Final Exam: A cumulative final exam will be given on the day scheduled during the exam period. The final exam is mandatory and cannot be rescheduled.
CHIN202 satisfies a General Education Humanities Distribution requirement.
Montgomery College’s General Education Program is designed to ensure that students have the skills, knowledge and attitudes to carry them successfully through their work and their personal lives. This course provides multiple opportunities to develop competency in oral and written communication and critical analysis and reasoning and also fulfills the Global and Cultural Perspectives course requirement. For more information on the General Education Program, go to www.montgomerycollege.edu/gened.

Academic Honesty: Montgomery College’s policies on academic dishonesty are found on pp. 74(Section VIII) in the Student Handbook and online at http://cms.montgomerycollege.edu/pnp/#Chapter_4. Each student is expected to do his or her own work. Any student found cheating or plagiarizing will be given an F for the assignment. If the same student is involved in a second incident of cheating, the case may be referred to the Student Discipline Committee, a grade of F for the course may be awarded, and/or the student may be dropped from the course.

Inclement weather or campus emergencies: Official announcements regarding closings or delays will be made on local radio and television. For a recorded announcement about Montgomery College, call (301) 279-5000. You may also subscribe to email or text alerts through Montgomery County MC Alert. Registration information is available at www.montgomerycollege.edu/emergency. If the College opens or closes a time when more than 50% of a class period will be missed, the class is cancelled. Announcements regarding Montgomery County Public Schools do not apply to Montgomery College.

FERPA: The Family Education Rights and Privacy Act prohibits the instructor from discussing a student’s grade and performance in the course with anyone but that student. All exceptions/allowances must be submitted in writing by the student.

Special Needs: Any student who may need an accommodation due to a disability, please make an appointment to see me during my office hour. A letter from Disability Support Services (R-HW122; G-SA175; or TP-ST120) authorizing your accommodations will be needed. Any student who may need assistance in the event of an emergency evacuation must identify to the Disability Support Services Office; guidelines for emergency evacuations for individuals with disabilities are found at: www.montgomerycollege.edu/dss/evacprocedures.htm.

Diversity: The College defines diversity as it impacts teaching and learning as “differences, or variety, among groups of people based on a range and combination of backgrounds and histories related to ethnicity, race, gender, language, socioeconomic status, sexual orientation, disability, geographical area, religious background, and exceptionalities in learning.” The department is committed to addressing diversity in curriculum, instruction, assessment, and interpersonal relations.

Class announcements and cancellation: I will regularly post class announcements. Students are expected to check announcements several times per week. If, for some reason, class is canceled, it is the student’s responsibility to check their email to see if there is an additional assignment given. For
personal matters, student can send an email using the internal email system on Bb or post a message on the Discussion Board. There will be a document on the course site explaining how to do that. The fastest way to reach me usually is to send an email.

**Schedule Overview:** Students will be given advance notice of all scheduled graded material. It is students’ responsibility to know what assignments are due, when they are due, and what changes are made. Contact the instructor at ruby.costea@montgomerycollege.edu or your classmates when you miss class to find out what you missed.

**Online Guidelines**

**Guidelines for Participating in an Online Course**

- You are expected to read all posted messages.
- Respond to each other promptly.
- Use the person's name when you reply to a message. It helps to keep all of us oriented. It also helps us maintain a clearer sense of who is speaking and who is being spoken to. As we begin to associate names with tone and ideas, we come to know each other better.
- If you wish to send a private message, click *Forward* to open Bb Mail from the discussion area.
- Change the subject line of the message when you want to introduce a new topic. The value of this tip will become apparent as the number of messages grows.
- Feel free to reinforce each other's ideas with comments such as "Good Point" or "I agree" or "Thanks for the comments."
  
  *Note:* however, that these comments do not count toward your grade.
- The use of sexist, racist, or objectionable language is not acceptable.
- Use emoticons to communicate humor, e.g. :-) ;-0  :-/  :-(
- **When you are writing for an online discussion, I strongly encourage you to compose your message in a word processor and then copy and paste the text into the discussion message.**
  Expect to spend time editing and revising your messages until they are clear and concise. Composing your messages in a word processor first will save you from losing your hard work if your browser crashes before you click the submit button or if you are automatically signed out of Bb from "being idle".

- **As a general rule, messages posted on the Discussion Board should be no more than **two screens** in length.** If your message is longer, please revise it to be more concise or separate your writing into two or more messages.

**To Login to Blackboard (Bb)**

1. Login to My MC at [http://www.montgomerycollege.edu/](http://www.montgomerycollege.edu/)
2. Click the Bb Icon at the top right of the My MC homepage.
3. You will be taken to your Blackboard screen.
4. On the My Blackboard screen, click on the title link for a course to enter the course.

