#### INDEPENDENT AUDITORS' REPORT

Board of Trustees Montgomery College Rockville, Maryland

# Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the business-type activities, the discretely presented component unit, and the aggregate remaining fund information of Montgomery College (the College), a component unit of Montgomery County, Maryland, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the discretely presented component unit, and the aggregate remaining fund information of the College as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Emphasis of Matter – Change in Accounting Principle

As discussed in Note 1 and Note 25 to the financial statements, the College has adopted the provisions of Governmental Accounting Standards Board Statement No. 101, *Compensated Absences* (GASB 101), as of July 1, 2024. The adoption of GASB 101 was applied retroactively and resulted in a decrease to beginning net position on the financial statements. Our opinions are not modified with respect to that matter.

# Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
  to fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures
  in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of changes in the College's net OPEB liability and related ratios – GASB No. 75, schedules of the college's OPEB contributions – GASB No. 75, schedules of the College's proportionate share of the net pension liability, and the schedules of the College's pension contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Listing of Board of Trustees and Secretary-Treasurer to the Board of Trustees as listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

CliftonLarsonAllen LLP

Clifton Larson Allen LLP

King of Prussia, Pennsylvania September 25, 2025

This section of Montgomery College's (College) basic financial statements presents management's discussion and analysis (MD&A), providing an overview of its financial activities as of and for the year ended June 30, 2025 and 2024. The intent of this review is to look at the College's financial performance as a whole. This analysis should be read in conjunction with the financial statements on pages 16 - 22 as well as the more detailed information in the related notes to the financial statements beginning on page 25. The MD&A, financial statements, and the related notes are the responsibility of management.

This narrative explaining management's review and analysis is divided into the following four parts:

- An overview of the College's financial statements and financial highlights.
- An analysis of the College's Statement of Net Position.
- An analysis of the College's Statement of Revenues, Expenses and Changes in Net Position.
- An analysis of the College's Statement of Cash Flows.

# **Overview of the Financial Statements**

The Governmental Accounting Standards Board (GASB) prescribes the College's three basic financial statements as the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows. These statements reflect the net value of assets and the results of operations on a College-wide basis.

The College has implemented GASB Statement No. 39, as amended by GASB 61; Determining Whether Certain Organizations are Component Units. This Statement addresses the conditions under which institutions should include associated fund-raising or research foundations as component units in their financial statements. The Montgomery College Foundation, Inc. (the Foundation) and the Pinkney Innovation Complex for Science & Technology for Montgomery College Foundation, Inc. (PIC MC) meet criteria for qualifying as component units. The Foundation is discretely presented after the College's financial statements and reference should be made to the separately audited financial statements of this component unit for additional information. PIC MC is blended with the College's reporting. This MD&A excludes the financial condition and results of operations of the Foundation.

The required supplementary information section contains statements and schedules, which are informational in their support to the College-wide financial statements. All statements are prepared using the accrual basis of accounting, which records all the current year's revenues and expenses regardless of when the cash was received or paid.

During the fiscal year 2025, the College implemented GASB Statement No. 101, Compensated Absences. The standard sets forth the accounting for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Additionally, this standard sets forth measurement of the liabilities for unused leave including associated salary related payments.

# **Overview of the Financial Statements (Continued)**

The College has reviewed the requirements of GASB Statement No. 103, Financial Reporting Model Improvements, and will implement the guidance for the year ended June 30, 2026. The standard sets forth that the basic financial statements be preceded by management's discussion and analysis (MD&A), which is presented as required supplementary information (RSI). MD&A provides an objective and easily readable analysis of the government's financial activities based on currently known facts, decisions, or conditions and presents comparisons between the current year and the prior year. This Statement requires that the information presented in MD&A be limited to the related topics discussed in five sections: (1) Overview of the Financial Statements, (2) Financial Summary, (3) Detailed Analyses, (4) Significant Capital Asset and Long-Term Financing Activity, and (5) Currently Known Facts, Decisions, or Conditions. Furthermore, this Statement stresses that the detailed analyses should explain why balances and results of operations changed rather than simply presenting the amounts or percentages by which they changed.

The College has reviewed the requirements of GASB Statement No. 104, Disclosure of Certain Capital Assets and will implement the guidance for the year ended June 30, 2026. The standard sets forth certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, Leases, and intangible right-to-use assets recognized in accordance with Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, should be disclosed separately by major class of underlying asset in the capital as-sets note disclosures. Subscription assets recognized in accordance with Statement No. 96, Subscription-Based Information Technology Arrangements, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class.

During fiscal year 2025, operating expenditures increased 5.2 percent driven mainly by a \$19.6 million increase to salaries and wages. Operating revenues demonstrate an increase driven mainly by a 3.74 percent increase in tuition and fee revenue. Nonoperating revenues increased by 1.48 percent primarily due to a \$6.0 million increase in Federal Pell Grants awards in 2025.

#### **Budgetary Basis of Accounting vs. GAAP Basis of Reporting**

The basis of accounting used for purposes of financial reporting in accordance with generally accepted accounting principles (GAAP) is not essentially the same basis used in preparing the budget. Differences between GAAP and the budgetary basis of accounting occur because the regulations governing budgeting differ from GAAP.

Financial statement presentation in accordance with GASB focuses on the financial condition of the College as a whole, which include principles involving long-term payables, such as those recorded with GASB 67 and 68, Accounting and Financial Reporting for Pensions, and GASB 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Full accrual accounting also requires the depreciation of fixed assets, which is a non-cash transaction not recorded in the budget.

**Government Support/Appropriations -** Operating and non-operating revenues support the College's mission. Operating revenues primarily include tuition, fees, and auxiliary sales and non-operating revenues primarily include state and county appropriations and grants.

# **Overview of the Financial Statements (Continued)**

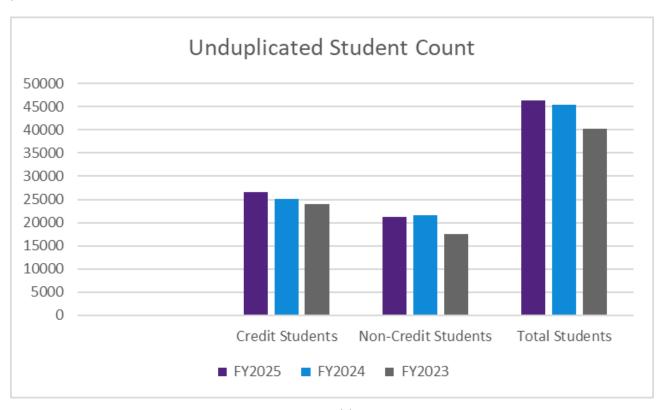

The continued support to the College from Montgomery County and the State of Maryland enables the College to expand access, protect affordability, and drive student success and completion. This non-operating revenue category accounted for 63.0 percent of the College's total operating and non-operating revenues. The following chart illustrates the commitment of both of these partners to the College's mission to empower our students to change their lives and to build a highly skilled workforce.

	FY2025	FY2024	Percent Change
			2024/25
Unrestricted County appropriations	\$148.41	\$148.41	0.00%
Restricted County appropriations	2.25	2.35	-4.26%
State appropriations	69.89	71.09	-1.69%
Total	220.55	221.85	-0.59%

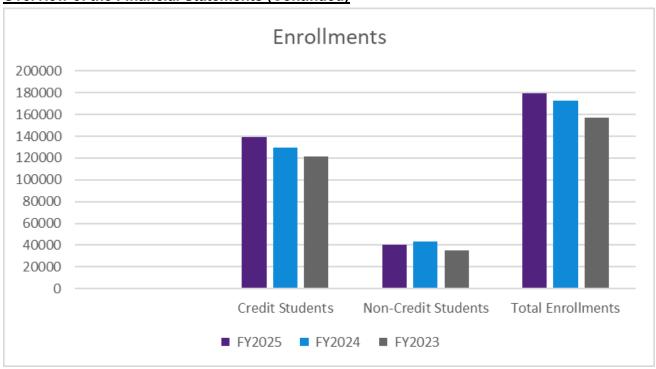

#### Student Enrollment and Student Score Card

During the annual budget development cycle, the College considers many factors in their enrollment projections; including, historical enrollment, enrollment patterns, demographics, the economic landscape, and regulatory changes for federal, state and local aid. The College is committed to strategies for increasing recruitment, retention and completion numbers while keeping tuition affordable; including in times of adversity.

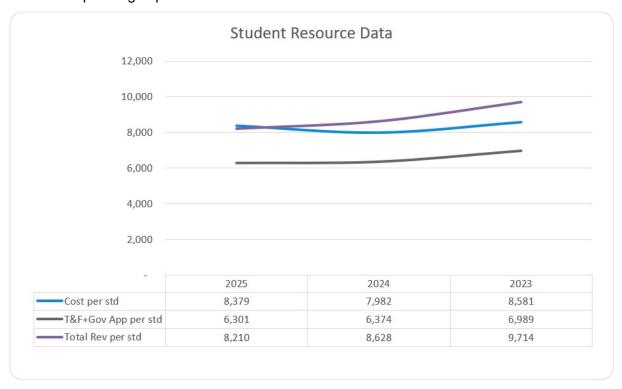

During the fiscal year, the College experienced positive results, exceeding expectations for student headcount and optimism in enrollments. Our total unduplicated student count increased 956 year over year, and our total enrollment increased 9,654.

# **Overview of the Financial Statements (Continued)**

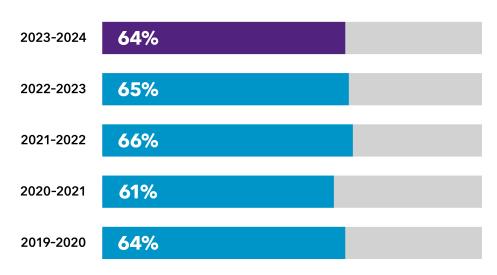

As indicated in the chart below, the cost per student metric for FY2025 increased 4.97 percent while total revenue per student decreased by 4.85 percent primarily due to a higher student body count and increased operating expenditures.

# **Overview of the Financial Statements (Continued)**

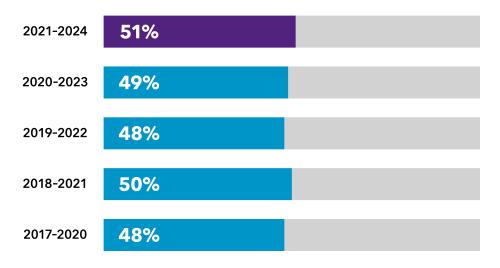

The Student Success Score Card was introduced several years ago as a tool for examining vital metrics on students' progress and to inform areas for improvement. The combined graduation and transfer rate of 51.0 percent, an increase of 2.0 percent, combined with the fall-to-fall retention of 64.0 percent, a slight 1.0 percent, decrease demonstrates that our strategies toward completion are having an impact on student goal attainment while student retention strategies face challenges.

# **FALL TO FALL RETENTION**

# **GRADUATION/TRANSFER**

INTEGRATED POSTSECONDARY EDUCATION DATA SYSTEM (IPEDS)

# **Analysis of Statement of Net Position**

The Statement of Net Position presents information on the College's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between these items reported as "net position." This statement is prepared using the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided, and expense and liabilities are recognized when others provide service to the College, regardless of when cash is exchanged. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial condition of the College is improving or deteriorating, when considered along with non-financial indicators such as enrollment levels.

	2025		2024		Percent Change
As of June 30, (in millions)			As	Restated	2024/25
Assets and Deferred Outflows					
Current Assets	\$	147.39	\$	149.39	-1.3%
Capital Assets		709.53		718.08	-1.2%
Other Noncurrent Assets		9.84		12.13	-18.9%
Total Assets		866.76		879.60	-1.5%
Deferred Outflows of Resources		20.67		28.53	-27.5%
Total Assets and Deferred Outflows of Resources	\$	887.43	\$	908.13	-2.3%
Liabilities and Deferred Inflows					
Current Liabilities	\$	47.26	\$	43.57	8.5%
Noncurrent Liabilities		117.20		125.42	-6.6%
Total Liabilities		164.46		168.99	-2.7%
Deferred Inflows of Resources		59.48		72.07	-17.5%
Net Position					
Net Investment in Capital Assets		628.00		631.13	-0.5%
Restricted - Expendable		3.71		4.49	-17.4%
Unrestricted		31.78		31.45	1.0%
Total Net Position		663.49		667.07	-0.5%
Total Liabilities, Deferred Inflows of Resources, and Net Position	\$	887.43	\$	908.13	-2.3%

**Current assets** - Current assets decreased in FY2025 by \$1.99 million or 1.3 percent primarily due to a decrease in cash. Increases to student receivables due to enrollment growth and short-term investments by \$3.93 million and \$2.88 million respectively offset the decrease.

**Capital and other non-current assets** – Decreases to net capital assets were \$8.55 million or 1.2 percent primarily because the Catherine and Isiah Leggett Math and Science Building was opened during the current fiscal year and commenced depreciation. The decrease in Non-Current assets of \$2.29 million driven by the settlement of the Aetna pension plan in FY2025 to eliminate future administrative costs and protect plan participant benefits.

