17 appropriations for all funds, permitting the funds to be spent in FY18 (unencumbered appropriations lapse at the end of FY17); and be it further

FINAL ADOPTION OF THE FY18 COLLEGE CAPITAL BUDGET

BACKGROUND

On May 25, 2017, the Montgomery County Council approved the College’s FY18 capital budget by appropriating $40,829,000 to fund 16 projects. The council’s approved budget (council resolution 18-816) is made up of the following:

Disappropriation: Rockville Science East Building Renovation ($1,861,000)

The approved FY18 capital budget provides full funding for the Takoma Park/Silver Spring Math and Science Center design, as well as the furniture and equipment funding for the Germantown Science and Applied Studies Building renovation. The county approved a modest increase for state approved cost escalation of three percent for these projects, which are split between the state and the county.
During the county’s reconciliation process, funding was accelerated for the planned lifecycle asset replacement project, which resulted in an FY18 appropriation increase of $1,861,000. The county decreased funding for the planning, design, and construction project by $74,000, and there was a disappropriation of funding totaling $1,861,000 for the completed Rockville Science East Building renovation project.

The College self-funded two projects within the FY18 capital budget. New for FY18 is the collegewide road/parking lot maintenance and repairs project, which is funded through the transportation fund. The physical education project is funded through the major facilities fee, and will support the installation of a turf soccer field on the Rockville Campus.

**RECOMMENDATION**

It is recommended that the Board adopt the FY18 capital budget as appropriated by the Montgomery County Council and authorize the president to implement the approved budget. The attached resolution provides for the formal action taken each year following the council’s appropriation of the College’s capital budget.

PETITIONS FOR FY18 STATE FUNDING

BACKGROUND

On May 25, 2017, the Montgomery County Council appropriated the College’s FY18 capital budget, including funds for two state-assisted projects, the Takoma Park/Silver Spring Math and Science Center design, and the Germantown Science and Applied Studies renovation and addition Phase 1 furniture and equipment. The county executive and the county council have been informed that the College will petition the state for final approval of funding for these two projects.

The state and county funding levels for these projects are outlined below. The FY18 appropriation for the Takoma Park/Silver Spring Math and Science Center project design is $10,276,000 ($5,138,000 in county aid and $5,138,000 through state support). The FY18 appropriation for the Germantown Science and Applied Studies renovation and addition Phase 1 furniture and equipment is $5,316,000 ($2,860,000 in county aid and $2,456,000 through state support).

The attached resolutions and county council petitions are in the format prescribed by the state and county. In addition, the petition outlines the contingent nature of the council’s approval, which requires state approval of the College’s projects as part of the FY18 bond bill. With the Board’s adoption of this resolution, the request is forwarded to the county council for action on the state grant petitions.

RECOMMENDATION

It is recommended that the Board of Trustees formally request the county council to petition the state for $5,138,000 for the design of the Takoma Park/Silver Spring Math and Science Center project, and for $2,456,000 for the Germantown Science and Applied Studies renovation and addition Phase 1 furniture and equipment.

Subject: Proposal to Construct a Public Junior/Community College or Additions Thereto, Takoma Park/Silver Spring Math and Science Center Project for Design

WHEREAS, The General Assembly of Maryland has enacted various community college construction loan acts that provide state funds to assist the various counties in financing the costs of acquiring land and constructing public junior, community, or regional community college buildings and facilities, the costs of which were incurred after the effective dates of the acts; and

WHEREAS, The Board of Trustees of Montgomery Community College proposes undertaking design of the Math and Science Center project on the Takoma Park/Silver Spring Campus of the College and has determined that the sum of $5,138,000 in state financial assistance available under the loan acts is needed for this purpose; now therefore be it

Resolved, That the Board of Trustees of Montgomery Community College requests that the Montgomery County Council approve the proposal to undertake the design of the Math and Science Center project on the Takoma Park/Silver Spring Campus of the College as set forth in the application for financial assistance; file, as required by the loan acts and contingent on enactment of the FY18 state of Maryland capital budget by the 2017 session of the General Assembly and its approval by the governor, the necessary petition with Maryland Higher Education Commission for a state grant in the amount of $5,138,000, and make available the necessary local funds for completion of the project.

Date: _________________
SUBJECT: Petition for state grant of $5,138,000 for the design of the Math and Science Center project on the Takoma Park/Silver Spring Campus of the College

Background

1. The General Assembly of Maryland has enacted various community college construction loan acts that provide state funds to assist the counties in financing the costs of acquiring land and constructing public junior, community, or regional community college buildings and facilities, the costs of which were incurred after the effective dates of the acts.

