For students applying to *Montgomery College Nursing and Health Science Programs* it is recommended you follow these instructions for scheduling a test appointment. Visit the [Assessment & Testing Centers webpage](#) for additional information regarding the TEAS exam.

**Students with Documented Disabilities**

Students with documented disabilities applying to Montgomery College programs must contact a Montgomery College DSS counselor **first**. We strongly recommend that students do not schedule a test appointment with ATI until you talk to your counselor. This will ensure that you will receive your accommodations for testing:

- Review the information on the **DSS webpage**, and complete the online intake form.
- Let the counselor know that you would like to schedule a TEAS exam.
- Your DSS counselor will coordinate with the Assessment Center about your exam session.
- Your ATI profile needs to identify **Montgomery College Rockville** as your institution.

Students who do not complete the TEAS with Montgomery College, should review the **ATI Website** for more information on setting up your accommodations. Students must contact ATI to arrange documented accommodations and resolve any testing issues. Montgomery College staff cannot assist with test accommodations at other testing centers or academic institutions.