# **Analysis of Statement of Net Position (Continued)**

**Deferred outflows of resources** - A deferred outflow of resources represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenditure) until the future period. The principal activities that cause deferred outflows of resources are OPEB and Pension deferrals due to changes in actuarial assumptions, changes in plan provisions, and contributions made subsequent to the measurement date. There was a decrease in the OPEB deferral of approximately \$8.41 million.

**Current liabilities** - Current liabilities include accounts payable and accrued expenses which can vary each year due to spending patterns and transactional volume. In FY2025, these balances increased by \$3.69 million or 8.5 percent.

**Noncurrent liabilities** - The College's Bond Rating is Aa3; Outlook Stable. The debt obligations of the College have been on a downward trend as payments toward existing obligations are made and no new debt has been issued. The principal outstanding on debt obligations is \$55.67 million in FY2025. Total noncurrent liabilities decreased \$8.22 million, or 6.6 percent in FY2025 primarily due to a decline in OPEB liability of \$4.94 million, and a decrease in lease liability of \$5.77 million due to annual lease payments.

**Deferred inflows of resources** - A deferred inflow of resources represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until the future period. The principal activities that cause deferred inflows of resources are OPEB and Pension deferrals due to changes in actuarial assumptions and changes in plan provisions; and leases pursuant to GASB 87 accounting requirements. The pension deferral decreased slightly in FY2025. The OPEB deferral decreased in FY2025 approximately \$12.08 million. The College recognized deferrals for leases in FY2025 of \$10.47 million a decrease from the \$10.71 million recognized in FY2024.

# Analysis of Statement of Revenues, Expenses, and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and the expenses incurred during the year. Activities are classified as either operating or non-operating. Generally, a public college like Montgomery College will report an operating loss, as the required financial reporting model per Governmental Accounting Standards Board (GASB) Statements Nos. 34 & 35 classifies state and local appropriations and certain Federal grants as non-operating revenues even though these resources support operating activities.

	2025		2024	Percent Change
For The Years Ended June 30, (in millions)		As F	Restated	2024/25
Operating Revenue				
Student Tuition/Fees	\$ 54.44	\$	52.47	3.8%
Grants & Contracts	16.58		17.36	-4.5%
Auxiliary Enterprises	4.70		4.74	-0.8%
Other Operating Revenue	 2.19		2.63	-16.7%
Total Operating Revenue	77.91		77.20	0.9%
Operating Expenses	380.26		361.62	5.2%
Operating Loss	(302.35)		(284.42)	6.3%
Non-Operating Revenue (Expense)				
State/Local Appropriation	220.55		221.46	-0.4%
State Paid Benefits	17.40		15.33	13.5%
Federal Pell Grants	28.18		22.15	27.2%
Federal Higher Education Emergency Relief Funds (HEERF) Grants	-		1.49	0.0%
Investment and Interest Income	4.67		4.76	-1.9%
Interest Expense	 (3.66)		(1.96)	86.7%
Total Non-Operating Revenue, Net	 267.14		263.23	1.5%
Loss Before Other Revenues (Expenses)	(35.22)		(21.19)	66.2%
Other Revenues (Expenses)				
Capital Appropriation	30.99		48.92	-36.7%
Capital Grants, Contracts and Gifts	0.77		0.27	185.2%
Loss on Disposal of Capital Assets	 (0.12)		(0.02)	500.0%
Total Other Revenue, Net	31.64		49.17	-35.7%
Increase in Net Position	(3.58)		27.98	877.6%
Beginning Net Position	 667.07		639.09	4.4%
Ending Net Position	\$ 663.49	\$	667.07	-0.5%

# Analysis of Statement of Revenues, Expenses, and Changes in Net Position (Continued)

As a demonstration of how crucial state and local appropriations and federal grant revenue streams are to College operations, the chart below adds these revenue streams back to total operating revenues and recalculates an "adjusted operating loss."

			Percent Change
For The Years Ended June 30, (in millions)	2025	2024	2025/24
Total Operating Revenues	\$ 77.90	\$ 77.20	0.9%
State/Local Appropriations	220.55	221.46	-0.4%
State Paid Benefits	17.40	15.33	13.5%
Federal Pell Grants	28.18	22.15	27.2%
Federal HEERF Grants		1.49	0.0%
Adjusted Resources	344.03	337.63	
Total Operating Expenses	380.26	361.62	5.2%
Adjusted Operating Loss	\$ (36.24)	\$ (23.99)	51.0%

Overall operating revenue increased \$0.7 million in FY2025, the component parts of operating revenue are explained more fully below.

**Tuition and fees** - Tuition and fees, net of scholarship allowances, were \$54.43 million in FY2025. The net increase of \$1.96 million in FY2025 is due to increased enrollment. Scholarship allowances were \$26.72 million in FY2025, and \$24.25 million in FY2024, also due to enrollment increases.

**Grants and contracts** - Federal, state, and local operating grants and contracts decreased slightly by \$0.7 million in FY2025 or 4.2 percent, driven mainly by reduced grant opportunities for students and academic programs.

**Auxiliary and other revenues** – In FY2025, presence on campuses for both academic instruction and operations remained consistent. Auxiliary services include dining and vending services, childcare center operations, student fees, and facility rentals. The result was a slight reduction in revenue in FY2025 of 0.8 percent to \$4.70 million versus \$4.74 million in FY2024.

**Non-operating revenue and expense** – Increased non-operating revenues of 1.5 percent or \$3.9 million were driven primarily due to a \$6.02 million increase in Federal Pell grants, offset by a slight reduction in State appropriations of \$1.30 million, investment and interest income saw a slight decrease of 1.87 percent.

**Other revenues, expenses, gains or losses** - This category is comprised primarily of capital appropriations. Montgomery College's goal is to provide a safe, clean, and secure classroom and workplace environment for students and employees. Funding can fluctuate from year to year based on the construction life cycle. During FY2025, capital appropriations decreased year over year by \$17.92 million as major projects were nearing completion.

# Analysis of Statement of Revenues, Expenses, and Changes in Net Position (Continued)

**Operating expenses** - Total operating expenses of \$383.03 million reflects an increase of \$24.18 million as compared to an increase of \$17.18 million in FY2024. An analysis of the major variations is explained more fully below. One month of operating expenses approximates \$32.04 million and \$30.02 million, respectively, for FY2025 and FY20204.

**Salaries and benefits** - Salaries and benefits of \$277.73 million and \$258.13 million in FY2025 and FY2024, respectively, continue to be the major component of the College's operating expenses. For fiscal years 2025 and 2024, salaries and benefits (including State paid benefits) accounted for 72.2 percent and 71.2 percent of total operating expenses, respectively.

**Scholarships and related expenses** - In FY2025, these expenses are \$2.84 million higher primarily due to the significant increase in Federal student aid support to students.

**Instruction** - Instruction expenses increased \$8.51 million from the prior year. The majority of this increase is due to the need for academic resources during increased enrollment and higher student presence on campus.

**Expenses by functional classification** – As more fully demonstrated in footnote no. 12, College spending in terms of the percentages for the seven standard reporting classifications has remained relatively consistent year over year. Over 40 percent of the annual budget supports academic instruction and support to our students. Montgomery College has not significantly changed its budgeting model or allocations and, therefore, expects the pattern to be consistent year over year.

#### **Analysis of Statement of Cash Flows**

The Statement of Cash Flows provides information about significant sources and uses of cash during the year. This statement helps users assess the College's ability to generate net cash flow and its ability to meet obligations as they come due.

The table below highlights the components of cash flow as of June 30, 2025 and 2024:

For The Years Ended June 30, (in millions)	2025	 2024
Net Cash Used by Operating Activities	\$ (250.12)	\$ (227.94)
Net Cash Provided by Non-Capital Financing Activities	248.71	246.90
Net Cash Provided (Used) by Capital and Related Financing Activities	(12.33)	(13.46)
Net Cash Provided (Used) by Investing Activities	1.79	(8.71)
Increase in Cash and Cash Equivalents	(11.95)	(3.21)
Cash and Cash Equivalents - Beginning of Year	 74.14	 77.35
Cash and Cash Equivalents - End of Year	\$ 62.19	\$ 74.14

# **Analysis of Statement of Cash Flows (Continued)**

The College's cash and cash equivalents decreased by \$11.95 million in FY2025, primarily due to increase expenditures and investment strategies in which the investment balance increased \$2.87 million in FY2025 to capitalize on the high interest rates and significant returns on investment in FY2025.

# Factors that will Impact Future Financial Position and Results of Operations

Our state and local governmental support remains strong with a slight decrease in the current year by approximately \$1.30 million. Montgomery County and the State of Maryland provide significant resources to the College and as such, the economic condition of the state and local region has a major bearing on the future economic health of the College.

Montgomery College's ability to recruit new students in this very competitive environment and support them toward graduation, transfer or certificate completion are essential to mitigate our dependency on our appropriation support. The competitive environment includes alternative education options, robust employment opportunities with accelerating wages, and the personal commitments of the students.

Montgomery College plays a critical role in training, re-training and educating the workforce of the county and state. Community college enrollment can fluctuate with the unemployment rate, generally, increasing when unemployment is high and decreasing when unemployment is low. The unemployment rate in Montgomery County was 3.6 percent at June 30, 2025, slightly higher than the state average of 3.4 percent and lower than the national rates at this date of 4.1 percent, respectively. These labor conditions, may create more challenging conditions for the College to attract and retain students.

#### **Contacting the College's Financial Management**

The financial report is designed to provide interested parties with a general overview of Montgomery College's finances. If you have questions about this report or require additional financial information, contact Montgomery College, Office of Business Services, 9221 Corporate Boulevard, Rockville, Maryland 20850.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

# Reporting Entity (MC and MCF)

Montgomery College (the College or MC) is considered a "body politic" under Maryland state law as an instrumentality of the state of Maryland (the State).

The College is governed by a 10-member Board of Trustees, nine of whom are appointed for six-year terms by the Governor of Maryland with the advice and consent of the State Senate, and one of whom is a student appointed by the Governor to serve a one-year term.

The College's budget is subject to approval by the Montgomery County Council (the County). The Annotated Code of Maryland states that in order for a board (College) to receive an increase in the State share of support, the County share, in the aggregate, that supports the community college shall be equal to or exceed the aggregate amount of operating fund appropriations made to the board by the County in the previous fiscal year. State funding is based on enrolled eligible full-time equivalent students.

The College's financial statements include the accounts of the Pinkney Innovation Complex for Science and Technology at Montgomery College (PIC MC) (formerly, Montgomery College Life Sciences Park Foundation Inc. (LSF)). In 2011, the Board of Directors of the College formed the PIC MC for the purpose of supporting the mission of the College or its successor institution and to promote the advancement of education by fostering and expanding educational and research opportunities for faculty and students of the College or its successor institution. Accordingly, the accounts of PIC MC have been blended herein, as required by generally accepted accounting principles. All significant interorganization balances and transactions were eliminated in consolidation.

Montgomery College Foundation, Inc. (the Foundation or MCF) is a legally separate, taxexempt organization established to enhance the College's mission through fund-raising that benefits the College and its programs. The 24-member board of the Foundation is selfperpetuating and consists of alumni and friends of the College. The majority of resources that the Foundation holds and invests are restricted to the activities of the College by donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of the College, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements.

Complete financial statements for the Foundation can be obtained from the administrative office listed below:

Montgomery College Foundation, Inc. Director of Finance 9221 Corporate Blvd. Rockville, Maryland 20850

During the year ended June 30, 2025, the Foundation distributed \$4,781,745 to the College for both restricted and unrestricted purposes.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Reporting Entity (MC and MCF) (Continued)

Although the College is not a County agency, as a result of the College's relationship with the County, the College is considered a component unit of the County. The County Council reviews and approves both the operating and capital budgets and budgetary amendments of the College and contributes substantial funding for both the operating and capital budget, as well as issues debt for the construction of college facilities. The College cannot issue debt or levy taxes, so it is in a financial benefit/burden relationship with the County. Accordingly, the College's financial data is presented in the Comprehensive Annual Financial Report of the County as a discretely presented component unit, in accordance with generally accepted accounting principles. Transactions with the County relate primarily to appropriations for operations and capital improvements.

#### **Basis of Presentation (MC and MCF)**

The College follows the reporting and disclosure requirements for special purpose governments involved in business-type activities as outlined in Governmental Accounting Standards Board (GASB) Statements Nos. 34, 35, and 38. This provides an entity-wide perspective in the financial statement presentation. These standards require capitalization of assets, recording of depreciation, presentation of management's discussion and analysis, required supplementary information and presentation of a Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position and Statement of Cash Flows.

The Foundation is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial statements.

#### **Fiduciary Activities (MC)**

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. The standard establishes criteria for identifying fiduciary activities of all state and local governments to determine whether an activity should be reported in a fiduciary fund in the financial statements. The Statement establishes criteria for identifying fiduciary activities of the state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. Governments with activities meeting the criteria should present a statement of fiduciary net position and a statement of changes in fiduciary net position. An exception to that requirement is provided for a business-type activity that normally expects to hold custodial assets for three months or less. GASB No. 84 was implemented during the year ended June 30, 2021.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Fiduciary Activities (MC) (Continued)

As a result, the College reports on fiduciary funds, which include the following:

Other Postemployment Benefits Trust Fund – Accounts for the accumulation of assets to be used for healthcare benefit payments to qualified employees.