**To Login to Blackboard Collaborate Virtual Classroom**

a. 1. On the My Bb screen, click on the title link for a course to enter the course.
   2. Click Home Page
   3. Click the monitor that says “Prof. Costea’s Virtual Classroom”.

b. Click our classroom link
System Downtime
The Office of Information Technology conducts computer network maintenance on Sunday morning from 12:01 AM - 6:00 AM each week. During this time, you may not be able to access My MC to login to WebCT. Do not rely on this time to submit course work.

Attendance: Online Participation
Students are expected to read the assigned text and participate actively and positively twice a week in online classroom activities and discussions. Students need to notify the instructor if they are going to be absent, points deduction per absent. Please make sure your microphone/headset works properly before class. Do not be “away” while in class. Class participation counts for 10% of the overall grade. Unexcused absences will result in a lower final grade. Absences will result in points lost from the final semester grade.

If you miss class more than 6 classroom hours, you may be dropped from this class. Three late arrivals equal one absence. Missing more than 30 minutes of class time counts as an absence. An excused absence is an absence which involves legal situations, unanticipated medical emergencies, or other serious matters for which documentation can be provided. Traffic problems, appointments that can be scheduled at various times other than class time and other undocumented situations do not count as excused absences. Whenever possible, notify the instructor of expected absences or tardiness.

Please be aware that certain information about your online activity is automatically logged by the software, such as the date you last entered the course, the number of discussion board messages read, the number of discussion board messages posted, and which course content pages you have read. Your “attendance” and active participation will usually be evident by your completion of the weekly assignments. If you wish to see a log of your online activity, click on the My Progress link on the Course Menu.

Course Requirements
Students should have access to a computer, webcam, and microphone/headset. Students are required to come to the Rockville Campus Assessment Center for the final exam.

Students will need the following to participate online: regular use of a computer with Internet access, the expectation to spend several hours online each week for this class, a web browser such as Internet Explorer or FireFox; for recommended computer hardware and software details or to run the Bb Browser check, please visit www.montgomerycollege.edu/Departments/distlrng/whatyouneed.html

Homework Assignments - All homework is due on the dates marked in your syllabus. In this course, you will submit many of your homework assignments electronically. Because technology can be unreliable when you least expect it, submitting your work on time may require some creativity.

Here are some alternate means to submit your assignments:
- Email your assignment directly to the instructor at ruby.costea@montgomerycollege.edu
There is always a means to submit your assignments on time. Be creative, be persistent, and keep your instructor informed!

You are responsible for ensuring the safety of your work by making regular backups. I recommend you do so on multiple mediums (i.e., on your hard drive, flash drive, backed up in your email or online storage, etc). For online storage, you could sign up for Windows Live SkyDrive. It’s free and gives you 25GB of space. It works best with Internet Explorer. Dropbox is also another way to store your assignments. Note, this is optional, merely a suggestion.

“The computer ate my homework, I lost my disk, my hard drive crashed, my computer had a virus, or my printer isn’t working” are not acceptable excuses. Make frequent backups of your work and save the work in multiple places.

Due Dates
All homework, discussion board posts, assignments, quizzes, etc. are due by 11:55pm Sunday, unless specified by the instructor. All assignments that are late or given as a make-up for absences are reduced one letter grade by default.

Quizzes:
Quizzes will consist of the following sections: listening comprehension, grammar, vocabulary, reading, culture and writing. The dates of the tests are stated in the syllabus. No make-up quizzes/tests allowed.

Online Quia Workbook: Your homework is done on the online workbook at Quia.com. All written homework is due the week after we cover the lesson.

Quia Course Code: MMRHT749

Late Work: All homework is due at the beginning of class on the assigned date. Scores for all assignments that are late are reduced by 20%.

Midterm: You will have a midterm on the date stated in the syllabus. The midterm will be a comprehensive review of what you have learned in L1-L4. It will consist of the following sections: listening comprehension, grammar, vocabulary, reading, culture and writing. No make-up midterm allowed.

**Final Exam**: There are two parts of the final exam (written and oral). Students are required to come to the Rockville Campus Assessment Center for the written part of the final exam (L1-L10) 5/9/2016. You can only take it once. Please call the Rockville Campus Assessment Center (240) 567-7459 for their hours of operation or more information.

Students must present their Montgomery College photo ID, a US government issued photo ID, or an international passport, in order to sit for the exam. Students also should also know their student identification number. Please arrive early enough to finish the exam before the Assessment Center closes.

You are responsible for scheduling and taking both parts of the exam!!!
For the oral portion of the exam, you must schedule an appointment with me via Skype or MC email (my Skype ID is scostea1 – please add me to your contacts and message me telling me who you are so I can add you to my contacts accordingly). You must schedule your appointment with me by 5/1 for an oral exam between 5/2 – 5/5/2017. Typically, the oral exam takes 15-30 minutes per person.

**Basic Needs Statement**

“Any student who has difficulty accessing sufficient food to eat every day, or who lacks a safe and stable place to live, is urged to contact the Dean of Students Affairs on your campus. Furthermore, please notify the professor if you are comfortable in doing so. This will enable the professor to provide any resources that they may possess. We know this can affect performance in the course and Montgomery College is committed to your success.”
