INFORMATION SCIENCES AND SYSTEMS AREA OF CONCENTRATION,
COMPUTER SCIENCE AND TECHNOLOGIES AA: 109
Total Credits: 60
Catalog Edition: 2019-2020

Program Description
This transfer degree area of concentration is for students who plan to transfer to a four-year program such as information systems or information management. The curriculum is designed to present a broad coverage of concepts applying to the theory and management of information, analytical techniques in the development of computer-based information systems, and practical experience with business programming.

Because of the variation in such programs at four-year institutions, students are urged to consult an advisor about specific course selections.

Program Outcomes
Upon completion of this program a student will be able to:

• Analyze components of the computer information systems.
• Analyze, design, and implement computer programs using a high level programming language.
• Demonstrate proficiency in analysis and design techniques.

Total Credit Hours: 60
* ENGL 101/ENGL 101A, if needed for ENGL 102/ENGL 103, or elective.
**Behavioral and Social Science Distribution (BSSD) courses must come from different disciplines. Contact department advisor for transfer requirements for specific schools. Students applying to business schools should consider using economics as an elective because it meets transfer and BSSD requirements. If you have any questions, please see a department advisor.
‡ May be replaced by another CMSC course with departmental consent.
† Select program electives based on transfer institution requirements. See an advisor for assistance and use ARTSYS for Maryland transfer school requirements, http://artweb.usmd.edu. Note: There must be at least 12 credits total at the 200-level for an AA degree.
†† Please consult an advisor or the transfer institution before selecting institutional requirements.
