

28th Leadership Development Institute

The LDI returns to MC! After a year's hiatus, the Leadership Development Institute returns for the 28th year. This return also debuts a new approach in that the LDI will be offered online.

The LDI program began in 1992 and has been offered annually since that time (except in 2020-2021 when the pandemic occurred), making it a signature program of MC. The LDI promotes the philosophy that people lead from where they are and, therefore, focuses on the participants' self-awareness of personality, vision, influencing, building relationships, and interactions with others.

The cohort is open to all MC employees—faculty, staff, and administrators—and meets for nine classes during the academic year. The program ends with each participant presenting his or her project that was self-selected and developed throughout the year prior to the graduation ceremony.

Since 1992, 610 employees have graduated from the LDI with increased self-awareness and self-confidence, an increased network of colleagues and a sense of team bonding. The LDI always has and continues to be a program that promotes a one-college view, enhancing employees' abilities to contribute to student success. Be a part of the experience!
