Montgomery College Transfer Advising
Transferring to the University of Maryland, College Park www.umd.edu

Guaranteed Admission Program: MTAP, the Maryland Transfer Advantage Program
Enroll in MTAP in the first semesters at MC during enrollment periods of Fall: September 20 – Nov. 1, or Spring: April 20 – June 1st
Guaranteed admission for non-Limited Enrollment Program (LEP) majors – requires
1. a 3.0 overall GPA from all colleges attended,
2. 30 credits completed (excluding AP credit), and
3. completion of ENGL 102 or 103 and a college-level math.

The 30 credits must be completed after graduation from high school and show a final grade at the time of submitting a transfer application for admission by an Early Action Transfer Application Deadline of either March 1 for a Fall transfer or August 1 for a Spring transfer. Typically, this means attending MC for three full semesters (Fall & Spring to earn 30 credits, then apply by August 1st to transfer to UM in Spring the next year). Work on a transfer plan with an advisor. Students considering competitive LEP majors (see list www.lep.umd.edu) are encouraged to enroll in MTAP for additional advising and transfer to UM.

In general, the earliest a student can complete the minimum 30 credits needed for MTAP is shown below; however, most students choose to finish all 60 credits at Montgomery College and transfer to UM to complete Junior and Senior years.
