

WORLD QUANTUM APRIL 14TH DAY

JOIN THE GLOBAL CELEBRATION!

World Quantum Day is an annual celebration promoting public awareness and understanding of quantum science and technology around the world.

MC is Celebrating World Quantum Day

with

MONTGOMERY COLLEGE QUANTUM WEEK !

Tuesday 15 April – 2-5:00pm RV SC406

Quantum Games (Quantum Chutes and Ladders, Qubit Touchdown)

Quantum Physics Demos

Presentation by Dr. Michele Kelley, NIST at 4 pm

Dr. Kelley is currently working on optically active point defects or "color centers" in wide bandgap semiconductors for quantum sensing and quantum single photon emission.

Pizza

Thursday 17 April -2:30-4 pm RV SC406

Quantum Computer Chip Presentations

Amazon's Ocelot Quantum Chip

(presented by Matthew Campbell, Nicole Parraway, Skye Joegriner)

Microsoft Topological State Qubit

(presented by Emau Sanchez, Dagim Haile, Kelvin Hernandez Salas, Joannes Orellano)
