

ENDOWMENT IMPACT AT A GLANCE

2025

A MESSAGE FROM THE EXECUTIVE DIRECTOR

TO OUR VALUED SUPPORTERS

I am pleased to share with you the Montgomery College Foundation's 2025 Endowment Impact at a Glance. As vice president of development and alumni relations and executive director of the Montgomery College Foundation, I am honored to witness the extraordinary generosity of our donors and the lasting difference you make for our students and community.

Endowments are vital to the College's mission of providing access, equity, and excellence in higher education. Your continued investment ensures that students from every background can achieve their goals without the burden of financial barriers.

Each year, donors like you have contributed generously to strengthen the Foundation's endowment, creating a permanent source of support for scholarships, innovation, and academic excellence.

This overview highlights the measurable impact of those gifts: stories of students whose lives have been changed, faculty who bring new ideas to the classroom,

and programs that are preparing tomorrow's workforce. Each endowment represents a commitment to education and to the values that make Montgomery College a leader in transforming lives and enriching our community.

As we prepare to launch an enhanced reporting system in 2026, this interim report reflects our continued promise of transparency and stewardship. We are deeply grateful for your partnership in this work and for believing, as we do, that education is the most powerful force for change.

Thank you for your generosity, your trust, and your belief in the mission of Montgomery College.

STUDENT STORY

“

Currently, I am a first-semester nursing student at Montgomery College, and this scholarship has made a significant impact on my life. It has lifted the burden of working full time while managing a full course load, allowing me to devote more time and energy to my studies.

I aim to excel academically, complete all clinical requirements, and take full advantage of mentorship, networking, and leadership opportunities at MC. In the future, I hope to work as a registered nurse, particularly in settings that serve vulnerable or underserved populations.

”
