# PLANNING RESOURCE TOOLKIT

*Fiscal 2022 Reporting Period*

**May 2023**

This is the ninth annual summary of student enrollment and completion data. In addition, faculty and course-related data are also included. The data in this document are intended to assist the college's academic planning and management efforts on the part of academic affairs and administrators, faculty, and staff. The Office of the Senior Vice President for Academic Affairs guides the data contents, and it is produced by the Office of Institutional Research and Effectiveness, using the college's student information system, datamart, as the primary data source.

## TABLE 7

### Four-Year Graduation / Transfer Rates by Program

**Table 7:**

These data reflect the number of students who were "new to college" in the fall semester of 2018 and their four-year outcomes in terms of completion of an award and/or transfer to a four-year institution four years after they began at the College.

**Data Sources:**

**DMT Tables : MSFSTDN\_STATIC, SGBSTDN, MSFDEGS**

## TABLE 8

### Credits and Time to Award by Program

**Table 8:**

Time to Award is calculated by determining how many academic terms have elapsed since the student began credit classes at the College and dividing by 5 (representing the number of "terms" in a fiscal year). Credits to Award is computing the average number of earned credits a student has accumulated at the time of graduation.

## TABLE 10

### Low Producing Awards

**Table 10:**

These are the degree and certificate programs that have had the fewest number of graduates over the past five years. Some are relatively new programs, but most have been in existence for a number of years.
