COURSE MATERIALS AUTO-FULFILLMENT

SLINGSHOT CHOICE PROGRAM

Auto-fulfillment of required course materials began **August 17** for all registered credit students.

Students can pick up their materials in-store, at the distribution hubs, or have them delivered.

Students are billed on their student account and can leverage financial aid.

COURSE MATERIALS AUTO-FULFILLMENT

PROGRAM BENEFITS

Convenience – Digital materials are provided on or before the first day of class via the Slingshot Student Portal. Print materials can be picked up at the campus store and distribution hubs.

Student success – All credit students will have access to required materials on day one which helps them stay on track, participate fully, and keep up with coursework.

Simplified billing and predictability – Students know the cost of materials ahead of time. This billing integration makes it easier to use financial aid, sponsor billing, or payment plans.

Easy to opt out – Students can choose to purchase materials elsewhere by opting out, without needing to repeat the process each term.

FACULTY BOOK ORDERS

ACCURATE BOOK ORDERS & STUDENT SUPPORT

Timely submission of course materials per semester.

Review your course materials for accuracy.
