	FS 250/ FIRE 250	3	

Overall GPA of 2.0 is required to graduate

The major in fire prevention technology offers students the opportunity to develop the professional skills and knowledge necessary to serve as an effective leader and manager in the public safety environment. The program is built around a “core” of courses that focus on broad knowledge and principles. Fire prevention specialists inspect buildings and equipment to detect fire hazards and enforce state and local regulations; develop and coordinate fire prevention programs; identify corrective actions necessary to bring properties into compliance with applicable fire codes, laws, regulations, and standards; explain these measures to property owners or their representatives; inspect and test fire protection and/or fire detection systems to verify that such systems are installed in accordance with appropriate laws, codes, ordinances, regulations, and standards; and write detailed reports of fire inspections performed, fire code violations observed, and corrective recommendations offered.