#### **Basis of Accounting (MC)**

The College's financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when a liability is incurred.

# **Use of Estimates in Preparing Financial Statements (MC and MCF)**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. From time to time adjustments may be needed to accurately report financial information.

#### Scholarship Allowances (MC)

The College's tuition and fees revenue is reported net of any scholarship allowance. A scholarship allowance is defined as the difference between the stated charge for tuition, goods, and services provided by the College and the amount that is paid by the student and/or third parties making payments on behalf of the student. The scholarship allowance represents the amount of dollars the College receives as tuition from outside resources such as the Title IV Federal Grant Program, restricted grants, and the College's own Board of Trustees grants. Funds received for tuition costs from outside resources are reported in the appropriate revenue classification. Certain aid such as loans and third-party payments are credited to the student's account as if the student made the payment. For fiscal year 2025, the College netted student aid expenses in the amount of \$26,721,117, against tuition revenue of \$81,156,592.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# Revenue Recognition (MC)

Revenue is recognized on an accrual basis with the establishment of corresponding accounts receivable. Tuition receivables are uncollateralized obligations of students resulting from course registrations. Accounts receivable also include transactions involving governmental appropriations, grants and contracts, and financial aid. The allowance method for accounts receivable is used to measure bad debts. The allowance for doubtful accounts is determined based upon aging analysis and management's estimation of collectability of such accounts. To determine the allowance as of June 30, the College utilizes a 7-year moving average of collection experience for accounts outstanding 10 years or less. For balances outstanding more than 10 years, an estimated collection rate of 2 percent is used to calculate the collectible amount.

#### **Federal Financial Assistance Programs (MC)**

The College participates in federally funded Pell Grants, SEOG Grants, Federal Work-Study, and Federal Direct Loans Programs. Federal programs are audited in accordance with the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

# **Operating and Nonoperating Components (MC)**

Financial statement operating components include all transactions and other events that are not defined as capital and related financing, noncapital financing or investing activities. The College's principal ongoing operations determine operating flow activities. Ongoing operations of the College include, but are not limited to, providing intellectual, cultural and social services through two-year associate degree programs, continuing education programs and continuous learning programs. Operating revenues of the College consist of tuition and fees, grants and contracts (except Federal Pell grants), and auxiliary enterprises revenues.

Financial statement nonoperating components include transactions and other events that are defined as noncapital financing activities, capital-financing activities, and investing activities. Noncapital financing activities include borrowing money for purposes other than to acquire, construct, or improve capital assets and repaying those amounts borrowed, including interest. Also included are certain interfund and intergovernmental receipts and payments such as State appropriations, State paid benefits and student organization agency transactions. Capital financing activities include (a) acquiring and disposing of capital assets used in providing services or producing goods, (b) long-term borrowing money for acquiring, constructing, or improving capital assets and repaying the amounts borrowed, including interest, and (c) paying for capital assets obtained from vendors on credit. Investing activities include acquiring and disposing of debt or equity instruments.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Encumbrances (MC)**

The College does not utilize an encumbrance system and purchase orders for materials and services that were not received in the fiscal year are rolled forward unencumbered.

#### **Net Position (MC)**

Net position is classified according to external restrictions or availability of assets for satisfaction of College obligations. Restricted net position is reported as either expendable or nonexpendable. The unrestricted net position for the year ended June 30, 2025:

	2025
Reserve for Major Facility Projects	13,322,697
OPEB and Pension Contribution	(71,896,031)
Other Purposes	90,354,022
Total	\$ 31,780,687

Expenditures of quasi-endowment funds require approval by the Board of Trustees.

#### Restricted Net Position – Expendable and Nonexpendable (MC)

The College's restricted net position has constraints placed upon them either: (a) externally imposed by creditors, grantors, contributors, or laws/regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation. As such, GASB No. 34 requires the College's restricted net position to be delineated on the financials as either expendable or nonexpendable. Nonexpendable net position is required to be maintained in perpetuity. Expendable net position, for which there are externally imposed constraints, are obligated or expended with the condition(s) of the constraints. The College restricted expendable net position of \$3,717,463 at June 30, 2025.

	2025
Cable TV	175,545
Emergency Repairs & Maintenence	626,056
Grants	445,579
Capital Projects	2,470,282
Total	\$ 3,717,463

## Cash and Cash Equivalents (MC and MCF)

Cash equivalents are items that are readily convertible to cash while carrying an insignificant risk of change in value. Cash equivalents have original maturities at the date of purchase of three months or less. The Maryland Local Government Investment Pool (MLGIP). The MLGIP is valued at amortized cost

#### **Certificates of Deposit (MCF)**

Certificates of deposit are purchased directly through financial institutions and are stated at cost.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Investments (Short-Term and Long-Term) (MC)

Short-term investments consist of investments with maturities of less than one year at the time of purchase. Investments consist of banker's acceptances, U.S. government agency and sponsored instruments. Investments for the College are carried at fair value as determined by quoted market prices. Realized and unrealized gains and losses in fair value and interest income are reflected in the Statements of Revenues, Expenses, and Changes in Net Position.

# **Current and Noncurrent (MC)**

Current assets include cash and other assets or resources commonly identified as those which are reasonably expected to be realized in cash or consumed during a normal operating cycle of business, usually one year or less, without interfering with the normal business operation. They can consist of cash, inventories, accounts receivable, loans and leases receivable, marketable securities, and prepaid expenses which meet the conditions stated above. Current liabilities are defined as obligations whose liquidation is reasonably expected to require the use of existing resources properly classifiable as current assets, or the creation of other current liabilities. Other assets and liabilities which extend past the one-year period are classified as noncurrent.

# **Unamortized Interest (MCF)**

Notes payable held by the Foundation include bonds issued by the Montgomery County Revenue Authority (the Authority) and Certificates of Participation (COPs) issued by Montgomery County Maryland. These bonds and COPs were sold at either a premium or discount to their par value. The Foundation received the proceeds from these issues net of the costs to issue the bonds and COPs and reduced for or increased by the premium or discount on the bonds and COPs. The premium or discount has been recorded as unamortized bond and COP premium or discount, net of notes payable that is being amortized over the life of the note as an adjustment to interest expense.

#### Inventories (MC)

Inventories, consisting principally of cafe supplies, are determined on the first-in, first-out (FIFO) method and are stated at the lower of net realizable value or market. The cost is recorded as an expense as the inventory is consumed.

#### **Unearned Revenue (MC)**

Tuition and fee revenues received and related to the period after June 30, 2025 have been recognized as unearned revenue. See Note 11 for details of the PIC MC unearned revenue.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Capital Assets (MC)

Capital assets are long-lived tangible assets which include real property (land and buildings) and personal property (equipment, library books, art works). This class of assets will benefit future periods as an asset rather than being treated as an expense in the period that the expenditure occurs. Capital assets are defined as land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art, infrastructure, and other tangible assets that have initial useful lives extending beyond a single reporting period. Normally, a dollar threshold is established for each unit in this class prior to being classified as a capital asset. The College's policy limit for capitalization is \$5,000 per unit. Bulk purchases of goods with a per unit cost below the threshold but bulk cost exceeding \$100,000 are capitalized.

The basis of valuation for assets constructed or purchased is cost, while assets acquired by gift are recorded at their acquisition values. The College records depreciation on all capital assets in accordance with GASB Statement No. 35, except for land and art works, and it is not allocated to the functional expenditure categories. Land is not depreciated as it is considered to have an indefinite useful life. Expenditures for construction in progress are capitalized as incurred. The entire library collection is recorded and valued at cost or estimated cost as a unit without regard to individual item cost.

Depreciation is computed on a straight-line basis over estimated useful lives as noted below:

Buildings (Including Infrastructures, Alterations, Renovations, and Renewals and Replacements) 35 Years Leasehold Improvements 15 Years 10 Years Library Books Furniture and Equipment - Acquired prior to July 1, 2005 7 Years Furniture and Equipment - Acquired subsequent to July 1, 2005 as follows: Computer Equipment 3 Years Computer Infrastructure 5 Years 3 to 7 Years Equipment Vehicles 7 Years Instructional Equipment 7 Years

#### Land (MCF)

Land has been recorded at its appraised value upon receipt of the donation to the Foundation. The land is held primarily for use by the College in support of its operations. Expenditures for any maintenance of the land are borne by the College.

# <u>Impairment of Long-Lived Assets (MC and MCF)</u>

Management reviews the carrying value of assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. If such review indicates that the asset is impaired, given that the carrying amount of the asset exceeds its fair value as of the measurement date, the asset's carrying amount is written down to fair value. Long-lived assets to be disposed of are written down to the lower of cost or fair value. No impairment was recognized for the year ended June 30, 2025.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Valuation of Investments (MCF)

Investments are stated at fair value as determined by quoted market prices. Realized and unrealized gains and losses in fair value, interest income, and dividend income are reflected in the Statements of Activities, net of mutual fund expense fees.

#### Pledges Receivable (MCF)

The Foundation records unconditional promises to give that are expected to be collected within one year at net realizable value. Unconditional promises to give expected to be collected in future years are initially recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in contribution and grant revenue in the Statements of Activities. The Foundation determines the allowance for uncollectible promises to give based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Pledges receivable are written off when deemed uncollectible.

# **Noncash Contributions (MCF)**

Noncash contributions are recorded at their fair value on the date of receipt. Certain noncash items received by the Foundation are donated to the College for educational support.

#### Net Assets (MCF)

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

#### **Functional Expense Allocation (MCF)**

The costs of program and supporting services activities have been summarized on a functional basis in the Statements of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Functional Expense Allocation (MCF) (Continued)**

The Foundation's financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include contributed services, conferences and meetings, awards and refreshments, supplies, postage, printing, and contracted services, which are allocated on the basis of estimates of time and effort.

# <u>Deferred Outflows/Inflows of Resources (MC)</u>

A deferred outflow of resources represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenditure) until the future period. At June 30, 2025, the College recognized changes in actuarial assumptions, census data, contributions, payments and investment activity as deferred outflows of resources that are being amortized.

A deferred inflow of resources represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until the future period. At June 30, 2025, the College recognized changes in actuarial assumptions, census data, contributions, payments and investment activity and leases as deferred inflows of resources that are being amortized.

#### Pensions (MC)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about fiduciary net position of the Maryland State Retirement and Pension System (System) and additions to/deductions from the System's fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Postemployment Benefits Other Than Pensions (OPEB) (MC)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Montgomery County Retiree Benefits Plan (MCRBP) and additions to/deductions from MCRBP's fiduciary net position have been determined on the same basis as they are reported by MCRBP. For this purpose, MCRBP recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# **Leases and Subscription-Based Information Technology Arrangements**

The College has implemented GASB Statement No. 87. This statement provides guidance on the accounting and financial reporting for Lease agreements which are defined as a contract that conveys control of the right to use another entity's nonfinancial asset (the underlying asset) as specified in the contract for a period of time in an exchange or exchange-like transaction. Accordingly, lessee should recognize a lease liability and a lease asset at the commencement of the lease term, unless the lease is a short-term lease or it transfers ownership of the underlying asset.

The College has implemented GASB Statement No. 96. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) which are defined as a contract that conveys control of the right to use another party's information technology software for a period of time in an exchange or exchange-like transaction. Accordingly, a right-to-use subscription asset is recognized when the subscription asset is placed in service. Correspondingly, a subscription liability, measured at the present value of subscription payments over the subscription term, is recognized at the same time. Prior to implementation, these contracts were recognized as an expense when incurred. The College's policy for a right to use subscription asset is software acquisitions greater than or equal to \$100,000.

#### **Compensated Absence**

The College has implemented GASB Statement No. 101. This statement provides guidance on the accounting and financial reporting for liabilities for compensated absences be recognized for leave that has not been used and leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means.

# NOTE 2 LIQUIDITY AND AVAILABILITY (MCF)

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the Statement of Financial Position date, comprise the following as of June 30, 2025:

	2025
Financial Assets at Year-End:	
Cash and Cash Equivalents	\$ 6,774,576
Operating Investments	45,506,438
Accounts Receivable	13,796
Pledges Receivable, Net	3,569,649
Total Financial Assets	55,864,459
Less: Amounts Not Available to be Used Within	
One Year Due to Donor Restrictions	(52,859,212)
Financial Assets Available to Meet General	
Expenditures Within One Year	\$ 3,005,247
Pledges Receivable, Net Total Financial Assets Less: Amounts Not Available to be Used Within One Year Due to Donor Restrictions Financial Assets Available to Meet General	3,569,649 55,864,459 (52,859,212)

The Foundation's endowment funds consist of donor-restricted endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of the amounts available for general use. Donor-restricted endowment funds are not available for general expenditure.

As part of the Foundation's liquidity management plan, the Foundation invests cash in excess of daily requirements in short-term investments, CDs, and money market funds.

