Learning Center Reopening Information

Montgomery College Learning Centers are excited to reopen for limited in-person services. This page will provide regular updates during our gradual, phased reopening.

With the health and safety of learning center users and staff our priority, we have modified our physical spaces as follows:

- Plexiglass barriers at service desks
- Physical distancing protocols
- Hand sanitizing stations in multiple locations throughout each learning center
- Reduced number of public computers, tables, and/or seating to support physical distancing
- Disinfecting wipes for self-service in multiple locations throughout each learning center
- COVID-19 specific established cleaning protocols from MC Facilities, including frequent cleaning of all campus spaces multiple times per day.

Effective Monday, August 2, face coverings (masks) are required for all individuals (employees, students, contractors, and guests) who are indoors at Montgomery College, regardless of their vaccination status. We also request that all visitors continue to follow CDC guidance on how to best protect yourself and others: maintain physical distance, wash your hands frequently, and stay home and contact your doctor if you have any COVID-19 symptoms.

To view the latest information from Montgomery College's return to campus plans and guidelines, visit the **Coronavirus Response and Return to Campus page**.

Learning Center Hours

MC Learning Centers will be open starting August 30, 2021. To protect our users and staff, we have reduced our regular, in-person operating hours. To view our current hours, visit the desired learning center's website.

In-Person Learning Center Services

As of August 30, the following services will be available:

- In-person tutoring

- Student computer access
- Printers, scanners, and charging stations
- Disability support equipment

Until further notice, the following services will not be available:

- Group study rooms

Delivery of services will be reassessed throughout the semester to determine if adjustments are needed based on user demand and available staffing.

Tutoring

Virtual Tutoring

Online support is available for current Montgomery College students. To participate, you need a device with internet connection.

You can communicate with tutors no matter where you are. We offer both synchronous and asynchronous options. Each session lasts approximately 30 minutes to one hour depending on the learning center. Click your specific learning center below to learn more about [how to register](#).

In-Person Tutoring

We welcome students back for in-person tutoring. Learning Centers on each campus offer free tutoring and support services for most courses. Staff, faculty, and peer tutors provide one-on-one assistance with course work and learning skills. Throughout the semester, you can drop-in informally or work with a tutor at a scheduled time. Please visit each center's website for policies regarding [in-person tutoring](#).