2. The county council must file a petition to participate in the financial assistance provided in the acts with the Maryland Higher Education Commission.

3. The Board of Trustees of Montgomery Community College proposes undertaking the design of the Math and Science Center project on the Takoma Park/Silver Spring Campus of the College in Montgomery County. Upon resolution duly adopted by the Board, the Board requests the county council to petition the Maryland Higher Education Commission for a grant of $5,138,000 needed to assist the financing of the public community college project which is described in the application for financial assistance.

2. In the FY18 capital budget for Montgomery College, the Board of Trustees proposed undertaking the design of the Math and Science Center project on the Takoma Park/Silver Spring Campus of the College. On May 25, 2017, the county council approved $5,138,000 for this project, contingent on the receipt of $5,138,000 from the state in FY18.

3. In March 2017, the state General Assembly and the Governor approved the FY18 state of Maryland capital budget, which included $5,138,000 for the design of the Math and Science Center project on the Takoma Park/Silver Spring Campus of the College. However, the Board of Public Works must still approve the specific grant and the necessary contracts. Before this approval, the county council must file a petition to participate in the financial assistance provided in the acts with the Maryland Higher Education Commission. After the commission receives this petition, the commission will recommend to the Board of Public Works that the Board approve the grant and the contracts.
The county council for Montgomery County, Maryland, approves the following action:

1. In accordance with the enactment by the 2017 session of the General Assembly of the FY18 state of Maryland capital budget and approval by the governor, the county petitions the Maryland Higher Education Commission for a grant of $5,138,000 from the available funds of the various community college construction loan acts in order to participate in the available financial assistance.

2. If the Maryland State Board of Public Works approves a grant of less than fifty percent (50%) of the estimated total cost for the design of the Math and Science Center project on the Takoma Park/Silver Spring Campus of the College, and the county council has not already agreed to the fund the difference as a part of the approved capital improvements program, the College must notify the county executive and the county council by requesting an amendment to the College's capital improvements program. The amendment must show the actual project funding schedule proposed and the council must approve the amendment before the College awards a contract.

This is a correct copy of council action.

Description
This project provides funding for the design and construction of a new academic building (134,600 gross square feet) supporting science programs, such as biology, chemistry, computer science and cybersecurity, engineering, geology, physics, and the mathematics department, as described in the Takoma Park Campus Facilities Master Plan, 2013-2023 (2016). The new math and science building will replace the Science South and Falcon Hall buildings, which will be demolished, and the new building will be constructed on this site.

Cost Change
Project expenditures assume that a portion of Information Technology (IT) equipment costs may be funded through the Information Technology (No. P866090) project. The cost of this project has increased to match the State's allowable cost escalation factor (3%). The cost of this project was reduced to reflect a change in the project's construction schedule.

Justification
Under the application of the State space guidelines, the enrollment growth on the Takoma Park/Silver Spring Campus has resulted in a significant instructional space deficit. The Takoma Park/Silver Spring Campus has a Fall 2015 laboratory space deficit of 58,094 NASF and a total space deficit of 39,893 NASF. The 2025 projected laboratory space deficit is 44,751 NASF and the total space deficit is anticipated to be 100,636 NASF. The construction of the math & science building will address this deficit as well as replace Science South and Falcon Hall, which are in exceedingly poor condition (as identified in the Collegewide Facilities Condition Assessment, 12/13). Relevant studies include the Collegewide Facilities Condition Assessment Update (12/13), and the Collegewide Facilities Master Plan 2013-2023 (2016).

Other
FY17 Appropriation: 0. FY18 Appropriation: $10,276,000; $5,138,000 (G.O. Bonds), and $5,138,000 (State Aid). Relocation costs and design fees above approximately 7% of estimated construction costs may not be eligible for State reimbursement. The construction costs in the expenditure schedule ($88,502,000) include site improvement costs ($6,535,000), building construction costs ($82,167,000). The building construction cost per gross square foot equals $462 ($82,167,000/134,600).

Disclosures
A pedestrian impact analysis has been completed for this project.
Montgomery College (A15) asserts that this project conforms to the requirements of relevant local plans, as required by the Maryland Economic Growth, Resource Protection and Planning Act.

