

## IT PROFESSIONAL+ CERTIFICATE: 254

Total Credits: 16

Catalog Edition: 2019-2020

### Program Description

(G): 254

This career certificate is designed to provide students with technical understanding of computer technology, networking and security, as well as the communication skills and professionalism required of all entry-level IT professionals. Skills included software and hardware installation, network configuration and diagnosing, and preventive maintenance and security fundamentals. This certificate program is more of a "hands-on" orientation focused on scenarios in which troubleshooting and tools must be applied to resolve problems. It also prepares students to take professional CompTIA A+, Linux +, Network+, and Security+ certificates.
