Information Literacy Library Instruction

Librarian-led class sessions to facilitate student understanding of the need for and how to use reliable research resources effectively

Sessions can be flipped or traditional and can be delivered on campus or online to accommodate classes

A variety of tutorials and videos on many library and research concepts are available to incorporate into your course content or assignments

Helps students develop critical thinking skills

Request a session online:
<https://library.montgomerycollege.edu/faculty-support/instruction-request.html>

General Education Information Literacy Rubric

Updated in March 2022 and applies to all GenEd courses

Librarians are happy to assist you with incorporating learning activities for any of the categories (Research, Use, Evaluate, Attribute)

Faculty should feel free to make an appointment with a librarian - “research” appointments are not just for students.

Any faculty can also take advantage of this, not just GenEd faculty - Information literacy is a set of skills that all MC students should continue to develop for their college coursework and their personal lives

[Research Skills Guides](#) and [Tutorials, Videos, and Quizzes](#) already exist that address many of these skills and are an easy way to incorporate into your class

Blackboard Embedded Course/Subject Research Guides

- Tailored content for up to date, one stop research for your students
- Content comes from collaboration between faculty and librarians
 - Want something added? Reach out to your discipline liaison librarian team!
- Blackboard Original or Ultra

Technology and Finding Help

Technology in the Library

- Macs and PCs
 - Students log into the computers by their M# and last name. The sessions are for 2-hour blocks of time, for a maximum time of 6 hours per day.
 - **We strongly encourage students to use a USB drive or cloud storage to save their work!**
- Laptops for in-library use
- Scanners (including high-speed overhead)
- One Button Studio

Artificial Intelligence

@ MONTGOMERY
COLLEGE LIBRARY

MC Library and Artificial Intelligence

- MC Library has created an online guide to Artificial Intelligence (AI) to help the MC community understand what AI is and strategies for using it effectively and appropriately in an academic setting.
 - The guide also includes information about common concerns and considerations when using AI, including bias, misinformation, and hallucinations.
 - <https://libguides.montgomerycollege.edu/ai>
- Students or faculty can get help using AI, including confirming and citing sources, by visiting any campus library or calling, texting, chatting, or booking an appointment with a librarian.

Finding Help

"Ask Us"

[https://libfaqs.montgomerycollege.edu/
u/](https://libfaqs.montgomerycollege.edu/)

- 24/7 web chat
- Visit a library - librarians available during regular operating hours (until 8 PM Monday-Thursday)
- Appointments, for students and faculty, in person or Zoom
- FAQs
- Text a question, 240-654-1728

A close-up photograph of a grey and white tabby cat with striking blue eyes. The cat is peering out from a brown paper bag, with its face framed by the torn edges of the paper. The lighting is soft and focused on the cat's face, creating a warm and intimate atmosphere. The background is blurred, showing a wooden surface and a light-colored wall.

What's in Your Packet?

Recap of the Most Important Points!

The MC Library is more than books and MC has EXTENSIVE resources to help students to succeed

- Can be overwhelming, so point your students to librarians!
- Don't forget to reach out yourself - we are here to help

Many asynchronous tools already exist that address **information literacy skills** for your students - ask us about them

- We also love to instruct students live, online or in person - fill out the instruction request form ASAP to schedule a session!

We want to work with you - we welcome your input for materials and resources, as well as tailoring our guides to help your students succeed.

We need your help to reach students - please remember we have textbooks and research assistance available for students, and refer them to us!

Questions?

Thank you
and
Good luck at
MC!