## NOTE 3 CASH AND INVESTMENTS (MC AND MCF)

#### Cash, Cash Equivalents, and Investments (MC)

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, establishes and modifies disclosure requirements related to investment and deposit risks:

- Credit Risk
- Custodial Credit Risk
- Concentrations of Credit Risk
- Interest Rate Risk
- Foreign Currency Risk

As of June 30, 2025, the College's carrying amount of cash, cash equivalents, short-term investments, and investments consisted of the following:

	2	2025
Cash	\$ 14	,987,651
Cash Equivalent - MLGIP	47	,205,221
Total Cash and Cash Equivalents	62	,192,873
Short-Term Investments	52	,027,740
Total Cash and Short-Term Investments	\$ 114	,220,613

#### NOTE 3 CASH AND INVESTMENTS (MC AND MCF) (CONTINUED)

#### Cash, Cash Equivalents, and Investments (MC) (Continued)

Custodial Credit Risk. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and are uncollateralized; collateralized with the securities held by the pledging bank; collateralized with securities held by the pledging bank's trust department or agent but not in the College's name.

The carrying amount for the College and PIC MC deposits was \$14,987,652 as of June 30, 2025. Petty cash and cashier's change funds of \$4,128 as of June 30, 2025 are excluded from these amounts. In addition, private loans of \$2,500 as of June 30, 2025 are excluded from these amounts. Actual bank statement balances totaled \$16,607,288 at the end of fiscal year 2025. Collateral was maintained during the year to secure all deposits and investments as specified under Section 6-202 of Title 6 of the State Finance and Procurement Article of the Annotated Code of Maryland.

Article 95, Section 22 and Section 6-222 of the State Finance and Procurement Article of the Annotated Code of Maryland authorizes, and the College's adopted investment policy authorizes, the College to invest surplus cash in U.S. Treasury obligations, U.S. governmental agencies and instrumentalities securities, collateralized certificates of deposit, repurchase agreements, the Maryland Local Government Investment Pool (MLGIP), commercial paper, and bankers' acceptances. In the opinion of management, the College is in compliance with all provisions of the Annotated Code of Maryland and the College's investment policy.

During the year, the College invested in U.S. Treasury Notes. The College also invested in the MLGIP, a "2a-7 like pool", with collateral being held for the pool consisting of U.S. government and agency securities, bankers' acceptances, commercial paper, and corporate bonds. The MLGIP is managed by PNC Bank under contract with the State of Maryland. Collateral was held at the Bank of New York in the College's name. The collateral balance was maintained throughout the year in sums in excess of any single day bank balance. These investments are reported in the College's Statements of Net Position at fair value, with the exception of the College's investment in the MLGIP. All securities in the MLGIP are valued daily by MLGIP on an amortized cost basis.

During FY2025, the Pinkney Innovation Complex for Science and Technology, the (PIC MC) invested cash in excess of daily requirements into Money market funds, Equity Securities, and Mutual funds. These investments are reported in the College's Statements of Net Position at fair value.

Refer to Note 20 for descriptions of the fair value hierarchy.

#### NOTE 3 CASH AND INVESTMENTS (MC AND MCF) (CONTINUED)

#### Cash, Cash Equivalents, and Investments (MC) (Continued)

As of June 30, 2025, the College had the following investments and maturities.

	2025				_		
	Fair Value	In	vestment Mat	uritie	s (in Months)		
Investment Type	Hierarchy		₋ess than 6		7 to 12		Total
U.S. Treasury Notes	1		23,989,400		21,626,560		45,615,960
STIF and Money Market Funds	N/A		207,723		-		207,723
Equity Securities	1		1,059,627		-		1,059,627
Mutual Funds	1		5,144,430		-		5,144,430
Total		\$	30,401,180	\$	21,626,560	\$	52,027,740

As of June 30, 2025, the College's fixed income investments were rated as follows:

	2025		
Investment Type	S&P	Moody's	
U.S. Treasury Notes	AA+	AAA	

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from interest rates, the College's investment policy limits the maturity length to one year with special approval required to purchase a security not to exceed two years.

Credit Risk. The College's investment policy does not allow investments in corporate bonds. The College's investment policy does allow investments in Money Market Treasury Funds. These funds must be operated in accordance with Rule 2a-7 and have the highest possible rating from at least one Nationally Recognized Statistical Rating Organization (NRSRO) as designated by the SEC. The MLGIP functions as a U.S. Treasury Money Market Fund and is under contract with the State of Maryland Treasurer's Office. The MLGIP was rated AAAm by Standard & Poor's.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the College would not be able to recover the value of its investment or collateral securities that are in the possession of an outside party, because the securities are not insured and are not registered in the College's name and are held by either the counterparty or the counterparty's trust department or agent but not in the College's name. During the year ended June 30, 2025, the College did not invest in any repurchase agreements. The College's investment policy requires all collateral be held by an independent third party with whom the College has a current custodial agreement in a segregated account with a clearly marked evidence of ownership and a safekeeping receipt supplied to the College.

#### NOTE 3 CASH AND INVESTMENTS (MC AND MCF) (CONTINUED)

#### Cash, Cash Equivalents, and Investments (MC) (Continued)

Concentrations of Credit Risk. GASB 40 requires the identification, by amount and issuer, of investments in any one issuer that represents 5% or more of total investments. The College's investment policy allows the following diversification by instrument at time of purchase:

U.S. Treasury Obligations	100%
U.S. Government Agencies	50%
Repurchase Agreements	50%
Collateralized Certificates of Deposits	25%
Bankers' Acceptances	50%
Maryland Local Government Investment Pool	50%
Money Market Funds	25%
Commercial Paper	5%

Security types noted above are further diversified by issuing institution:

Approved Security Dealers	25%
Maryland Local Government Investment Pool	50%
Bankers' Acceptances by Issuing Institution	10%
Commercial Banks	10%
Money Market Funds by Fund	25%
U.S. Government Agencies by Agency	20%
Commercial Paper	5%

The College's investments in U.S. Treasury Notes in the amount of \$45,615,960 represents 88% of short-term investments.

Foreign Currency Risk. In accordance with Section IX of the College's Investment Program, Diversification in Authorized and Suitable Investments, the College is restricted to banks (financial institutions) chartered in the State of Maryland and bankers' acceptances of domestic banks. Repurchase agreements must be backed by obligations of the United States, its agencies or instrumentalities.

#### Cash, Cash Equivalents, and Investments (MCF)

The Foundation maintains its cash, cash equivalents, and investments in accounts which are insured by the FDIC up to specified limits and may, at times, exceed the federally insured limits. Cash in the bank as of June 30, 2025 was \$9,595,861. The Foundation has not experienced any losses on such accounts and management does not believe that it is exposed to any significant related to concentration of credit.

#### NOTE 3 CASH AND INVESTMENTS (MC AND MCF) (CONTINUED)

#### **Investments (MCF)**

The investments of the Foundation are carried at fair value and summarized at June 30, 2025 as follows:

	202	2025			
	Cost	Fair Value			
Mutual Funds	\$ 37,517,639	\$ 42,685,632			

#### NOTE 4 ACCOUNTS AND PLEDGES RECEIVABLE (MC AND MCF)

# **Accounts Receivable (MC)**

Tuition and fees receivable are presented net of the related allowance for doubtful accounts on the Statement of Net Position. As of June 30, 2025, tuition and fees receivables are \$32,040,831 with an allowance of \$17,417,923, which nets to \$14,622,908.

# Pledges Receivable (MCF)

Pledges receivable at June 30, 2025 include amounts due in:

	2025
Less Than One Year	\$ 743,099
One to Five Years	2,755,836
More Than Five Years	1,683,720
Total	5,182,655
Pledges Deemed Uncollectible	(18,385)
Present Value Discount	(1,594,621)
Total	\$ 3,569,649

The discount rate used on long-term promises to give was 3% in 2025. Pledges deemed uncollectible are approximately 3% of discounted unconditional promises to give at June 30, 2025, as determined by a review of individual current year pledges.

The Foundation was named remainder interest beneficiary of two charitable remainder unitrusts where the Foundation is not the trustee and does not exercise control over the assets contributed to the trusts. The Foundation recorded the agreements as pledges receivable and contributions at the present value of the estimated future benefits to be received when the trust assets are distributed. Adjustments are made to the receivables on a yearly basis to reflect the accretion of the discounts and revaluation of the present value of the estimated future payments. As of June 30, 2025, the amount included in the pledge receivable balance was \$270,855.

#### NOTE 5 CHARITABLE REMAINDER TRUSTS (MCF)

The Foundation has been designated as remainder interest beneficiary under certain charitable gift-annuity agreements contracted with donors. The agreements call for specified distributions (annuity payments) to be paid to designated lead interest beneficiaries during their lives. The Foundation holds and invests the assets of the charitable gift annuity agreements and ensures that the specified distributions are made to the lead interest beneficiaries. The assets held and annuities payable are reflected on the Statements of Financial Position.

Upon commencement of such agreements, the Foundation records the fair value of the assets received and records the estimated present value of future payments to the lead interest beneficiaries as a liability for annuities payable from charitable gift annuity agreements. The liability is established by estimating future payments based on the beneficiary's life expectancy and discounting those payments to their present value. The excess of the assets received over the liability incurred is recognized on the Statements of Activities as contributions under charitable gift annuity agreements.

Assets held in split-interest agreements are adjusted to their fair value and the liability for annuities payable is adjusted to its current estimated present value on a recurring basis. Adjustments to the liability are reflected on the Statements of Activities as changes in the value of gift annuity agreements. When the estimated present value of the liability exceeds the value of the related assets, the deficit is a reduction of net assets without donor restrictions.

As of June 30, 2025, the assets, obligations and net assets related to charitable gift annuities were classified as follows:

2025

				2020	
	With	nout Donor	Wi	th Donor	
	Re	estrictions	Re	strictions	 Total
Assets Held for Charitable Gift Annuities	\$	-	\$	71,581	\$ 71,581
Annuities Payable from Charitable Gifts		634,088		32,178	 666,266
Net Assets (Liabilities)	\$	(634,088)	\$	39,403	\$ (594,685)

In order to offset the net liability, in fiscal year 2013, the Board directed funds without donor restriction from both the general endowment earnings and a portion of the proceeds of the sale of the Maryland College of Art and Design property, to function as a reserve. As of June 30, 2025, the combined balances in these two funds totaled \$889,165, and is recorded within investments on the Statements of Financial Position.

During the year ended June 30, 2025, no new split-interest agreements were created and one was extinguished. The total number of split-interest agreements were 10 as of June 30, 2025

# NOTE 6 CAPITAL ASSETS AND DEPRECIATION (MC)

# Capital Assets, Net (MC)

The following tables represent the changes in the capital asset categories (including depreciation) for fiscal year 2025.

Nondepreciable Assets:   Land   \$ 36,744,587   \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$			Balance -				Diameter la l		Balance -

Compensated Absences	\$ 10,465,737	\$	1,050,039	\$	(640,797)	\$	10,874,979	\$ 765,663				

#### NOTE 9 NOTES PAYABLE - MONTGOMERY COUNTY REVENUE AUTHORITY (MCF)

#### A. Notes Payable - 2011

In August 2011, the Authority issued "Montgomery County Revenue Authority Lease Revenue Bonds" (Montgomery College Project) Series 2011A and Series 2011B bonds (the 2011 Bonds) with a total face value of \$15,870,000. The Authority and the Foundation entered into a loan agreement to effectively transfer all obligations of the 2011 Bonds issue to the Foundation. The proceeds of the 2011 Bonds were used 1) for the purchase of the Goldenrod Building (a 68,826 gross square foot office building located on 4.62 acres located adjacent to the Germantown Campus of the College), 2) to pay real estate closing costs associated with the building purchase, and 3) to pay issuance costs of the 2011 Bonds. The 2011 Bonds have annual maturity dates from May 1, 2012 to May 1, 2036 and were issued at a premium of \$257,814.

The College entered into a lease agreement with the Foundation, beginning on September 1, 2011, with semi-annual payments to the Foundation that are calculated to be at least equal to the scheduled debt service payments on the 2011 Bonds. This lease agreement was pledged as security for the 2011 Bonds. The Foundation's obligations under the loan agreement are limited to its revenues payable under this lease. The bonds are not payable from, and no recourse shall be available against, any other assets of the Foundation.

The Series 2011A Bonds are subject to optional redemption in whole or in part on any date commencing May 1, 2021, and shall be so redeemed by the Authority in the event and to the extent the Foundation shall exercise its option to prepay the payments for the Project under Section 9.01(a) of the Loan Agreement at a redemption price equal to 100% of the principal amount redeemed plus accrued interest to the date fixed for redemption, without premium.

The Series 2011B Bonds maturing on or after May 1, 2022 are subject to optional redemption in whole or in part on any date commencing May 1, 2021, and shall be so redeemed by the Authority in the event and to the extent the Foundation shall exercise its option to prepay the payments for the Project under Section 9.01(a) of the Loan Agreement at a redemption price equal to 100% of the principal amount redeemed plus accrued interest to the date fixed for redemption, without premium.

The Series 2011B Bonds maturing by their terms prior to May 1, 2022 are not subject to optional redemption.