SUBJECT: Petition for state grant of $2,456,000 for the purchase of furniture and equipment for the Science and Applied Studies renovation and addition - phase one project on the Germantown Campus of the College

Background

1. The General Assembly of Maryland has enacted various community college construction loan acts that provide state funds to assist the counties in financing the costs of acquiring land and constructing public junior, community, or regional community college buildings and facilities, the costs of which were incurred after the effective dates of the acts.

2. The county council must file a petition to participate in the financial assistance provided in the acts with the Maryland Higher Education Commission.

3. The Board of Trustees of Montgomery Community College proposes undertaking the purchase of furniture and equipment for the Science and Applied Studies renovation and addition - phase one project on the Germantown Campus of the College in Montgomery County. Upon resolution duly adopted by the Board, the Board requests the county council to petition the Maryland Higher Education Commission for a grant of $2,456,000 needed to assist the financing of the public community college project which is described in the application for financial assistance.

4. In the FY18 capital budget for Montgomery College, the Board of Trustees proposed undertaking the purchase of furniture and equipment for the Science and Applied Studies renovation and addition - phase one project on the Germantown Campus of the College. On May 25, 2017, the county council approved $2,456,000 for this project, contingent on the receipt of $2,456,000 from the state in FY18.

5. In March 2017, the state General Assembly and the Governor approved the FY18 state of Maryland capital budget, which included $2,456,000 for the purchase of furniture and equipment for the Science and Applied Studies renovation and addition - phase one project on the Germantown Campus of the College. However, the Board of Public Works must still approve the specific grant and the necessary contracts. Before this approval, the
county council must file a petition to participate in the financial assistance provided in the acts with the Maryland Higher Education Commission. After the commission receives this petition, the commission will recommend to the Board of Public Works that the Board approve the grant and the contracts.
Action

The county council for Montgomery County, Maryland, approves the following action:

1. In accordance with the enactment by the 2017 session of the General Assembly of the FY18 state of Maryland capital budget and approval by the governor, the county petitions the Maryland Higher Education Commission for a grant of $2,456,000 from the available funds of the various community college construction loan acts in order to participate in the available financial assistance.

2. If the Maryland State Board of Public Works approves a grant of less than fifty percent (50%) of the estimated total cost for the purchase of furniture and equipment for the Science and Applied Studies renovation and addition - phase one project on the Germantown Campus of the College, and the county council has not already agreed to the fund the difference as a part of the approved capital improvements program, the College must notify the county executive and the county council by requesting an amendment to the College’s capital improvements program. The amendment must show the actual project funding schedule proposed and the council must approve the amendment before the College awards a contract.

This is a correct copy of council action.

**Description**

This project provides for the realignment/renovation of space in the Science and Applied Studies building (65,015 GSF) on the Germantown Campus in accordance with the College's Facilities Master Plan (9/10) and the building educational space specifications. The renovated building will house open class labs, classrooms, offices and support space related to the physics, engineering, and mathematics departments. The Science and Applied Studies Renovation will occur in two phases. The first phase involves the renovation of the second floor, and a 29,130 GSF building addition, to support the Physics, Engineering, and Mathematics disciplines. There will be vacant space in a portion of the building when various departments move to the Bioscience Education Center, which makes it necessary to renovate this building to support new disciplines. The current building layout is inappropriate for the Physics, Engineering, and Mathematics departments, which makes it necessary to renovate laboratory spaces, classrooms, and faculty and staff offices. This building also has outdated laboratory equipment, which does not properly support the new functions, and technological changes in teaching methods. Programmatic changes are necessary to prepare this building for these uses. The second phase of this project will deal with the renovation of the first floor. Overall growth at the Germantown Campus in combination with the transition to lab instruction for mathematics and engineering expansion has created the demand for additional academic space. Renovation for these disciplines co-locates them near the Bioscience Education Center, creating good programmatic synergy on the campus. Renovation of this facility is contingent on completion of the Bioscience Education Center. Based on student interest, enrollment trends, existing and projected County and State workforce needs, and the teaching and learning strategies, including the final report of The Governor's Science Technology Engineering Mathematics Task Force, investing in STEM to Secure Maryland's Future, the Germantown Campus will be well positioned to meet the needs of its students and the region. Design funding for this project was appropriated in FY13, and construction funding was appropriated in FY16.

**Estimated Schedule**

Project construction is scheduled to be completed in the summer of 2018.

