HINM 230
Revenue Cycle and Reimbursement Management
Syllabus
Montgomery College Health Information Management Program

INSTRUCTOR INFORMATION
Corinne Smith MBA RHIA CCS CDIP CHDA
Corinne.smith@montgomerycollege.edu
(240) 567-5521 office
(410) 977-2754 cell (9am – 9pm)
Office: HC 243 (hours by appointment)

COURSE DESCRIPTION
An introduction to electronic patient billing in ambulatory settings using various insurance and reimbursement systems. Students prepare health insurance claim forms for various types of insurance plans and use this information as a practice management and outcomes assessment tool. Additional topics include billing and claims management issues. PREREQUISITE(S): Admission to the health information management program or consent of program coordinator. Two hours each week. Formerly HI 222.

AHIMA DOMAINS, SUBDOMAINS AND TASKS
The following AHIMA entry-level competencies for health information management at the Associate degree level are assessed in this course:

Domain IV. Revenue Management
  Subdomain IV.A. Revenue Cycle and Reimbursement
    1. Apply policies and procedures for the use of data required in healthcare reimbursement
    2. Evaluate the revenue cycle management processes
STUDENT LEARNING OUTCOMES

- Evaluate the accuracy of diagnostic/procedural coding.
- Evaluate the accuracy of diagnostic/procedural groupings.
- Differentiate the roles and responsibilities of various providers and disciplines, to support documentation requirements throughout the continuum of healthcare.
- Apply policies and procedures to ensure the accuracy and integrity of health data.
- Apply policies and procedures for the use of data required in healthcare reimbursement.
- Evaluate the revenue cycle management process.
- Apply policies and procedures to ensure the accuracy and integrity of health data both internal and external to the health system.
- Adhere to the legal and regulatory requirements related to health information management.
- Identify discrepancies between supporting documentation and coded data.

REQUIRED MATERIALS

2. Access to 3M Coding and Reimbursement System: provided in a Blackboard Announcement at the beginning of the semester.

92 – 100% = A
84 – 91% = B
78 – 83% = C
65 – 77% = D
0 – 64% = F

INSTRUCTOR EXPECTATIONS AND HIM/CODING PROGRAM POLICIES

Please read the entire syllabus carefully. These policies and expectations are intended to create a productive learning atmosphere for all students. Notify your Instructor of any questions or concerns regarding the Syllabus.

Communication
The accepted modes of communication with your instructor are the Blackboard course email and your Montgomery College email accounts. It is important that you use these official email accounts to communicate with your instructor. If you need to communicate with your instructor by phone, use the phone number indicated on the course syllabus. Instructors may also specify time limits for receiving phone calls. Emails are answered within 24 hours on weekdays and 48 hours on weekends. General questions or personal concerns are sent through Montgomery College email. Messages that relate to course content, assignment, exams, etc. are sent through Course Mail for that Blackboard course.

Syllabus and Course Changes
The health information management profession is constantly changing and evolving in its practice. Professional associations, accreditation agencies and clinical affiliates may require changes to the HIM Program curriculum, learning outcomes and professional practice requirements. The Health Information Management Program Faculty reserve the right to modify course syllabus, course content and evaluation procedures as
deemed necessary. Notice of changes are by announcement via Blackboard. The revised Syllabus posts to Blackboard with the appropriate revision date.

**Attendance**
HINM 230 is a fully-online course with no scheduled class meetings. There are no attendance points for this course. However, it is recommended that students stay “active” in the online course by logging in daily and participating in discussions.

**Participation and Contribution Policy**
Montgomery College emphasizes the importance of active participation in courses. Students must establish contact with the course instructor on the course start date. If the student does not submit assignments as directed, the instructor has the right to require the student to drop the course or be awarded a failing grade at the end of the course unless an approved withdrawal is granted by the instructor.

Students are expected to regularly participate as directed by the instructor. Lack of participation from class for any reason does not exempt a student from completion of all work required for a course. Instructors determine the participation and contribution policy for their classes. It is permissible to use participation and contribution as a factor in determining a student's grade or to lower the amount of credit awarded for a course.