Interest is due semi-annually, each May 1 and November 1. Interest is being expensed as incurred. Interest incurred and expensed during the year ended June 30, 2025 was \$409,745.

# NOTE 9 NOTES PAYABLE – MONTGOMERY COUNTY REVENUE AUTHORITY (MCF) (CONTINUED)

#### B. Notes Payable - 2014

In November 2014, the Authority issued "Montgomery County Revenue Authority Lease Revenue Refunding Bonds (Montgomery College Arts Center Project) Series 2014", with a total face value of \$22,570,000. The Authority and the Foundation entered into a loan agreement to effectively transfer all rights and obligations of the bond issue to the Foundation. The proceeds of the 2014 Bonds were used to 1) advance refund all of the outstanding Montgomery County Revenue Authority Lease Revenue Bonds (Montgomery College Arts Center Project), Series 2005A; and 2) pay issuance costs of the 2014 Bonds.

The 2014 Bonds have annual maturity dates from May 1, 2015 to May 1, 2030 and were issued at a premium of \$2,195,089.

The College entered into a lease agreement with the Foundation in October 2005, amended November 2014, with semi-annual payments to the Foundation that are calculated to be at least equal to the scheduled debt service payments on the 2014 Bonds. This lease agreement was pledged as security for the 2014 Bonds. The Foundation's obligations under the loan agreement are limited to its revenues payable under this lease. The bonds are not payable from, and no recourse shall be available against, any other assets of the Foundation.

The Series 2014 Bonds maturing on or after May 1, 2025 are subject to optional redemption in whole or in part at the option of the Foundation in accordance with the Loan Agreement, on any date commencing May 1, 2024, at a redemption price equal to the principal amount to be redeemed, together with accrued interest to the date fixed for redemption, without premium.

The 2014 Bonds maturing by their terms prior to May 1, 2025 are not subject to optional redemption.

Interest is due semi-annually, each May 1 and November 1. Interest is being expensed as incurred. Interest incurred and expensed during the year ended June 30, 2025 was \$396,815.

# NOTE 9 NOTES PAYABLE – MONTGOMERY COUNTY REVENUE AUTHORITY (MCF) (CONTINUED)

#### C. Notes Payable - 2015

In June 2015, the Authority issued "Montgomery County Revenue Authority Transportation Fund Lease Revenue Bonds, Series 2015A", with a total face value of \$28,325,000. The Authority and the Foundation entered into a loan agreement to effectively transfer all rights and obligations of the bond issue to the Foundation. The proceeds of the 2015 Bonds were used to 1) advance refund all of the outstanding Montgomery County Revenue Authority Transportation Fund Lease Revenue Bonds, Series 2008A; 2) finance the cost of the acquisition, construction and equipping of a parking garage on the Rockville Campus; 3) pay a portion of the interest on the 2015 Bonds estimated to accrue until November 1, 2016, and 4) pay the cost of issuing the 2015 bonds. The 2015 bonds have annual maturity dates from November 1, 2015 to November 1, 2042 and were issued at a premium of \$1,341,104.

The College entered into a lease agreement with the Foundation in November 2008, amended June 2015, with semi-annual payments to the Foundation that are calculated to be at least equal to the scheduled debt service payments on the 2015 Bonds. This lease agreement was pledged as security for the 2015 Bonds. The Foundation's obligations under the loan agreement are limited to its revenues payable under this lease. The bonds are not payable from, and no recourse shall be available against, any other assets of the Foundation.

The Series 2015 Bonds maturing on or after November 1, 2026 are subject to optional redemption in whole or in part at the option of the Foundation in accordance with the Loan Agreement, on any date commencing November 1, 2025, at a redemption price equal to the principal amount to be redeemed, together with accrued interest to the date fixed for redemption, without premium.

On June 15, 2020, bonds due on 11/1/2035 were redeemed in the amount of \$180,000, and bonds due on 11/1/2036 were redeemed in the amount of \$655,000, for a total of \$835,000. The 2015 Bonds maturing by their terms prior to November 1, 2026 are not subject to optional redemption.

Interest is due semi-annually, each May 1 and November 1. Interest is being expensed as incurred. Interest incurred and expensed during the year ended June 30, 2025 was \$725,483.

#### D. Certificates of Participation

In July of 2016, Montgomery County Maryland issued Certificates of Participation (COPs) Series 2016A with a total face value of \$23,050,000, and Series 2016B with a total face value of \$1,810,000. The proceeds of the Series 2016A Certificates were loaned by the County to the Foundation to purchase and renovate a building to house College central and administrative services offices.

# NOTE 9 NOTES PAYABLE – MONTGOMERY COUNTY REVENUE AUTHORITY (MCF) (CONTINUED)

#### D. Certificates of Participation (Continued)

The COPs were used 1) to finance the costs of the acquisition, design, construction and equipping of an approximate 115,000 square foot building with approximately 365 and 400 parking spaces, 2) to pay real estate closing costs associated with the building purchase, 3) to fund a Capitalized Interest Fund, and 4) to pay a portion of the issuance costs of the 2016 COPs. The 2016A COPs have annual maturity dates from November 1, 2019 to November 1, 2035 and were issued at a net premium of \$1,328,788.

The Foundation leased its interest in the improvements and the site upon which the improvements are located to the College pursuant to a lease agreement dated as of July 1, 2016, between the Foundation and the College (the Lease). The Lease requires the College to make rental payments (the Rental Payments), which are assigned by the Foundation to the County pursuant to an Assignment of Rents and Leases Agreement dated as of July 1, 2016 between the County and the Foundation (the Assignment of Leases). The County is also secured by a deed of trust from the Foundation for the benefit of the County to secure the obligations of the Foundation under the Loan Agreement delivered at the time of closing of the Certificates (the Deed of Trust).

The Series 2016A Certificates that mature on or after November 1, 2025, are subject to redemption beginning November 1, 2024, as a whole or in part at any time thereafter, in any order of their maturities, at the option of the County, at a redemption price for each certificate equal to the principal amount of the certificate to be redeemed, together with interest accrued to the date fixed for redemption, without premium. The Series 2016A Certificates that mature on or before November 1, 2024, are not subject to redemption prior to their respective maturities.

The proceeds of the Series 2016B Certificates were loaned by the County to the Foundation and will be applied to pay the costs incurred by the College in connection with its terminating certain lease agreements for space that it currently occupies that will be replaced with the facilities that comprise the improvements. A portion of the Series 2016B Certificates were also applied to pay the costs of issuing the Series 2016B Certificates. The 2016B COPs have annual maturity dates from November 1, 2017 to November 1, 2021 and were issued at a net premium of \$888.

The Series 2016B Certificates are not subject to optional redemption prior to their respective maturities.

Interest is due semi-annually, each May 1 and November 1. Interest is being expensed as incurred. Interest incurred and expensed during the year ended June 30, 2025 was \$459,520.

# NOTE 9 NOTES PAYABLE – MONTGOMERY COUNTY REVENUE AUTHORITY (MCF) (CONTINUED)

## E. 2024 Promissory Note

In January 2024, the Foundation entered into a loan agreement evidenced by a promissory note in the principal amount of \$830,000 executed and delivered by the Foundation to Trinity Health Corporation. The proceeds of the loan received on February 21, 2024 will be used solely for charitable purposes to further the overall health and access to care in the Foundation's and Trinity Health Corporation's communities by providing scholarships in the amount of \$30,000 each academic year beginning July 1, 2025 in accordance with the following criteria: recipients pursuing a career in the clinical health fields, financial need, and scholastic merit. The Foundation may invest the proceeds of the loan in any investment account(s), fund(s), and/or vehicle(s), that the Foundation deems appropriate.

Interest is due annually in arrears within 90 days after each December 31. Interest is being expensed as incurred. Interest incurred and expensed during the year ended June 30, 2025 was \$8,300.

#### F. Future Maturities Schedule

# NOTE 10 LEASES (MC)

#### <u>Lessor</u>

The College, acting as lessor, has leases under long-term, non-cancelable lease agreements. The leases expire at various dates through FY 2124 and provide for renewal options ranging from three months to five years. During the year ended June 30, 2025, the College recognized \$600,540 and \$261,491 in lease revenue and interest revenue, respectively, pursuant to these contracts.

# NOTE 10 LEASES (CONTINUED)

# **Lessor (Continued)**

Total future minimum lease payments to be received under lease agreements are as follows:

Year Ending	Total	Total Interest

#### NOTE 10 LEASES (CONTINUED)

#### Lessee

Building lease obligations mirror Notes Payable (MCF) as disclosed in Note 9.

#### A. Lease Obligations – 2011

The College entered into a lease agreement with the Foundation for the Goldenrod Building on September 1, 2011, terminating on August 31, 2041, with semi-annual installment payments (May 1 and November 1) in an amount at least equal to the scheduled debt service payments made by the Foundation for the 2011 Bonds. These Bonds, issued in August 2011 on behalf of the Foundation by the Montgomery County Revenue Authority (the Authority), "Montgomery County Revenue Authority Lease Revenue Bonds (Montgomery College Project) Series 2011A and Series 2011B bonds with a total face value of \$15,870,000, were used 1) for the purchase of the Goldenrod Building; 2) to pay real estate closing costs associated with the building purchase; and 3) to pay issuance costs of the 2011 Bonds. The lease is a triple net lease, with the College responsible for all operating costs, as well as insurance, taxes, and costs of repairs and general maintenance of the Goldenrod Building. The College is current on all required payments to the Foundation and paid \$1,029,255 during the year ended June 30, 2025.

# B. Lease Obligations – 2014

The College entered into a lease agreement with the Foundation for the Morris and Gwendolyn Cafritz Foundation Arts Center (CAC) in October 2005, amended on November 19, 2014, terminating on December 31, 2031, with semi-annual installment payments (May 1 and November 1) in an amount at least equal to the scheduled debt service payments made by the Foundation for the 2014 Bonds. These 2014 Bonds, issued in November 2014 on behalf of the Foundation by the Authority "Montgomery County Revenue Authority Lease Revenue Refunding Bonds (Montgomery College Arts Center Project) Series 2014", with a total face value of \$22,570,000 were used to 1) advance refund all of the outstanding Montgomery County Revenue Authority Lease Revenue Bonds (Montgomery College Arts Center Project), Series 2005A; and 2) to pay issuance costs of the 2014 Bonds. This issuance resulted in a \$3,570,000 deferred inflow, or bond-refinancing gain, which is amortized over the life of the lease. The lease is a triple net lease, with the College responsible for all operating costs, as well as insurance, taxes, and costs of repairs and general maintenance of the CAC. The College is current on all required payments to the Foundation and paid \$1,944,606 during the year ended June 30, 2025.

The land on which the CAC was built is owned by the College.

#### NOTE 10 LEASES (CONTINUED)

#### Lessee (Continued)

## C. Lease Obligations - 2015

The College entered into a lease agreement with the Foundation for two parking garages located in Montgomery County in November 2008, amended on June 23, 2015, terminating December 31, 2043, with semi-annual installment payments (May 1 and November 1) in an amount at least equal to the scheduled debt service payments made by the Foundation for the 2015 Bonds. These 2015 Bonds, issued in June 2015 on behalf of the Foundation by the Authority, "Montgomery County Revenue Authority Transportation Fund Lease Revenue Bonds, Series 2015A", with a total face value of \$28,325,000, were used to 1) advance refund all of the outstanding Montgomery County Revenue Authority Transportation Fund Lease Revenue Bonds, Series 2008A; 2) finance the cost of the acquisition, construction and equipping of a parking garage on the Rockville Campus; 3) pay a portion of the interest on the 2015 Bonds estimated to accrue until November 1, 2016, and 4) pay the cost of issuing the 2015 bonds. The lease is a triple net lease, with the College responsible for all operating costs, as well as insurance, taxes, and costs of repairs and general maintenance of the two garages. On June 15, 2020, bonds due on 11/1/2035 were redeemed in the amount of \$180,000, and bonds due on 11/1/2036 were redeemed in the amount of \$655,000, for a total of \$835,000. The College is current on all required payments to the Foundation and paid \$1,895,150 during year ended June 30, 2025.

The land on which the Rockville parking garage is built is partially owned by the College. The Foundation has entered into a lease agreement with the College whereby the land that is owned by the College is leased to the Foundation for 80 years.

#### D. Lease Obligations - 2017

The College entered into a lease agreement with the Foundation for a Central Services Building on July 27, 2016, terminating June 30, 2041, with semi-annual installment payments (May 1 and November 1) in an amount at least equal to the scheduled debt service payments made by the Foundation for the 2016 Bonds. These 2016 Bonds, issued in July of 2016 on behalf of the Foundation by Montgomery County Maryland as Certificates of Participation (COPs) Series 2016A with a total face value of \$23,050,000, and Series 2016B with a total face value of \$1,810,000 were used to 1) to finance the costs of the acquisition, design, construction and equipping of an approximate 115,000 square foot building to house central administration employees with approximately 360 parking spaces, 2) to pay real estate closing costs associated with the building purchase, 3) to fund a Capitalized Interest Fund, and 4) to pay a portion of the issuance costs of the 2016 COPs.

