

Club Listing – Takoma Park/Silver Spring Campus (TP/SS)

Happy Summer! The Club Program is on break for the summer months. Below is the list of clubs that were active last year at TP/SS. Check below to find a group where you can connect and get involved. If you don't see a club that matches your interests, please reach out—we'd love to help you bring a new club to campus! Feel free to stop by our office in ST 217 for more information.

To stay informed about club activities, leadership opportunities, and service events, visit the Office of Student Life webpage: <https://www.montgomerycollege.edu/life-at-mc/student-life/takoma-park-silver-spring/index.html>. For any club-related inquiries or to start your own club, please contact your TP/SS Campus Student Life Specialist at mia.price@montgomerycollege.edu.

<u>Club Name</u>	<u>Club Mission</u>
100% Triumph Christian Club	Our mission is to create welcoming community where students can encounter the LOVE and the TRUTH of Jesus Christ. We aim to deepen our faith through worship, fellowship, and service, while supporting one another in living out the teaching of Jesus. Together, we seek to grow in spiritual maturity, share the Gospel, and impact our campus for the glory of God.
African Student Association (ASA)	A diverse club that promotes the value of education, culture, and awareness of current events among interested students.
Afro Fusion Dance Club	To build a community with the art of dancing. To escape from the realities of our regular day to day. To divest, release some stress while building meaningful connections. To use these methods as a therapeutic way to connect people from different backgrounds.

Biology Club	The purpose of the Biology Club is to promote interest and deeper understanding of biology among the members. And provide opportunities for students to engage in activities like research projects, discussions, guest lectures, field trips, and community service related to biological sciences, fostering both academic growth and networking/socializing with people that have the same interests as one another.
Chemistry Advanced Mathematics & Physics (C.A.M.P.)	To learn and study Chemistry, Mathematics and Physics in fun ways.
Cyber Security Club	To foster a collaborative community of learners and professionals dedicated to securing the digital world. Through peer support for industry certification preparation and networking opportunities, we provide members with valuable resources and study materials to navigate the evolving cybersecurity landscape while promoting ethical security practices.
Disability Student Union (DSU)	To provide a social space for disabled students as well as an advocacy arm.
Dual Enrollment Club	The mission of the Dual Enrollment Ambassadors & Engagement Club is to provide a welcoming and supportive space for dual enrollment students to connect, share resources, and navigate the challenges of balancing high school and college. Our goal is to foster a strong community where students can engage with peers, receive guidance, and enhance their academic and personal growth.

Ethiopian-Eritrean Student Association (EESA)	To share our Ethiopian culture. To help us connect with other Ethiopians and help us make friends. To be a place where people can come and ask any questions, they are having a problem with on campus, and we together can help them understand.
Fashion Club	To bring together a community of students who love creating, designing, exploring, and learning about fashion. To learn about different styles of fashion from all around the world and learn about different art mediums in terms of creating different types of clothing and accessories.
International Student Association (ISA)	To meet new students, network and identify campus resources.
Latino Student Union (LSU)	To promote and celebrate our cultural identity and appreciation for our roots, encourage service to our community, increase awareness of current events that impact the Latino Community.
Makers Space Club	The purpose of our club is to provide a platform for members to learn and develop technical skills, collaborate on group projects, and foster an environment conducive to new ideas. By solving real-world problems and completing personal projects together, we aim to inspire students to think outside the box while gaining skills that will serve them beyond their time at Montgomery College.
MC Raptors for Immigrant Rights	MC Raptors for Immigrant Rights is dedicated to creating a space for youth regardless of immigration status, equipping them with the leadership skills needed to combat unjust policies and regulations impacting minority groups. Our goal is to fight for the liberation of ourselves and extended communities.
Muslim Student Association	Our interest is learning about Islam, strengthen our faith and engage in thoughtful and insightful discussion.

(MSA)	
Nursing Club	The purpose of the Nursing Club is to build community among current and future nursing program students, and to provide nursing students with meaningful opportunities for serving our communities through volunteerism. We aim to promote health and wellness through active community engagement.
Permaculture Club	To promote food security, opportunities to grow and care for a food forest, knowledge of native plants, meeting and listening to experts in the Horticultural field, all while learning how to utilize and strengthen skills while giving back to both our MC community and our greater surrounding communities.
Service Squad	Gain leadership experience, earn volunteer hours, and support your local communities, and meet new friends & MORE
STEM	The STEM Club helps students explore careers in the STEM field, explore transfer opportunities, plan and host STEM events that can include bringing guest speakers, tutoring and engaging in STEM related activities.
TPSS Book Club	The mission for the TPSS Book Club is to build a welcoming environment where everyone feels comfortable and loves reading. We hope to grow our book club by spreading the word and connecting with new friends along the way. We aim to inspire even people who aren't readers to fall in love with reading. This club will provide a safe place for students to relax, unwind, and have fun, with events themed around different seasons and weather, all centered around books and the fun in reading.
TPSS Raptors Who Code	Raptors Who Code at Takoma Park/Silver Spring Campus aims to inspire students to pursue careers in computer science by providing an interactive environment for learning

	and growth. Through engagement with emerging opportunities and hands-on experiences, we equip members with the skills and mindset needed for success in the field.
Queer Club	Providing a safe space for LGBTQ+ students to nurture or explore their gender and/or sexuality. without judgment or discrimination.
