

## CHEMICAL ENGINEERING, ENGINEERING SCIENCE ASSOCIATE OF SCIENCE: 406

Total Credits: 62

Catalog Editions: 2012-13 through 2015-16

### Program Description

This curriculum is designed to provide the first two years of a four-year program leading to the award of a BS in engineering. A student planning to transfer to any baccalaureate degree granting institution should follow the appropriate track listed below in consultation with an engineering advisor. The student should also visit the Montgomery College Engineering Advising website [www.montgomerycollege.edu/engineeringadvising](http://www.montgomerycollege.edu/engineeringadvising) for up-to-date comprehensive information on transfer requirements for all universities and colleges with which we have an articulated transfer program.

Completion of all requirements for any track in engineering science will lead to the award of the AS in engineering science.

This track will prepare students to transfer to a four-year university with a major in electrical engineering. Specific requirements in colleges vary, and the student preparing for a particular institution may, with approval, change the sequence listed below; this sequence of courses is articulated with the electrical engineering program at the University of Maryland, College Park. A suggested course sequence for full-time students follows; all students should consult an engineering adviser. The student should also visit the Montgomery College Engineering Advising website at [www.montgomerycollege.edu/engineeringadvising](http://www.montgomerycollege.edu/engineeringadvising) for up-to-date comprehensive information.

### Program Outcomes

Upon completion of this program a student will be able to:

- Identify, formulate, and solve basic physics and organic chemistry problems.
- Analyze and design simple chemical processes.
- Use appropriate computer applications software in chemical engineering.

# CHEMICAL ENGINEERING, ENGINEERING SCIENCE ASSOCIATE OF SCIENCE: 406

## Suggested Course Sequence

A suggested course sequence for full-time students follows. All students should review this advising sheet and consult an advisor. Visit [www.montgomerycollege.edu/engineeringadvising](http://www.montgomerycollege.edu/engineeringadvising) for more information.

### First Semester

CHEM 132 - Principles of Chemistry II  
4 semester hours (NSLD)

ENGL 102 - Critical Reading, Writing,  
and Research  
3 semester hours (ENGF)

ENES 100 - Introduction to Engineering Design  
3 semester hours

MATH 181 - Calculus I  
4 semester hours (MATF)

Health foundation  
1 semester hour (HLTF)

### Second Semester

ENES 120 - Biology for Engineers  
3 semester hours

MATH 182 - Calculus II  
4 semester hours

PHYS 161 - General Physics I:  
Mechanics and Heat  
3 semester hours (NSND)

Art distribution  
3 semester hours (ARTD)

Humanities distribution  
3 semester hours (HUMD)

### Third Semester

CHEM 203 - Organic Chemistry I  
5 semester hours

MATH 280 - Multivariable Calculus  
4 semester hours

PHYS 262 - General Physics II:  
Electricity and Magnetism  
4 semester hours (NSLD)

Behavioral and social sciences distribution  
3 semester hours (BSSD) \*\*

### Fourth Semester

CHEM 204 - Organic Chemistry II  
5 semester hours

MATH 282 - Differential Equations  
3 semester hours

PHYS 263 - General Physics III:  
Waves, Optics, and Modern Physics  
4 semester hours (NSLD)

Behavioral and social sciences distribution  
3 semester hours (BSSD) \*\*

### Total Credit Hours: 62

\*\* Behavioral and Social Science Distribution (BSSD) courses must come from different disciplines.

## Advising Notes

- Most engineering students will start at MC missing one or more prerequisites for CHEM 131, CHEM 132, CHEM 135, ENGL 102, ENES 100, and MATH 181.
- The appropriate initial chemistry courses will be determined by the student's score on the Chemistry Placement Exam, mathematics level, AP/IB credits, or transfer credits. Possible courses include CHEM 099, CHEM 131, CHEM 132, or CHEM 135. Either CHEM 132 or CHEM 135 satisfies the required chemistry credit for UMCP. CHEM 131-CHEM 132 satisfies the required chemistry credit for UMBC, but CHEM 135 does not.
- The prerequisite for ENGL 102 is ENGL 101 or ENGL 101A. English course placement is determined by the Accuplacer English/Reading Test.
- The corequisite for ENES 100 is MATH 165 or higher.
- The prerequisite for MATH 181 is MATH 165 (Precalculus). Mathematics initial course placement will be determined by the Accuplacer Math Test, AP/IB credit, or transfer credits.
- UMCP's courses CHBE 101, 250, 301, and 302 are courses for which MC has no equivalents. CHBE 101, 250, and 301 must be completed for junior standing at UMCP.
