

HVAC LETTER OF RECOGNITION: 808A

Total Credits: 10

Catalog Edition: 2021-2022

Program Description

(R): 808A

This sequence of three courses is designed for persons who wish to develop skills in the heating, ventilation, and air conditioning (HVAC) trade. To complete each course in this sequence, students need to demonstrate skills in specific areas. These areas include: refrigeration systems, soldering and brazing, electrical controls, and refrigerants. A grade of C or better is required in each course.

Program Outcomes

Upon completion of this program a student will be able to:

- Demonstrate the ability to work effectively as a team member within the HVAC trade.
- Describe effectively the roles and responsibilities of a HVAC technician on a residential construction project.
- Apply practical HVAC skills.