**Justification**

Under the application of the State guidelines, the enrollment growth on the Germantown Campus has resulted in a significant instructional space deficit. The Germantown Campus has a 2024 projected instructional space deficit of 190,098 NASF and a total space deficit anticipated to be 317,384 NASF. In addition, this project will position the College to address workforce shortages in the Science, Technology, Engineering, and Mathematics fields. This project will impact local and Maryland workforce shortages through educating students to fill technical jobs. Relevant studies include the Collegewide Facilities Master Plan Update (1/15), the Renovation/Addition to Sciences & Applied Studies Building at Montgomery College Germantown Campus, Part 1, Part 2 (3/11), and the Collegewide Facilities Conditions Assessment Update (12/13).

BACKGROUND

Each year, during the spring, the Board acts on salary recommendations for administrators, department chairs, non-bargaining associate and support staff. Subject to the availability of funds, the president makes recommendations for administrators, department chairs, and non-bargaining associate and support staff salary adjustments. Board action is necessary at this time to authorize general wage and salary adjustments and establish the salary schedule, consistent with the approved FY18 operating budget, for administrators, department chairs, and non-bargaining associate and support staff, and to authorize funds in support of recognition awards for all eligible employees.

Wages for bargaining unit employees who are members of American Association of University Professors (AAUP), American Federation of State, County, and Municipal Employees (AFSCME), and Service Employees International Union (SEIU) bargaining units are established through the collective bargaining process.

RECOMMENDATION

The president recommends approval of the following resolutions:

1. Non-bargaining Associate and Support Staff, Administrators, and Department Chairs General Wage Adjustment for FY18. This resolution provides for a one percent (1.0%) general wage adjustment for non-bargaining associate and support staff, administrators, and department chairs for FY18.

2. Non-bargaining Associate and Support Staff, Administrators, and Department Chairs Salary Adjustment Increment for FY18. This resolution authorizes an increment, defined by Montgomery College as a salary adjustment expressed as a percentage of an employee’s overall base pay, for eligible non-bargaining employees in the amount of two percent (2.0%) to the extent that an employee’s salary does not exceed the top of the grade level assigned to that employee’s position, effective for pay following the completion of the second full pay period in September 2017. This particular increment is contingent upon the employee’s satisfactory performance.

3. Salary Schedule for Non-bargaining Associate and Support Staff, Administrators, and Department Chairs for FY18. This resolution outlines the pay schedule for all associate and support staff, administrators, and department chairs effective July 1, 2017.

4. Special Recognition and Outstanding Service Awards for FY18. This resolution authorizes one-time, lump sum awards of up to two thousand dollars ($2,000) for special recognition and outstanding service for all eligible employees.

5. Full-time Faculty, Part-time Faculty, and Staff Member of the Year Awards for FY18. This
resolution authorizes a one-time, lump sum award of up to five thousand dollars ($5,000) each for excellence in teaching and/or counseling and academic advising (full-time and part-time faculty) and performance, leadership, and service (staff) for eligible employees.

6. **Degree Attainment Salary Enhancement for Associate and Support Staff and Administrators for FY18.** This resolution authorizes a salary increase equal to one increment, equivalent to two percent (2.0%) of an employee’s regular base salary and not to exceed the maximum of the salary grade, for earning a progressively higher degree from a regionally accredited institution.

7. **Non-Bargaining Associate and Support Staff Shift Differential for FY18.** This resolution authorizes a shift differential of $1.10 for hours actually worked for those non-bargaining associate and support staff who are regularly scheduled to work 20 or more hours in a work week between the hours of 10:00 p.m. and 6:30 a.m.

Board Resolutions (7)

**RESPONSIBLE SENIOR ADMINISTRATOR**

Dr. Wormack

**RESOURCE PERSON**

Mr. Roop
Resolved, That the Board of Trustees authorizes a general wage adjustment for eligible non-bargaining associate and support staff, administrators, and department chairs as determined by the president, of one percent (1.0%) effective July 1, 2017, for those employees already employed on June 30, 2017, whose employment continues uninterrupted into FY18.
WHEREAS, Non-bargaining associate and support staff employees may receive a salary adjustment increment provided the employee is not at the maximum of the assigned salary grade and provided that the overall rating on the employee’s performance evaluation meets expectations; and

WHEREAS, The president recommends adoption of the following resolution; now therefore be it

Resolved, That all non-bargaining associate and support staff employees who are not at the top of a salary grade and who receive an overall rating on the employee’s performance evaluation that meets, exceeds, or far exceeds expectations, are eligible for a salary adjustment increment up to two percent (2%) based on annual performance, effective for pay following the completion of the second full pay period in September 2017; and be it further

