PLANNING RESOURCE TOOLKIT

Fiscal 2021 Reporting Period

May 2022

This is the eighth annual summary of student enrollment and completion data. Faculty and course related data are also included. The data in this document are intended to assist the college's academic planning and management efforts on the part of academic affairs and administrators, faculty and staff. The data content are guided by the Office of the Senior Vice President for Academic Affairs and are produced by the Office of Institutional Research and Effectiveness, using the college's student information system, datamart, as the primary data source.

TABLE 8

Credits and Time to Award by Program

Table 8:

Time to Award is calculated by determining how many academic terms have elapsed since the student began credit classes at the College and dividing by 5 (representing the number of "terms" in a fiscal year). Credits to Award is computing the average number of earned credits a student has accumulated at the time of graduation.
