00:32:58 Antonio Del Castillo-Olivares: Is this available to us now?

00:38:34 Sarah Kate: Some of my video quizzes take well over two hours- Is there a time limit to how long a test can be proctored?

00:39:49 Sarah Kate: Also, can we get a copy of this powerpoint? It would be exceedingly helpful for me at least. I can, Äôt quite read it on the screen and this is fast for me.

00:40:46 Sarah Kate: How often are there exceptions?

00:50:50 Asim Khan: <https://prep.honorlock.com/>

00:51:52 Sarah Kate: Reacted to "<https://prep.honorlo...>" with ,ù\$Ô[]è

00:57:50 Sarah Kate: I have a question: I let my students have two days to start the test, and once they start the test I give them ample time (up to four hours- which they don, Äôt need) to complete the test. . How will that work / does it have to be done at the same time ?

00:58:44 Sarah Kate: Does all students have to start at same time?

00:58:47 Antonio Del Castillo-Olivares: Reacted to "<https://prep.honorlo...>" with ,ù\$Ô[]è

00:58:56 Sarah Kate: Thank you!

01:00:34 Sarah Kate: Do the settings the instructor imposes last when they teach the course again, or. must these be Redone each time?

01:03:30 Sarah Kate: Does the Proctor app provide information to the students about how to download Chrome App?

01:03:37 Sarah Kate: Chrome Browser?

01:04:17 KECHIAN TZ: Reacted to "<https://prep.honorlo...>" with □üëç

01:05:46 Sarah Kate: How long do you think it will be until students hack this?

01:08:46 Sarah Kate: When Gen Z feels aggrieved, they waste no time to get vitriolic. How do you deal with pushback?

01:12:12 Jeffrey Hillard: Do you have a sample syllabus statement?

01:12:25 Sarah Kate: Reacted to "Do you have a sample..." with □üëç□üèΩ

01:13:47 Sarah Kate: Or even a statement

01:17:34 Richard Gottfried: Does this software compatable with Wileyplus online exams?

01:19:25 Richard Gottfried: Are there any issues with any of your clients with wileyplus exams and what are they and what were the issues noted by the students/faculty?

01:21:19 Sarah Kate: Thank you very much. I still need to actually try. Could you send us the contact information for the support for Proctor U?
01:22:49 Guillermo Laya: Replying to "Thank you very much...."

Do you need the ProctorU contact? or Honorlock?

01:23:17 Atul Roy: Thanks Good Night to you all
01:25:11 Sarah Kate: Replying to "Thank you very much...."

I am confused about the difference: whatever support team it is that can help with problems with the application

01:26:29 Sarah Kate: Replying to "Thank you very much...."

Can you explain the difference?

01:26:32 Guillermo Laya: This is the Honorlock support link:
Honorlock Support

01:26:41 Sarah Kate: Replying to "This is the Honorloc..."

Thank you!

01:26:52 Asim Khan: Reacted to "This is the Honorloc..." with ,ù\$Ô[]è
01:27:19 Sarah Kate: Replying to "This is the Honorloc..."

What is the difference between Honorlock and Proctor U?

01:27:51 Sarah Kate: Does Proctor U or Honorlock (I don't know the difference) give advice about what sort of testing works best with their app?

01:28:13 Antonio Del Castillo-Olivares: Replying to "Thank you very much...."

ProctorU is the company we have now, and Honorblock is the new company. I am guessing you are asking for the new company support team contact?

01:28:48 Sarah Kate: Also, I have a question on one test that requires a search of museum collections- will that cause problems? Should I take that out?

01:29:07 Guillermo Laya: Replying to "This is the Honorloc..."

ProctorU is the current online proctoring tool we are using. But that tool will expire on Dec. 21. Do you need the support contact for ProctorU?

01:29:54 Guillermo Laya: HonorPrep
01:30:03 Sarah Kate: Replying to "This is the Honorloc..."

Oh so I was confused. I thought that they were different parts of the same thing. This is new to me. So this is actually Honorlock that we are using, not a combination.

01:31:18 Guillermo Laya: Replying to "This is the Honorloc..."

Yes. They are two different tools. Honorlock (today, it's presentation) will become available to us on Dec. 22

01:32:24 Sarah Kate: Replying to "Does Proctor U or Ho..."

Guillermo answered this

01:33:52 Sarah Kate: Oh I didn't get this answer: is there a place that gives advice about what sort of testing works best with their app?