The lease is a triple net lease, with the College responsible for all operating costs, as well as insurance, taxes, and costs of repairs and general maintenance of the Central Services Building. The College is current on all required payments to the Foundation and paid \$1,861,104 during year ended June 30, 2025.

# NOTE 10 LEASES (CONTINUED)

# Lessee (Continued)

# D. Lease Obligations – 2017 (Continued)

In addition, the College leases equipment and certain office facilities for various terms under long-term, noncancelable lease agreements. The leases expire at various dates through 2043 and provide for renewal options ranging from three months to eleven years.

# NOTE 11 UNEARNED REVENUE, NONCURRENT (MC)

In 2012, PIC MC received land lease rental income in the amount of \$6.3 million from a tenant overseen by PIC MC. The revenue will be amortized over the life of the land lease. The initial payment was included in unearned revenue in the Statements of Net Position and the balance as of June 30, 2025 is \$5,431,271.

#### NOTE 12 EXPENSES BY NATURAL CLASSIFICATIONS (MC)

The following table shows a classification of expenses for the year ended June 30 both by function as listed in the Statement of Revenue, Expenses, and Changes in Net Position and by natural classification, which is the basis for amounts shown in the Statement of Cash Flows.

# NOTE 13 RETIREMENT PLANS (MC)

The College participates in three statewide retirement plans. The statewide retirement plans are the Teachers' & Employees' Retirement System (the Retirement System), the Teachers' and Employees' Pension System (the Pension System), administered by the Maryland State Retirement System (MSRS), a cost-sharing multiple-employer retirement system, and the Maryland State Optional Retirement Plan (ORP). Certain employees may elect to participate in the ORP instead of the Pension or Retirement System. The State has approved two providers for the ORP which include the Teachers' Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF) and Fidelity. An employee can participate in only one plan at a time and has the opportunity to change providers during one open enrollment period a year.

Montgomery College adopted a defined benefit retirement plan (the Plan) January 1, 1968, for the benefit of its employees. The Plan was established as a supplement to the Maryland State Retirement Plan. Furthermore, the Plan provides a defined benefit, based on years of service and salary, to eligible employees hired prior to January 1, 1980, and are members of the Teachers' or the Employees' Retirement Systems, and, employees who transferred to the College directly from employment with the State of Maryland or an agency of the State of Maryland, prior to January 1, 1988. Effective July 1, 1970, Montgomery College entered into a Group Annuity Contract effective with AETNA Life Insurance Company (AETNA) to administer the Plan through a transfer of annuities, financial experience, coverage, and unapplied premium payments with respect to employees of Montgomery College. The contract binds AETNA to make annuity payments, and to make other payments and refunds, in accordance with the contract provisions.

#### NOTE 13 RETIREMENT PLANS (MC) (CONTINUED)

During FY2025 the Board of Trustees authorized the College to terminate the Montgomery College Retirement Plan, as amended through July 1, 2024, and settle the outstanding liabilities through an agreement with AETNA converting the existing participating annuity guarantees under the contract to a non-participating basis. This conversion were accomplished by discontinuing the contract with AETNA and the guaranteed benefits will be purchased by deducting the non-participating premium from the contract fund.

Pursuant to this transaction, the benefit obligation is transferred from the Plan/College to AETNA and AETNA continues to administer and assumes sole responsibility for the benefit payments to the plan participants.

The College's total current payroll for the fiscal year ended June 30, 2025 for all employees was \$214,666,643. The approximate current covered payroll for the plans below, which includes employees eligible under multiple plans, is as follows:

	20	2025					
	Covered	Percent of Tota					
	Payroll	Covered Payrol					
MSRS	\$ 100,035,529	58.63 %					
Optional Retirement Plan	70,585,930	41.37					
Total	\$ 170,621,459	100.00					

#### A. Statewide Retirement Plans

The State systems were established in accordance with the State Personnel and Pensions Article of the Annotated Code of Maryland. Responsibility for the administration and operation of the systems is vested in a 15-member Board of Trustees (the Trustees). The Trustees also have the authority to establish and amend the respective benefit provisions. The systems provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to system members and beneficiaries.

The following is a general description of the plan benefits available to the participants of each of the above named plans.

#### The Retirement System – MSRS

Participants in the Retirement System may retire with full benefits after attaining the age of 60, or completion of 30 years of creditable service regardless of age. However, participants may retire with reduced benefits after completing 25 years of creditable service regardless of age.

# NOTE 13 RETIREMENT PLANS (MC) (CONTINUED)

#### A. Statewide Retirement Plans (Continued)

# The Pension System - MSRS

Participants in the Pension System hired prior to July 1, 2011 may retire with full benefits (a) after completing 30 years of creditable service regardless of age, or (b) at age 62 or older with specified years of eligibility service. Participants may retire early with reduced benefits after attaining age 55 and completing 15 years of eligibility service. Employees hired on or after July 1, 2011 may retire with full benefits after (a) completing 10 years of eligibility service at age 65 or (b) using the "Rule of 90" defined as at least 90 years of combined age and years of eligibility service. These participants may retire early with reduced benefits after attaining age 60 and at least 15 years of service.

The ORP is a defined contribution "money purchase" plan under which the benefit is determined by the accumulated State contributions plus accrued investment earnings. Contributions are made to one of two providers approved by the State. Participants may receive their annuity income at any time after leaving the College.

# The MSRS Optional Retirement Plan (ORP)

Benefits under all systems, except the ORP which vests immediately, vest after five years of service and are based on years of creditable service and salary rates. Employees hired after July 1, 2011 have a 10-year vesting requirement.

The "unfunded actuarial accrued liability" is the result of applying the actuarial funding method to the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employees' service to date. The actuarial funding method is intended to help users assess the Systems' funding status on a going concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among public employee retirement systems and employers. The MSRS does not make separate measurements of assets and liabilities for individual employers.

#### Plan Description

The employees of the College are covered by the Maryland State Retirement and Pension System (the System), which is a cost sharing employer public employee retirement system. While there are five retirement and pension systems under the System, employees of the College are a member of either the Teachers' Retirement and Pension Systems or the Employees' Retirement and Pension Systems. The System was established by the State Personnel and Pensions Article of the Annotated Code of Maryland to provide retirement allowances and other benefits to State employees, teachers, police, judges, legislators, and employees of participating governmental units. The Plans are administered by the State Retirement Agency. Responsibility for the System's administration and operation is vested in a 15-member Board of Trustees. The System issues a publicly available financial report that can be obtained at https://sra.maryland.gov/.

#### NOTE 13 RETIREMENT PLANS (MC) (CONTINUED)

# A. Statewide Retirement Plans (Continued)

The MSRS Optional Retirement Plan (ORP) (Continued)

## **Benefits Provided**

The System provides retirement allowances and other benefits to State teachers and employees of participating governmental units, among others. For individuals who become members of the Teachers' Retirement and Pension Systems and the Employees' Retirement and Pension Systems on or before June 30, 2011, retirement/pension allowances are computed using both the highest three years Average Final Compensation (AFC) and the actual number of years of accumulated creditable service. For individuals who become members of the Teachers' Pension System and Employees' Pension System on or after July 1, 2011, pension allowances are computed using both the highest five years AFC and the actual number of years of accumulated creditable service. Various retirement options are available under each system which ultimately determines how a retiree's benefits allowance will be computed. Some of these options require actuarial reductions based on the retirees' and/or designated beneficiary's attained age and similar actuarial factors. A member of either the Teachers' or Employees' Retirement System is generally eligible for full retirement benefits upon the earlier of attaining age 60 or accumulating 30 years of creditable service regardless of age.

The annual retirement allowance equals 1/55 (1.81%) of the member's average final compensation (AFC) multiplied by the number of years of accumulated creditable service.

A member of either the Teachers' or Employees' Pension System on or before June 30, 2011 is eligible for full retirement benefits upon the earlier of attaining age 62, with specified years of eligibility service, or accumulating 30 years of eligibility service regardless of age. An individual who becomes a member of either the Teachers' or Employees' Pension System on or after July 1, 2011, is eligible for full retirement benefits if the members' combined age and eligibility service equals at least 90 years or if the member is at least age 65 and has accrued at least 10 years of eligibility service.

For most individuals who retired from either the Teachers' or Employees' Pension System on or before June 30, 2006, the annual pension allowance equals 1.2% of the members AFC, multiplied by the number of years of credible service accumulated prior to July 1, 1998, plus 1.4 % of the members AFC, multiplied by the number of years of credible service accumulated subsequent to June 30, 1998. With certain exceptions, for individuals who are members of the Teachers' or Employees' Pension System on or after July 1, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of credible service accumulated prior to July 1, 1998 plus 1.8% of the members AFC, multiplied by the number of years of credible service accumulated subsequent to June 30, 1998. Beginning in July 1, 2011, any new member of the Teachers' or Employees' Pension System shall earn an annual pension allowance equal to 1.5% of the member's AFC multiplied by the number of years of creditable service accumulated as a member of the Teachers' or Employees' Pension System.

#### NOTE 13 RETIREMENT PLANS (MC) (CONTINUED)

#### A. Statewide Retirement Plans (Continued)

#### **Contributions**

The College and covered members are required by State statute to contribute to the System. Members of the Teachers' Pension System and Employees' Pension System are required to contribute 7% annually. Members of the Teachers' Retirement System and Employees' Retirement System are required to contribute 5 to 7% annually, depending on the retirement option selected. The contribution requirements of the System members, as well as the State and participating governmental employees are established and may be amended by the Board of Trustees for the System.

The State makes a substantial portion of the College's annual required contribution to the Teachers' Retirement and Pension Systems on behalf of the College. The State's contributions on behalf of the College for the year ended June 30, 2025 were \$12,348,019. The fiscal 2025 contributions made by the State on behalf of the College have been included as both revenues and expenses in the accompanying statements of revenues, expenses, and changes in net position.

The College's contractually required contribution rate for the Employees' Retirement and Pension Systems for the year ended June 30, 2025 was 8.44% of annual payroll, respectively, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The College made its share of the required contributions during the year ended June 30, 2025 of \$2,056,175.

# Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

#### **Employees Retirement and Pension Systems**

At June 30, 2025, the College reported a liability of \$18,771,267 for its proportionate share of the net pension liability of the System. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of those dates. The College's proportion of the net pension liability was based on actual employer contributions billed to participating government units for the year ending June 30, 2024. The contributions were decreased to adjust for differences between actuarially determined contributions and actual contributions by the State of Maryland. As of June 30, 2025, the College's proportionate share was 0.07136% a decrease of 0.00302% from its proportion measures as of June 30, 2024.

# NOTE 13 RETIREMENT PLANS (MC) (CONTINUED)

# A. Statewide Retirement Plans (Continued)

# **Employees Retirement and Pension Systems (Continued)**

For the year ended June 30, 2025, the College recognized pension expense of \$2,312,511. At June 30, 2025, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	2025					
		Deferred		Deferred		
	C	Outflows of	I	nflows of		
	F	Resources	R	esources		
Differences Between Expected and Actual						
Experience	\$	1,957,753	\$	523,933		
Changes of Assumptions		1,370,487		-		
Change in Proportion		215,869		1,580,898		
Net Difference Between Projected and Actual						
Earnings on Pension Plan Investments		1,458,681		-		
Changes in Proportionate Share of Contributions		-		15		
College Contributions Subsequent to the						
Measurement Date		2,056,175		-		
Total	\$	7,058,966	\$	2,104,847		

Deferred outflows of resources of \$2,056,175 related to pensions resulting from College contributions subsequent to the measurement date will be recognized as a reduction in net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2026	\$ 303,025
2027	1,724,847
2028	454,717
2029	262,082
2030	153,273
Total	2.897.944

# NOTE 13 RETIREMENT PLANS (MC) (CONTINUED)

#### A. Statewide Retirement Plans (Continued)

# **Teachers Retirement and Pension Systems**

At June 30, 2025, the College did not report a liability related to the Teachers' Retirement and Pension Systems due to a special funding situation. The State of Maryland pays the unfunded liability for the College and the College pays the normal cost related to the College's members in the Teachers Retirement and Pension Systems; therefore, the College is not required to record its share of the unfunded pension liability but instead, that liability is recorded by the State of Maryland. The amounts recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

2025

	2025
State's Proportionate Share of the Net Pension Liability	\$ 105,272,708
College's Proportionate Share of the Net Pension	
Liability	-
Total	\$ 105,272,708

The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of those dates.

For the year ended June 30, 2025 the College recognized pension expense of \$12,348,019 and revenue of \$12,348,019 for support provided by the State. Due to the special funding situation noted above related to the Teachers Retirement and Pension Systems, the College did not report deferred outflows of resources and deferred inflows of resources related to the Teachers Retirement and Pension Systems.