**Discussion Board Participation**
This class is conducted in an atmosphere of mutual respect. Your active participation is encouraged in class discussions. Differing opinions are encouraged and welcomed. The orderly questioning of the ideas of others, including those of the Instructor, is similarly welcome. However, the Instructor will take the responsibility of managing the discussions so that ideas and arguments can proceed in an orderly fashion. You should expect that if your conduct during class discussions disrupts the atmosphere of mutual respect, you will not be allowed to continue participation in that discussion.

**Submission of Course Work**
It is the student’s responsibility to manage course load and submit assignments in a timely fashion. A course schedule is posted for this class, which should be used to assist you in managing your time and to help you stay aware of due dates and deadlines. Assignments must be typewritten and submitted via the Assignment Submission in Blackboard. Tests may NOT be repeated at the student’s request to raise a grade.

HIM Program Late Assignment Submission Policy
Out of fairness to learners who work hard to get high-quality work in on time despite all their personal and professional life challenges, all late work will receive a 15% mandatory deduction DAILY for no more than 2 days. After 2 days, the work will receive a zero.

Grade of Incomplete
A student who completes most of the assignments in a course at a passing level but is unable to complete the work on time due to extenuating circumstances, may speak with the instructor to see if receiving an Incomplete (I) is warranted. If the Dean of Health Sciences approves the request for an Incomplete grade, the instructor will set a deadline for completion of the coursework. If the work is not submitted by the deadline, the grade automatically becomes an F.

Withdrawal and Refund Policy
It is the student’s responsibility to drop a course. Non-attendance of classes or failure to pay does not constitute official withdrawal. To view specific drop deadlines, log into your MyMC account:
1) Click on “My Class Schedule” under Student Quick Links
2) Select the current term
3) Click on “View Drop Deadline Dates” at the bottom of the page.

Course Competency Final Project or Examination
The final course competency examination is a measurement of your ability to grasp the concepts presented in this course. A student must receive a "C" (78%) or better in the course AND on the course competency final exam to successfully complete this course. Students who do not successfully pass the Course Competency Exam after two attempts is assigned a course grade of D and required to repeat the HINM 220 course.

**Blackboard Technical Support**
Technical Support for Blackboard issues can be found at the following website: [http://cms.montgomerycollege.edu/distance/after/prepare/](http://cms.montgomerycollege.edu/distance/after/prepare/)
Technical assistance with College-supported IT resources (Montgomery College IT Service Desk) is also available at 240-567-7222, press 2 to reach the Blackboard Help Desk.

**Academic Integrity**
Montgomery College espouses the belief that any type of academic dishonesty violates an important code of ethics. Therefore, Montgomery College has adopted an academic honesty policy that imposes penalties for students who are dishonest in examinations, assignments, or any other academic activity; who plagiarize; who falsify college forms or records; or who willfully aid other students in an act of academic dishonesty. The severity of a penalty will depend upon the nature, extent and frequency of the violation and may range from failing an assignment to revocation of a degree. Refer to the Health Information Management Program Student Handbook for a full policy statement.

**Access, Disability and Communication**
Any student who needs an accommodation due to a disability should contact the instructor. In order to receive accommodations, a letter from Disability Support Services (G-SA172; R–CB122; or TP/SS–ST 122) is needed. Any student who may need assistance in the event of an emergency evacuation must identify to the Disability Support Services Office; guidelines for emergency evacuations for individuals with disabilities are found at: [www.montgomerycollege.edu/dss](http://www.montgomerycollege.edu/dss)
Important Student Information Link

In addition to course requirements and objectives that are in this syllabus, Montgomery College has information on its web site (see link below) to assist you in having a successful experience both inside and outside of the classroom. It is important that you read and understand this information. The link below provides information and other resources to areas that pertain to the following: student behavior (student code of conduct), student e-mail, the tobacco free policy, withdraw and refund dates, disability support services, veteran services, how to access information on delayed openings and closings, how to register for the Montgomery College alert System, and finally, how closings and delays can impact your classes. If you have any questions, please bring them to your professor. As rules and regulations change they will be updated and you will be able to access them through the link. If any student would like a written copy of these policies and procedures, the professor would be happy to provide them. By registering for this class and staying in this class, you are indicating that you acknowledge and accept these policies.