Resolved, That all administrators and department chairs who are not at the top of a salary grade and whose overall performance rating meets, exceeds, or far exceeds expectations are eligible for a salary adjustment of two percent (2%), effective for pay following the completion of the second full pay period in September 2017.
Subject: Salary Schedule for Non-bargaining Associate and Support Staff, Administrators, and Department Chairs for FY18

WHEREAS, The College strives to maintain a competitive salary schedule for its highly qualified associate and support staff, administrators, and department chairs; and

WHEREAS, The president recommends adoption of the following resolution; now therefore be it

Resolved, That the salary schedule for non-bargaining associate and support staff, administrators, and department chairs be approved for FY18 as shown on the attachment.

*ANNUAL EQUIVALENT RATE FOR FULL-TIME, 12-MONTH EMPLOYEES
Resolved, That the Board of Trustees authorizes up to two thousand dollars ($2,000) as the lump sum amount for special recognition and outstanding service awards to be presented to those employees of the College who are eligible and approved for such an award during FY18.
Resolved, That the Board of Trustees authorizes up to five thousand dollars ($5,000) each as the lump sum amount for the full-time faculty member, part-time faculty member, and staff member of the year award to be presented to those employees of the College who are eligible and approved for such an award during FY18.
Resolved. That the Board of Trustees authorizes a salary increase equal to one increment, equivalent to two percent (2%) of an employee’s regular base salary and not to exceed the maximum of the salary grade, for earning a progressively higher degree from a regionally accredited institution.

AMENDMENT TO SOLE SOURCE AWARD OF CONTRACT,
TOUCHNET COMMERCE MANAGEMENT SYSTEM, CASHIERING SERVICES MODULE
AND PROFESSIONAL SERVICES

BACKGROUND

| Request: | To consolidate multiple previous sole-source contract awards with TouchNet Information Systems into one combined award that includes all of the separate previously approved awards with contract terms made coterminal and consistently aligned with the College fiscal year |
| Office/SVP Originating Request: | Senior Vice President for Administrative and Fiscal Services and the Vice President of Instructional and Information Technology/Chief Information Officer |
| Award Type: | Sole Source |
| Bid Number: | N/A |
| Explanation of Request: | The Office of Information Technology is requesting the continuation and consolidation of annual subscription and hosting services, along with associated maintenance and support for the commerce management system software and cashiering services module currently in place. The Board of Trustees approved the following sole source awards of contract for the purchase of a commerce management system including voice portals, cashiering services, software subscription and license fees, hosting services, and professional services from TouchNet Information Systems: resolution 01-93 in June 2001; resolution 06-06-055 in June 2006; resolution 08-01-10 in January 2008; resolution 09-06-067 in June 2009; resolution 10-10-077 in October 2010; and resolution 15-09-075 in September 2015. This consolidation will make it more efficient and easier to administer our relationship with the vendor, and it better prepares the College to effectively move away from Touchnet in response to the Workday implementation, should we choose to do so. In addition, the total costs for all above services become more transparent. |
Reason Being Brought to Board: Board approval is required for sole source awards valued at $100,000 and above.

Certification: The director of procurement affirms that software subscription and hosting, maintenance, and support services can be obtained only from TouchNet Information Systems due to the proprietary nature of its software and required interfaces to other College systems, and the vice president of finance/chief financial officer certifies funds are planned and budgeted in the FY18 operating budget.

Annual Estimated Dollar Amount: Estimated annual amount of for FY18 is $246,632, $271,295 for FY19, and $298,425 for FY20. Total three-year estimated amount shall not exceed $850,000. The total five year estimated amount, which includes FY16 and FY17, shall not exceed $1,212,352.

Vendor Name/Address: TouchNet Information Systems, Inc. 15520 College Boulevard Lenexa, Kansas 66219

Minority Status: N/A

Effective Original Contract Term October 18, 2015, through October 18, 2020.

RECOMMENDATION

It is recommended that the Board of Trustees approve the amendment to the five-year sole source contract award to TouchNet Information Systems, Inc., of Lenexa, Kansas, for the continuation and consolidation of annual subscription and hosting services and associated maintenance and support for a total annual amount not to exceed $246,632 for FY18, $271,295 for FY19, and $298,425 for FY20. The total three-year estimated amount shall not exceed $850,000. The total five year estimated amount, which includes FY16 and FY17, shall not exceed $1,212,352.