#### **Actuarial Assumptions**

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date June 30,2024
Inflation - General 2.50%
Inflation - Wage 3.00%

Salary Increases 3.00% to 22.50% including inflation

Investment Rate of Return 6.80%

Mortality Rates PUB-2010 Generational Mortality

Table with Scale MP-2021 utilizing

fully generational mortality improvement scale

# NOTE 13 RETIREMENT PLANS (MC) (CONTINUED)

#### A. Statewide Retirement Plans (Continued)

# **Teachers Retirement and Pension Systems (Continued)**

#### **Actuarial Assumptions (Continued)**

The economic and demographic actuarial assumptions used in the June 30, 2024 valuation were adopted by the System's Board of Trustees based upon review of the System's experience study for the period 2014 – 2018, after completion of the June 30, 2018 valuations. Assumptions from the experience study included investment return, inflation, COLA increases, mortality rates, retirement rates, withdrawal rates, disability rates, and rates of salary increase were adopted by the College for the first use in the actuarial valuation as of June 30, 2021. As a result, an investment return assumption of 6.80% and an inflation assumption of 3.00% were used for the June 30, 2025 valuation.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-range expected rate of return by weighting the expected future real rates by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the Board after considering input from the System's investment consultant(s) and actuary(s).

For each major asset class that is included in the System's target asset allocation, these best estimates are summarized in the following table:

	2025					
		Long-Term				
	Target	Expected Real				
Asset Class	Allocation	Rate of Return				
Public Equity	34 %	6.00 %				
Credit Opportunity	16	8.50				
Real Return	20	2.40				
Absolute Return	9	5.40				
Rate Sensitive	15	5.50				
Private Equity	6	3.90				
Total	100 %					

The above was the Board of Trustees adopted asset allocation policy and best estimate of geometric real rates for each major asset class as of June 30, 2025.

For the year ended June 30, 2025, the annual money-weighted rate of return on pension plan investments, net of the pension plan expense was 6.89%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### NOTE 13 RETIREMENT PLANS (MC) (CONTINUED)

## A. Statewide Retirement Plans (Continued)

# **Teachers Retirement and Pension Systems (Continued)**

#### Discount Rate

The single discount rate used to measure the total pension liability was 6.80% as of June 30, 2024. This single discount rate was based on the expected rate of return on pension plan investments of 6.80% as of June 30, 2024. The projection of cash flows used to determine these single discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Sensitivity of the Net Pension Liability

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the College's net pension liability, calculated using a single discount rate of 6.80% as of June 30, 2024, as well as what the College's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher for the Employees Retirement and Pension Systems:

	Measure	Measurement Date June 30, 2024								
		Current								
	1% Decrease	Discount Rate	1% Increase							
College's Proportionate Share of										
the Net Pension Liability	<u>\$ 27,281,125</u>	<u>\$ 18,771,267</u>	\$ 11,677,701							

Due to the special funding situation noted above related to the Teachers Retirement and Pension Systems, the College did not record a net pension liability related to the Teachers Retirement and Pension Systems.

#### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued System's financial report that can be obtained at https://sra.maryland.gov/.

# NOTE 13 RETIREMENT PLANS (MC) (CONTINUED)

## **B.** Optional Defined Contribution Plan

Professional employees otherwise eligible to join the State of Maryland Plan may choose instead to join the Optional Retirement Plan administered by the State of Maryland. This plan is a noncontributory defined contribution plan. The plan provides for retirement and death benefits. The plan was established by and can be amended by the State Legislature. The State of Maryland contributes 7.25% of eligible salaries on behalf of the College. For the year ended June 30, 2025, the contributions made by the State of Maryland were \$5,049,171, which has been included as both revenues and expenses in the accompanying Statement of Revenues, Expenses, and Changes in Net Position.

## NOTE 14 POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (MC)

#### General Information about the OPEB Plan

## Plan Description

The College provides postemployment health care, dental and life insurance benefits for retired employees through a defined benefit plan. The plan is accounted for as a trust fund and an irrevocable trust was established on June 16, 2008 to account for the plan. In October 2013, the Board of Trustees resolved to combine the Montgomery College (MCRBP) OPEB Trust Fund with the Montgomery County OPEB Trust Fund (CRHBT). The Consolidated Retiree Health Benefits Trust (CRHBT) is an agent multiple- employer defined healthcare benefits plan. Total assets in excess of \$30 million were transferred over to the County trust fund over a period of months, with the last transfer occurring early in 2014. The Board of CRHBT Trustees has the exclusive authority to manage the assets of the CRHBT. The Board of Trustees consists of 19 trustees. Separate financial statements are issued for the CRHBT and are a part of the financial statements of Montgomery County, Maryland.

#### Eligibility and Membership

In order to be considered "eligible," the retiree must have been enrolled in the College's or another employer's group insurance program for five years prior to retirement and commence receipt of pension/annuity benefits from an MSRS or ORP plan immediately upon termination from the College. ORP annuitants must meet the same age and service retirement eligibility criteria as MSRS participants.

#### Benefits Provided

MCRBP provides healthcare, dental and life insurance benefits for retirees and their dependents. Benefits are provided through a third-party insurer, and the full cost of the benefits is covered by the plan.

# NOTE 14 POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (MC) (CONTINUED)

# General Information about the OPEB Plan (Continued)

#### Employees Covered by Benefit Terms

At June 30, 2025, the following employees were covered by the benefit terms:

	2025
Plan Members or Beneficiaries Currently Receiving	
Benefit Payments	649
Inactive Plan Members Entitled to But Not Yet	
Receiving Benefit Payments	-
Active Plan Members	1,794
Total	2,443

#### Contributions

The College's authority to contribute to other postemployment benefit provisions and obligations is established and may be amended by the Board of Trustees. The College currently pays 40% of health care premiums for employees who meet certain eligibility criteria and who retire with 5 but less than 10 years of service, 60% of premiums for those that retire after 10 years of service, and 20% for certain retirees prior to 1978.

The College contributes 80% of the cost of retiree life insurance. The remaining costs of these benefits are borne by the participants. For the fiscal year ended June 30, 2025, the College contributed \$3,818,414, and the retirees contributed \$2,867,058 in premiums.

#### **Net OPEB Liability**

For the year ended June 30, 2025, the College's net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2024.

# **Actuarial Assumptions**

The total OPEB liabilities were determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

	2025
Valuation Date	July 1, 2024
Inflation	2.50%
Salary Increases	3.00%
Investment Rate of Return	7.50%, Net of OPEB Plan Investment
	Expense, Including Inflation
Healthcare Cost Trend Rates	Pre-65: 8.00% in 2024 with an Ultimate
	Rate of 4.50% in 2062
	Post-65: 7.00% in 2024 with an Ultimate
	Rate of 4.50% in 2062

# NOTE 14 POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (MC) (CONTINUED)

#### **Net OPEB Liability (Continued)**

#### Actuarial Assumptions (Continued)

Mortality rates used in the valuation were based on the PUB-2010 Generational Mortality Table with Scale MP-2021 utilizing participant classifications based on employment category.

The assets of CRHBT are managed by the County. The following target allocation was adopted in the asset allocation policy as of June 30, 2025 by the CRHBT's Board. The long-term expected rate of return on CRHBT plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of geometric real rates of return for each major asset class included in the OPEB plan's target asset allocation as of June 30, 2025, are summarized in the following tables:

	2025		
		Long-Term	
	Target	Expected Real	
Asset Class	Allocation	Rate of Return	
Global Equities	40.00	3.13	
Private Equity	12.00	5.73	
Private Credit	5.00	5.66	
High Yield Bonds	6.50	3.49	
Emerging Markets Debt	1.50	4.03	
Long Duration Fixed Income	2.50	2.08	
U.S. Treasury Bonds	6.50	1.83	
U.S. Investment Grade Coporate Bonds	2.00	2.93	
U.S. TIPS	10.00	1.99	
Diversifying Hedge Funds	5.00	3.63	
Private Real Assets	8.00	5.13	
Cash	1.00	1.24	
Total	100.00 %		

#### Discount Rate

The discount rate used to measure the total OPEB liability was 7.50% for year ended June 30, 2025. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments for current Plan members.

# NOTE 14 POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (MC) (CONTINUED)

Plan Fiduciary Net Position	(101,250,568)	(101,250,568)	(101,250,568)	
Net OPEB Liability	\$ 1,990,371	\$ 15,997,690	\$ 33,406,905	

The condensed financial statements for the OPEB plan trust may be obtained by writing to the Montgomery County Finance Office, 101 Monroe Street #15, Rockville, Maryland 20850.

# OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For June 30, 2025, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	2025		
	Deferred	Deferred	
	Outflows of	Inflows of	
	Resources	Resources	
Differences Between Expected and Actual Experience	\$ 714,684	\$ 4,316,078	
Changes of Assumptions	5,260,016	42,589,103	
Net Difference Between Projected and Actual			
Earnings on OPEB Plan Investments	3,817,315	-	
College Contributions Subsequent to the Measurement			
Date	3,818,414	-	
Total	\$ 13,610,429	\$ 46,905,181	

# NOTE 14 POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (MC) (CONTINUED)

# OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

The amount of \$3,818,414 reported as deferred outflows of resources related to OPEB resulting from College contributions subsequent to the measurement date will be recognized as a reduction in net OPEB liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	Amount
2026	\$ (7,214,468)
2027	(9,219,744)
2028	(10,512,973)
2029	(6,389,528)
2030	(3,163,829)
Thereafter	(612,624)
Total	\$ (37,113,166)

# NOTE 15 STATE AND COUNTY EXPENDITURES (MC)

The County issues general obligation bonds, the proceeds from which are transferred to the College for the purpose of financing acquisition of land, buildings, and equipment. For the year ended June 30, 2025, the County made principal payments of \$20,592,876, and interest payments of \$8,094,676 on these bonds.

The Capital Improvements Program (CIP) for the College is approved biennially by the County. The approval of some projects includes funding from other governmental agencies. All funds transferred to the College for CIP expenditures come directly from the County, with governmental reimbursements made directly by those organizations back to the County for their share of project costs. The amount listed under the Current Asset designation as CIP receivable as of June 30, 2025 is due to the following organizational participation in CIP expenditures:

\$	23.671.494
~	23,671,494
	(14,314,984)
\$	9,356,510
	\$

#### NOTE 16 TUITION WAIVER (MC)

The College waives tuition charges for its programs for any resident of Maryland who is 60 years old or older, when course space is still available, and only during the three days following the end of regular registration. Additionally, the College has a 50% waiver of tuition for eligible Maryland National Guard members and up to 100% for eligible foster care students. Tuition is also waived for any resident of Maryland who is retired or disabled as defined by the Social Security or Railroad Retirement Act and who enrolls in any class at the College which is eligible under Maryland Annotated Code Section 16-403 for State support; and for eligible College employees who can enroll in credit only courses which are outside of the individual's normal working hours. During the year ended June 30, 2025, the College waived \$5,362,755 in credit and \$689,686 in noncredit tuition for senior, disabled, foster care, and National Guard students.

The College offers a tuition waiver program whereby the College waives credit tuition for dependents of eligible College employees. For the fiscal year ended 2025, the College waived \$402,229 for its employees and their dependents. The total tuition amount waived for the College for the fiscal year ended 2025 is \$6,454,670.

#### NOTE 17 INCOME TAX STATUS (MC, PIC MC, AND MCF)

The College is exempt from federal and state income taxes under Section 115 of the Internal Revenue Code, except as to unrelated business income. The College had no unrelated business income for the year ended June 30, 2025.

The Foundation and PIC MC are exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code and related state statutes, except as to unrelated business income. The Foundation and PIC MC had no unrelated business income for the year ended June 30, 2025.

The Foundation and PIC MC follow accounting guidance related to Accounting for Uncertainty in Income Taxes, which provides guidance on recognition, classification, and disclosure concerning uncertain tax liabilities. The evaluation of a tax position requires disclosure of a tax liability if it is more likely than not that it will not be sustained upon examination by the Internal Revenue Service. Management has analyzed the Foundation and PIC MC's tax positions, and has concluded that as of June 30, 2025, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements.

#### NOTE 18 RISK MANAGEMENT - SELF-INSURANCE (MC)

The College, as a component unit of the County, participates in the County's self-insurance risk pool for liability and property coverage and maintains its own self-insurance pool for health and dental benefits. The College and the County account for risk financing activities in accordance with GASB No. 10, entitled *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*.

The Montgomery County Self-Insurance Program is maintained for liability and property coverage under which participants share workers' compensation, comprehensive general, automobile, and professional liability, fire and theft, and other selected areas which require coverage. There have been no significant reductions in this insurance coverage from the previous year. Commercial coverage is purchased for claims in excess of coverage by the self-insurance fund and for other risks not covered by the fund. Settled claims have not exceeded commercial coverage in the past three years. Other program participants are qualifying County government agencies. An inter-agency insurance panel is responsible for overseeing the program. This program offers overall risk management and cost sharing for all participants. In the event that the program's trust or escrow funds fall into a deficit, the program panel shall determine a method to fund the deficit. The program can assess additional premiums to each deficit-year participant.

Premiums are charged to the appropriate College fund with no provision made for any additional liability in addition to premiums, unless assessed by the program. As of June 30, 2025, there was no deficit in the trust or escrow funds and no additional assessments have been made.

