If you plan to apply to a Montgomery College selective admission program in the health sciences, you may elect a pre-health science/general studies major while your application to the selective program is pending. Your interest in a health science program will be recorded; however, your actual major will be a general studies until you are officially admitted to the selective program. Refer to the Montgomery College Catalog for specific admissions requirements for these programs. Use the “pre” code associated with the program, e.g., 570 Pre-Nursing or 580 Pre-Physical Therapist Assistant, or you may choose any other Montgomery College major while your application to a health science program is pending. If unsure, contact a counselor for advice.

† Refer to the Montgomery College Catalog for specific information regarding letters of recognition. Students seeking only a letter of recognition are considered nondegree seeking and are not eligible for financial aid.

Applicant Signature Date

Montgomery College is an academic institution committed to promoting equal opportunity and fostering diversity among its students, faculty, and staff.

Submit application and $25 fee to: Germantown Campus, 20200 Observation Drive, Germantown, MD 20876; Rockville Campus, 51 Mannakee Street, Rockville, MD 20850; or Takoma Park/Silver Spring Campus, 7600 Takoma Avenue, Takoma Park, MD 20912.
Associate's Degree
An associate's degree recognizes successful completion of a 60- to 70-credit combination of General Education courses in English, mathematics, arts, behavioral and social sciences, humanities, and science (see below for more information); courses in a specific track or skill area; and, in some cases, electives. The College is currently authorized by the Maryland Higher Education Commission (MHEC) to offer five associate's degrees:

- **Associate of Arts (AA)**
  This degree recognizes mastery in the liberal and fine arts and is intended for transfer to equivalent bachelor of arts programs at four-year schools. The AA is awarded in arts and sciences, business, communication studies, computer science and technologies, and general studies. Tracks within these programs allow students to focus their studies in specific areas (for example, arts and sciences program-music concentration).

- **Associate of Science (AS)**
  This degree recognizes mastery in science or technology with a heavy emphasis on undergraduate mathematics or science and is intended for transfer to bachelor of science programs at four-year institutions. The AS is awarded in engineering science, public health sciences, nursing, and science. Concentrations within the engineering science and science programs allow students to focus their studies in specific areas (for example, engineering science program-aerospace engineering concentration).

- **Associate of Applied Science (AAS)**
  This degree recognizes mastery of vocational-technical occupational skills and is intended for those seeking immediate employment opportunities. Students may still transfer eligible courses to four-year institutions offering upper-division programs in related areas. Concentrations within some AAS programs allow students to focus their studies in specific areas (for example, illustration concentration, graphic design AAS.)

- **Associate of Arts in Teaching (AAT)**
  This degree recognizes mastery in a core of professional education coursework and fieldwork experiences appropriate for the first two years of teacher preparation. The program is intended to prepare students to transfer to an early childhood, elementary, or selected secondary education programs at a four-year college or university in the state of Maryland. Students who receive the AAT will have fulfilled their General Education requirements and earned acceptable scores on a state approved basic skills test. The AAT offers a 2+2 program between community colleges and four-year colleges and universities, while enhancing our efforts at 2+2+2 collaborative programs with local K-12 schools.

- **Associate of Fine Arts (AFA)**
  This degree recognizes mastery in the professional arts in programs that have as a primary goal transfer to a bachelor of fine arts (BFA) program, are similar to the first two years of a BFA program, and require at least 60 percent of the course credit to be in studio work and related areas. The College offers two AFA degrees: graphic design and studio art.

Certificate
A certificate recognizes successful completion of a sequence of courses (a minimum of 12 credits) that focus on the development of specific technical skills.

Letter of Recognition
The letter of recognition is designed to provide students with a confirmation of the completion of a sequence of courses (6-11 credits) that teach focused skills and competencies in specific career areas. Students seeking only a letter of recognition, who are not planning to pursue a certificate or associate's degree at the College, are considered non-degree seeking students and are not eligible for financial aid.
Once my Montgomery College application is processed, what comes next?
Promptly complete assessment/testing requirements. Most courses require that you demonstrate skill levels in English, reading, and/or mathematics prior to registration. Contact the Assessment Center for testing times or appointments.

Why is the welcome letter so important?
The welcome letter contains your M number, your MyMC ID, your official Montgomery College email address, residency/tuition rate, and which placement test you should take. You should receive your welcome letter within 10 business days after applying to Montgomery College. Keep your welcome letter for your records.

What is an M number?
An M number is your student identification number—also called your College ID, assigned to you by Montgomery College.

What is a MyMC ID?
Your MyMC ID is the user ID assigned to you for entry to Montgomery College's web portal MyMC, where you can read your email, register for classes, contact your instructors, view your grades, and learn about clubs, news, and activities.

How do I log in to MyMC?
Now that you have your MyMC ID from your welcome letter, click on the MyMC button on Montgomery College's home page to take you to MyMC. Before you can log in to MyMC, you must first claim your account. Click on the "Claim Your Account" link on the MYMC login page and follow the instructions. If you need help with MyMC, call 240-567-5000, choose your language, and press 2 for MyMC support. Warning: Do not share your login information with anyone. You are responsible for all transactions on this account.

Will I get a Montgomery College student email account?
Yes. Your MyMC ID is your email account name. (Format: MyMCID@montgomerycollege.edu). Your email account is the official means of communication between you and the College. Check your email frequently for information including waitlist status, course announcements, registration information, payment notices, and class cancellations.

Where can I find additional help on enrolling at MC?
For additional help with the enrollment process, call the Response Center at 240-567-5000 or stop by a campus Welcome Center. For information on Welcome Center locations and services, visit montgomerycollege.edu/welcomecenter.

The Next Destination for Your Education: USG

Continue Your Studies Without Leaving Montgomery County

Did you know that you can transfer to earn a baccalaureate degree from a public Maryland university right here in Rockville upon completion at Montgomery College? The Universities at Shady Grove (USG) offers select degrees from nine University System of Maryland institutions.

Enjoy small classes, close interaction with faculty, active student life, and personalized assistance at the USG campus, while still earning your degree from your home university.

Tips for a Smooth Transition to USG for Your Bachelor’s Degree

1. Meet with a Montgomery College counselor to determine what curriculum or major best suits you and your career goals.

2. Visit USG’s website at shadygrove.umd.edu to learn more about our academic program offerings and student life on our campus. Attend a USG open house or schedule a visit at your convenience by contacting USG’s Center for Recruitment and Transfer Access at shadygrove@umd.edu.

3. Meet with a USG recruiter or program representative to determine if a program at USG is right for you. Discover how to prepare for a successful transfer by learning about prerequisites and admissions requirements for your desired program of interest. Contact us to schedule an appointment.

4. Explore the Transfer Access Programs (TAP) offered by some of our partner institutions at USG. Montgomery College students who are a part of TAP will receive benefits such as early academic advising, advanced use of USG resources, and increased chances of admission.

5. Follow the transfer program of study for your selected major by referring to MC’s transfer website at montgomerycollege.edu/transfer. For a smooth transfer, make sure you complete all program prerequisites and meet all the admissions requirements for your selected program.

6. Apply to your program of choice offered at USG through the institution offering the major. At the same time, apply for financial aid and scholarships offered exclusively for students who attend programs at USG. Go to shadygrove.umd.edu/scholarships for more information.

For more information, visit shadygrove.umd.edu/prospective-students.
