HELLO FUTURE MC STUDENTS!!

Mr. Akima Rogers
Director of Dual Enrollment

WHAT IS DUAL ENROLLMENT?

- Dual Enrollment is an academic initiative that allows qualified high school students to be admitted and enrolled at Montgomery College to take credit courses while still completing their high school diploma requirements.
- Students are registered for standard college courses taught by Montgomery College professors.
- Students may take advantage of individual ***College and career credit opportunities***

While in High School*

 Montgomery College
endless possibilities

College and Career Credit Opportunities

- Students take Individual college courses to earn college credit.
- Students enroll in courses typically taken in their first and second year of college.
 - General Education Requirements
 - Foundation/Distribution Courses
- Students enroll in one 3-credit course up through a 30+ credit pathway towards college completion.

What Can I Do with the Credits Earned?

- College credits earned may be used towards an associate's degree or certificate at MC.
- College credits may also transfer to four-year colleges and universities. ("Google" *ARTSYS Maryland*).
- Students may apply college credits to both high school diploma requirements and college graduation requisites with prior permission from the student's high school.

What Are The Requirements To Participate?

- Students must submit a College admissions application and be fully admitted to Montgomery College.
- Students must meet the College's Dual Enrollment requirements
 - must have a high school grade point average (GPA) of 2.50 (seniors) or 2.75 (juniors or below).
 - must complete all enrollment steps, to include appropriate school and parent approvals.
- Students must have the required prerequisites and assessment levels for each class, including AP scores for appropriate courses.

How Do I get Enrolled?

- The entire student enrollment process is managed by the Dual Enrollment office through a "one stop shop" model, providing dedicated service and support to students and ensuring that college procedures and state laws are met.
- A Dual Enrollment Academic Coordinator is assigned to each of the three campuses. You may choose whichever campus is most convenient for you.
- All enrollment steps and forms are on the dual enrollment webpage.

Home School Student Verification

Montgomery College requires that any home schooled high school student provide verification from their local school system that they are receiving home school instruction.

- Verification must come directly from the student's public school system in the county in which they reside.
- The student and/or parent must contact the local school system and request that the information be sent to the Dual Enrollment office at MC.
 - Written verification must be requested prior to your appointment with an MC Academic Coordinator.

What Are My Course Options?

- Students may enroll in any college credit course provided they meet the appropriate course prerequisites and assessment levels.
- Students can take college classes at any MC campus. (Germantown, Rockville or Takoma Park/Silver Spring)
- Students can also enroll in online/distance learning classes.

Foundation Courses:

- **English Foundation (ENGF) / (GEEL) (3 credits):** Choose one course from: **ENGL 102 Critical Reading, Writing, Research** or ENGL 103 Critical Reading, Writing and Research in the Workplace. All students must complete ENGL101/101A as a College prerequisite for ENGL102 or 103 unless eligible for placement into ENGL 102 or 103 through transfer credit, AP scores, SAT/ACT scores, or Accuplacer scores and College English department permission.
- **Mathematics Foundation (MATF) / (GEEL) (3-4 credits):** Choose one according to desired major(s): **MATH 117 Statistics, MATH 120 Survey of College Mathematics, MATH130[†] Math for Education, MATH 150 Applied Calculus, MATH 165 Precalculus, MATH 170 Calculus for Life Sciences I, or MATH 181 Calculus I.**

[†] MATH 130, Math for Education is required for the Associate of Arts in Teaching. Many transfer institutions will not accept MATH 130 as a general education math course if an AAT is not completed.

How Will I Know if the Credits Will Transfer?

- Montgomery College has an articulation agreement with many colleges and universities within the University System of Maryland. Google "ARTSYS Maryland"
- Parents/students must research the transferability of credits to institutions outside of the University System of Maryland or to private colleges or universities
 - Transferability of credits is at the sole discretion of the receiving college or university
 - Google " _____ University transfer credit"