The College is self-insured for health and dental benefits provided to its employees. To protect itself against significant losses, the College has stop-loss policies in place for individual participant claims in excess of \$300,000 per year and aggregate annual participant claims in excess of 125% of premium. The College has a contract with an administrative service provider to process participant claims under these programs. Liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Because actual claim liabilities depend on such complex factors as inflation, changes in legal doctrines and damage awards, the process used in computing claims liabilities does not necessarily result in an exact amount. Claims liabilities are reevaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. Changes in the balance of claims payable relative to the health and dental self-insurance fund for the year ended June 30, 2025 are as follows. Claims liabilities are included in accounts payable and accrued expenses on the Statements of Net Position.

Balance June 30, 2024	1,504,000
Claims and Changes in Estimates	20,540,046
Claims Payments	(20,274,046)
Balance June 30, 2025	\$ 1,770,000

#### NOTE 19 COMMITMENTS AND CONTINGENCIES (MC AND MCF)

#### **Multi-Purpose Contracts (MC)**

The College has entered into several multi-purpose contracts that improve and support the operational and infrastructure functionality of the College expiring in 2030. At June 30, 2025, payments for the contract agreements and purchase agreements for the next five years are as follows:

Year Ending June 30,	Amount
2026	\$ 33,081,454
2027	11,417,343
2028	371,844
2029	185,715
2030	140,000_
Total	\$ 45,196,356

# Construction in Progress Contracts (MC)

As of June 30, 2025, there were uncompleted contracts amounting to \$7,999,341 for construction activity at all campuses. Retainage on construction contracts is not included in this amount, but is shown in the financial statements within accounts payable.

# Legal (MC)

The College currently is the defendant in four legal actions pending as of the issuance of these financial statements. It is the opinion of the College's management, after conferring with legal counsel, that the liability, if any, which might arise from these lawsuits would not have a material adverse effect on the College's financial position.

#### **Contingencies (MC)**

Montgomery County and the State of Maryland provide significant resources to the College and as such, the economic condition of the state and local region has a major bearing on the future economic health of the College. Both governments continue to evaluate the financial impacts and revisions necessary to their financial projections, however, it is impossible to predict with certainty what future adjustments to the College's revenue may ensue.

## NOTE 20 FAIR VALUE (MC AND MCF)

The College and Foundation categorizes their fair value measurements within the fair value hierarchy established by generally accepted accounting principles, as follows:

Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets.

#### NOTE 20 FAIR VALUE (MC AND MCF) (CONTINUED)

Level 2 – Valuations based on quoted prices for similar assets or liabilities in active markets or identical assets or liabilities in less active markets, such as dealer or broker markets.

Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer, or broker-traded transactions.

The asset or liability's measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

#### Assets at Fair Value (MCF)

As of June 30, 2025 assets measured at fair value on a recurring basis are summarized by level within the fair value hierarchy as follows:

	2025			
				Total
	Level 1	Level 2	Level 3	Fair Value
Mutual Funds, by Type:				
Alternatives	\$ 3,524,811	\$ -	\$ -	\$ 3,524,811
Equity	28,938,473	-	-	28,938,473
Fixed Income	10,006,179	-	-	10,006,179
Real Estate	216,169	-	-	216,169
Subtotal	42,685,632	-	-	42,685,632
Assets Held for Charitable Gift Annuities:				
Mutual Funds, by Type:				
Alternatives	7,116	-	-	7,116
Equity	49,506	-	-	49,506
Fixed Income	14,959	-	-	14,959
Subtotal	71,581			71,581
Total Assets, at Fair Value	\$ 42,757,213	\$ -	\$ -	\$ 42,757,213

#### **Liabilities at Fair Value (MCF)**

Annuity obligations – the fair value of the Foundation's annuity obligations is based on the net present value of the anticipated benefit. As benefit payments are made, the liability is adjusted based on an amortization schedule.

Liabilities for charitable gift annuities are classified as follows at June 30, 2025:

		2025							
								Total	
	Lev	Level 1		Level 2		Level 3		Fair Value	
Annuity Obligations, at	<u>-</u>	<u>.</u>							
Fair Value	\$		\$		_\$	666,266	\$	666,266	

# NOTE 21 NET ASSETS WITH DONOR RESTRICTIONS (MCF)

Net assets with donor restrictions are restricted for the following purposes or periods.

		2025
Subject to Expenditure for Specific Purpose:		
General Use Programs	\$	4,752,701
Scholarships		4,694,437
Annuity Funds		39,403
Total		9,486,541
Endowments:		
Subject to Appropriation and Expenditure:		
General Use Programs		4,586,365
Scholarship		5,495,263
Total		10,081,628
Amounts Required to be Maintained in Perpetuity:		
Scholarship		23,974,233
General Use Programs		9,198,118
Student and Faculty Support		118,692
Total		33,291,043
Total Endowments		43,372,671
Total Net Assets with Donor Restrictions	<u>\$</u>	52,859,212

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by occurrence of the passage of time or other events specified by the donors as follows for the year ended June 30, 2025:

	 2025
Satisfaction of Purpose Restrictions:	
General Use Programs	\$ 1,566,709
Scholarship	3,328,103
Total Satisfaction of Purpose Restrictions	\$ 4,894,812
Total Net Assets Released from Restrictions	\$ 4,894,812

### NOTE 22 ENDOWMENT (MCF)

The Foundation's endowment consists of 371 individual funds established for a variety of purposes. As required by accounting principles generally accepted in the United States of America (GAAP), net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

# NOTE 22 ENDOWMENT (MCF) (CONTINUED)

# **Interpretation of Relevant Law**

The Board of Directors of the Foundation has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund.
- 2) The purposes of the Foundation and the donor-restricted endowment fund.
- 3) General economic conditions.
- 4) The possible effect of inflation and deflation.
- 5) The expected total return from income and the appreciation of investments.
- 6) Other resources of the Foundation.
- 7) The investment policies of the Foundation.

### **Return Objectives and Risk Parameters**

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets consist of those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period(s). Under this policy, as approved by the Board of Directors, the investment return objective is to attain (1) an average annual total return of CPI plus 5% (nominal return net of investment management fees) over the long term (up to a rolling five-year period); and (2) a passive blended benchmark that is reflective of the portfolio guidelines. The goal is to combine various asset classes to achieve diversification and at the same time balance the risk and return. Actual returns in any given year may vary from this amount.

### **Strategies Employed for Achieving Objectives**

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

# NOTE 22 ENDOWMENT (MCF) (CONTINUED)

# Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation has a policy of appropriating for distribution each year up to 5.0% of its endowment fund's average fair value over the prior 12 quarters, through March 31, of the preceding fiscal year in which the distribution is planned. In establishing this policy, the Foundation considered the long term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow at a moderate annual rate. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

The Foundation had the following changes in the endowment net assets for the fiscal year ended June 30, 2025:

			2	2025		
	V	Vithout				
	ı	Donor	With	Donor		
	Res	strictions	Rest	trictions		Total
Endowment Net Assets - Beginning of Year	\$	8,681	\$ 39	,566,258	\$	39,574,939
Contributions		-	1,	,707,103		1,707,103
Appropriations of Endowment Assets for Expenditures			(1,	,667,363)		(1,667,363)
<b>Endowment Net Assets After Contributions</b>						
and Expenditures		8,681	39	,694,998		39,614,679
Net Investment Return		29,989	3,	,677,673	_	3,707,662
Subtotal		38,670	43	,372,671		43,322,341
Endowment Net Assets - End of Year	\$	38,670	\$ 43	,372,671	\$	43,322,341

The donor-restricted endowment balances above include pledges receivables of \$690,430 for the year ended June 30, 2025. The endowment assets are primarily comprised of the Foundation's investments as detailed in Note 3. The remaining endowment assets are comprised of cash.

The Foundation maintains a general endowment, where the donors have specified all earnings are without donor restrictions for general Foundation operations. Accumulated earnings without donor restrictions of \$-0- were transferred to the Foundation's Without Donor Restrictions Fund on June 30, 2025.

# **Funds with Deficiencies**

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or SPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature that are reported in net assets without donor restrictions were \$-0- as of June 30, 2025.

### NOTE 23 PROGRAM SERVICE DESCRIPTIONS (MCF)

### **Scholarships**

Scholarships are established by donors' contributions and are awarded to students who have met the donors' imposed restrictions. During the 2018-2019 academic year, Montgomery College began competing at the Division I and Division II levels of the National Junior College Athletic Association. As a result, the Foundation is now providing athletic scholarships.

### **Student Athletics**

The Student Athletics program is a designated program established for use by the College's athletic department. The program reimburses the athletic department for certain expenses incurred during the year.

### **Student and Faculty Support**

The Student and Faculty Support program distributes grants and awards to deserving individuals and academic programs. This program also includes noncash donations received which are subsequently given to the College. Noncash donations for fiscal year 2025 were valued at \$340,722 and are included in Other Noncash Contributions on the statements of activities.

# NOTE 24 BLENDED COMPONENT UNIT (MC)

The College's blended component unit, PIC MC's Condensed Statements of Net Position and Condensed Statements of Revenues, Expenses, and Changes in Net Position as of June 30, 2025 and for the year then ended are as follows:

	2025
Assets:	
Cash and Cash Equivalents	\$ 450,494
Interest Receivable	82,325
Lease Receivable	4,413,297
Current Investments	6,411,780
Intangible Asset	284,319
Total Assets	11,642,215
Liabilities:	
Accounts Payable and Accrued Liabilities	29,080
Current Unearned Revenue	63,462
Noncurrent Unearned Revenue	5,367,807
Deferred Inflows of Resources and Net Position:	
Leases	4,530,434
Unrestricted Net Position	1,651,432
Total Liabilities, Deferred Inflows, and Net Position	11,642,215
Revenue:	
Land Lease Income	109,695
Investment and Interest Income	685,611
Unrealized Gains	194,128
Total Revenue	989,434
Expenses:	
Contracted Services	226,229
Other	119,463
Professional Fees	26,076
Total Expenses	371,768
Increase in Net Position	617,666
Net Position - Beginning of Year	1,033,766
Net Position - End of Year	\$ 1,651,432

#### NOTE 25 ACCOUNTING CHANGES AND ERROR CORRECTIONS (MC)

During Fiscal year 2025, Montgomery College adopted GASB Statement No. 101 (GASB 101) entitled, Compensated Absences. As a result of the implementation of GASB Statement No. 101, the College reported a restatement for the change in accounting principle, resulting in a reduction of \$1,366,145 to Net Position in FY2024 driven by an increase to Compensated Absence liability. In addition, there was an increase to Compensated absence expense in FY24. The effect of the change in accounting principle is reflected in column (A) below.

	Balances as Previously Stated as of lune 30, 2024	A	ljustment for change in Accounting Principle(A)	Balances as Restated as of June 30, 2024					
Net Investment in Capital Assets	\$ 631,127,132	\$	-	\$	631,127,132				
Restricted Net Position	4,504,703		(14,772)		4,489,931				
Unrestricted Net position	 32,804,799		(1,351,373)		31,453,426				
Net Positions Ending balance	\$ 668,436,635	\$	(1,366,145)	\$	667,070,489				

### NOTE 26 SUBSEQUENT EVENTS (MC AND MCF)

Management evaluated subsequent events through September 25, 2025, the date the financial statements were available to be issued. Events or transactions occurring after June 30, 2025, but prior to September 25, 2025, that provided additional evidence about conditions that existed at June 30, 2025, have been recognized in the financial statements for the year ended June 30, 2025. Events or transactions that provided evidence about conditions that did not exist at June 30, 2025, but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended June 30, 2025.

#### NOTES TO SCHEDULE

Valuation Date: Actuarially determined contribution rates are calculated as of June 30, one year prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method Projected unit credit with 30-year open amortization period for unfunded accrued liability

Amortization Method Actuarial changes amortized over future working lifetime

Amortization Period 30 years Asset Valuation Method Market value

Inflation 2.50%

Healthcare Cost Trend Rates

Pre-65: 8% for 2022 with an ultimate rate of 4.50% in 2062
65+: 7% for 2022 with an ultimate rate of 4.50% in 2062

Salary Increases

Investment Rate of Return 7.50%, net of OPEB plan investment expense, including inflation

Retirement Age Participants are assumed to retire at various likelihoods beginning with 5% at age 55 and ending with 100% at age 70.

Mortality PUB-2010 Generational Mortality Table with Scale MP-2021 utilizing "teachers" and "general" classifications per participant based on employment category

<sup>\*</sup>The information for the 2022 actuarially determined contribution and the related data will become available upon completion of the next actuarial valuation.

<sup>\*\*</sup>Information prior to fiscal year 2017 was not available and the College will accumulate each year until 10 years of data becomes available.

# MONTGOMERY COLLEGE NOTES TO REQUIRED SUPPLEMENTARY INFORMATION YEAR ENDED JUNE 30, 2025

### STATE OF MARYLAND RETIREMENT AND PENSION SYSTEM

### NOTE 1 CHANGES IN BENEFIT TERMS

There were no benefit changes during the year.

### NOTE 2 CHANGES IN ASSUMPTIONS

Adjustments to the roll-forward liabilities were made to reflect the following assumptions in the 2024 valuation:

- Inflation assumptions changed from 2.25% general to 2.5%, and 2.75% wage to 3% wage.
- Salary increase assumption from 3% to 22.5%.
